## **Far Enemy Why Jihad Went Global:**

**The Far Enemy**, 2005 Since 9 11 Al Qaeda has been portrayed as an Islamist front united in armed struggle or jihad against the West Fawaz Gerges argues that Al Qaeda represents a minority whose strategies have been opposed by religionist nationalists thus creating a rift that led to the events of 9 11 **The Far Enemy** Fawaz A. Gerges, 2005-09-05

Analyses the rift in the jihadist movement that led to the events of 9 11 **Fault Lines in Global Jihad** Assaf Moghadam, Brian Fishman, 2011-05-10 This book deals with the causes nature and impact of the divisions within the jihadi movement and the splits between jihadis and other Islamic groups Fault Lines in Global Jihad offers a systematic and comprehensive examination of the broad range of divisions that contribute to the weakening of the jihadi movement It separates these divisions into two broad categories namely fissures dividing jihadis themselves and divisions separating jihadis from other Muslim and Islamist groups The first part of the book covers intra jihadi divisions highlighting tensions and divisions over strategic tactical and organizational issues The second part of the book addresses several important case studies of jihadi altercations with other Muslim and Islamist groups of non jihadi persuasion such as the Muslim Brotherhood Hamas and the Shii community More than simply an enumeration of problems and cracks within al Qaeda and its cohorts this book addresses critical policy issues of relevance to the broader struggle against the global jihadi movement The editors conclude that these divisions have and continue to weaken al Qaeda but neither in an automatic nor in an exclusive fashion for these divisions render the global jihadi movement simultaneously vulnerable and more resilient This book will be of much interest to students of jihadism terrorism and political violence Islamism security studies and IR in general **Global Jihadist Terrorism** Paul Burke, Doaa' Elnakhala, Seumas Miller, 2021-04-30 This insightful book provides a unified repository of information on jihadist terrorism Offering an integrated treatment of terrorist groups zones of armed conflict and counter terrorism responses from liberal democratic states it presents fresh empirical perspectives on the origins and progression of conflict and contemporary global measures to combat terrorist activity **Why Terrorist Groups Form International Alliances** Tricia Bacon, 2018-04-04 Terrorist groups with a shared enemy or ideology have ample reason to work together even if they are primarily pursuing different causes Although partnering with another terrorist organization has the potential to bolster operational effectiveness efficiency and prestige international alliances may expose partners to infiltration security breaches or additional counterterrorism attention Alliances between such organizations which are suspicious and secretive by nature must also overcome significant barriers to trust the exposure to risk must be balanced by the promise of increased lethality resiliency and longevity In **Why Terrorist Groups Form International Alliances** Tricia Bacon argues that although it may seem natural for terrorist groups to ally groups actually face substantial hurdles when attempting to ally and when alliances do form they are not evenly distributed across pairs Instead she demonstrates that when terrorist groups seek allies to obtain new skills knowledge or capacities for resource acquisition and mobilization only a few groups have the ability to

provide needed training safe haven infrastructure or cachet Consequently these select few emerge as preferable partners and become hubs around which other groups cluster According to Bacon shared enemies and common ideologies do not cause alliances to form but create affinity to bind partners and guide partner selection Bacon examines partnerships formed by the Popular Front for the Liberation of Palestine Al Qaida and Egyptian jihadist groups among others in a series of case studies spanning the dawn of international terrorism in the 1960s to the present Why Terrorist Groups Form International Alliances advances our understanding of the motivations of terrorist alliances and offers insights useful to counterterrorism efforts to disrupt these dangerous relationships

**Radicalization and De-Radicalization between National and Global Jihadism** Sara Brzuszkiewicz,2023-12-11 At the turn of the Twenty first century a number of violent jihadi groups laid down their arms as in the case of Egypt and Libya Many of those former fighters ceased actual violence and some of them took a step forward initiating processes of ideological de radicalization and doctrinal changes that deeply transformed their stance towards the State and active confrontation How was it possible for those groups to disengage and de radicalize Why doesn t this happen again among other contemporary jihadists Sara Brzuszkiewicz argues that the answer is simple yet quite pessimistic those who de radicalized were national jihadists Once jihad goes global it is no longer possible for an organic process of collective and political de radicalization to happen Radicalization and de radicalization between national and global jihadism From the first Egyptian national jihadists to Al Qaeda retraces the trajectory of the jihadists who de radicalized and of those who went global and measures the role of national jihadism and its characteristics in making de radicalization a viable option

**Ten Years After 9/11 - Rethinking the Jihadist Threat** Arabinda Acharya, 2013-03-05 Ten years after the 9/11 attacks this book reassesses the effectiveness of the War on Terror considers how al Qaeda and other jihadist movements are faring explores the impact of wider developments in the Islamic world such as the Arab Spring and discusses whether all this suggests that a new approach to containing international especially jihadist terrorism is needed Among the book's many richly argued conclusions are that the War on Terror and the invasions of Afghanistan and Iraq have brutalised the United States that the jihadist threat is not one but rather a wide range of separate unconnected struggles and that al Qaeda's ideology contains the seeds of its own destruction in that although many Muslims are content to see the United States worsted they do not approve of al Qaeda's violence and are not taken in by the jihadists empty promises of utopia
