## **Farewell To Arms Beyond The Good Friday Agreement:**

**A Farewell to Arms?** Michael Cox, Adrian Guelke, Fiona Stephen, 2006-04-18 This comprehensive and original study is the first to explain in detail how the Good Friday Agreement ran into trouble why we are still some way from a final settlement but why a return to war is most unlikely even in an age where global terror now threatens world order more seriously than at any time in the past This new edition of an established authoritative text will be essential reading for students researchers and academics of Irish politics conflict and peace studies and international relations *US diplomacy and the Good Friday Agreement in post-conflict Northern Ireland* Richard Hargy, 2025-06-03 Richard Haass and Mitchell Reiss as autonomous diplomats in the George W Bush State Department were able to alter US intervention in Northern Ireland and play critical roles in the post 1998 peace process Their contributions have not been fully appreciated or understood The restoration of Northern Ireland's power sharing government in 2007 was made possible by State Department led intervention in the peace process There are few references to Northern Ireland in work examining the foreign policy legacy of the George W Bush presidency Moreover the ability to control US foreign policy towards the region brought one of George W Bush's Northern Ireland special envoys into direct diplomatic conflict with the most senior actors inside the British government This book will uncover the extent of this fall out and provide original accounts on how diplomatic relations between these old allies became so fraught *Strained Peace: Northern Ireland from Good Friday to Brexit* Amanda Hall, 2024-09-30 As the United Kingdom continues to grapple with the aftermath of Brexit one corner of the Union has remained caught in the crosshairs Northern Ireland has been the subject of renewed scrutiny since 2016 as efforts to leave the European Union come up against the terms of the Good Friday Agreement and threaten the region's hard won peace The reasons for these challenges can be traced back to the Agreement itself as the negotiated settlement and its immediate aftermath set in place a strained peace This book examines the function and dysfunction of peace after 1998 to explain why its endurance cannot be taken for granted Strained peace stands apart from the traditional peace violence binary Structures of conflict and patterns of division are reiterated in the structures of peace Tensions might relax just as they might be inflamed by new challenges but the threat of a return to violence is never fully gone This book explores how such a condition developed between Good Friday and Brexit addressing variations in the quality of peace in the insecurity of official structures at Stormont the shifting role of community groups and the third sector and the adaptation of culture as a culture war replaced physical violence on the streets *The Internal Implementation of Peace Agreements after Violent Intrastate Conflict* Arist von Hehn, 2011-08-11 This book is at heart a guide on how to best approach the management of an internally led peace implementation process after a violent intrastate conflict It explains the principal tasks legal framework and management implications of internal peace implementation and illustrates this with many examples of best practice as well as possible pitfalls The book integrates a broad analysis of current academic research with a substantial number of

interviews with experts from the field With a foreword by Nobel Peace Prize Laureate President Martti Ahtisaari *Applying an International Human Rights Framework to State Budget Allocations* Rory O'Connell,Aoife Nolan,Colin Harvey,Mira Dutschke,Eoin Rooney,2014-01-10 Human rights based budget analysis projects have emerged at a time when the United Nations has asserted the indivisibility of all human rights and attention is increasingly focused on the role of non judicial bodies in promoting and protecting human rights This book seeks to develop the human rights framework for such budget analyses by exploring the international law obligations of the International Covenant on Economic Social and Cultural Rights ICESCR in relation to budgetary processes The book outlines international experiences and comparative practice in relation to economic and social rights budget analysis and budgeting The book sets out an ICESCR based methodology for analysing budget and resource allocations and focuses on the legal obligation imposed on state parties by article 2 1 of ICESCR to progressively realise economic and social rights to the maximum of available resources Taking Northern Ireland as a key case study the book demonstrates and promotes the use of a rights based approach in budgetary decision making The book will be relevant to a global audience currently considering how to engage in the budget process from a human rights perspective It will be of interest to students and researchers of international human rights law and public law as well as economic and social rights advocacy and lobbying groups *Spoiling the peace?* Sophie Whiting,2015-07-01 This book assesses the security threat and political challenges offered by dissident Irish republicanism to the Northern Irish peace process Dissident republicanism ranges from those who consider armed struggle to be an essential element of any republican campaign to political reformers and campaign groups The book charts the divisions in republicanism following the evolution of Sinn F in into constitutional politics leaving a rump of militants Using in depth interviews and access to a range of organisations it has been possible to explore the origins strategy and goals of the various strands of republicanism evident in Northern Ireland today This book considers the impact of various dissident groupings and their tactics within a post Good Friday Agreement context and places armed republicanism in Northern Ireland within the broader debate on counter terrorism after 9 11 Northern Ireland after the troubles Colin Coulter,Michael Murray,2013-01-18 In the last generation Northern Ireland has undergone a tortuous yet remarkable process of social and political change This collection of essays aims to capture the complex and shifting realities of a society in the process of transition from war to peace The book brings together commentators from a range of academic backgrounds and political perspectives As well as focusing upon those political divisions and disputes that are most readily associated with Northern Ireland it provides a rather broader focus than is conventionally found in books on the region It examines the cultural identities and cultural practices that are essential to the formation and understanding of Northern Irish society but are neglected in academic analyses of the six counties While the contributors often approach issues from rather different angles they share a common conviction of the need to challenge the self serving simplifications and choreographed optimism that frequently define both official discourse and media

commentary on Northern Ireland Taken together the essays offer a comprehensive and critical account of a troubled society in the throes of change

*Female Combatants after Armed Struggle* Niall Gilmartin,2018-12-07 This book stems from a simple feminist curiosity that can be succinctly summed up into a single question what happens to combatant women after the war Based on in depth interviews with 40 research participants mostly former combatants within the Irish Republican Army IRA this book offers a critical exploration of republican women and conflict transition in the North of Ireland Drawing on the feminist theory of a continuum of violence this book finds that the dichotomous separation of war and peace within conventional approaches represents a gendered fiction Despite undertaking wartime roles that were empowering agentic and subversive this book finds that the post conflict moment as experienced by female combatants represents not peace and security but a continuity of gender discrimination violence injustice and insecurity The experiences and perspectives contained in this book challenge the discursive deployment of terms such as post conflict peace and security and moreover shed light on the many forms of post war activism undertaken by combatant women in pursuit of peace equality and security The book represents an important intervention in the field of gender political violence and peace and more specifically female combatants and conflict transition It is analytically significant in its exploration of the ways in which gender operates within non state military movements emerging from conflict and will be of interest to students and scholars alike

Criminogenic Contexts of War 2 Violence and Victimization at War 3 Violence War and Security 4 Perpetrators of Violence and the Aftermath of War and 5 Cultural and Methodological Developments for a Criminology of War Edited by two leading experts in the field this Handbook provides an original point of reference on the contemporary debates and applications of criminology and war and will be a key resource for academics and students across criminology international relations critical military studies military sociology peace studies and law      Exploring British Politics Mark Garnett, Philip Lynch, 2014-06-03 Concise comprehensive and accessible Exploring British Politics presents an insightful approach to British politics with a special emphasis on developments since the 2010 general election and the formation of Britain's first coalition government since 1945 Designed to stimulate critical analysis and provoke lively debate it provides new perspectives on two key themes the health of British democracy and the transition from traditional models of government to more flexible forms of governance      **Brexit and the Political Economy of Ireland** Paul Teague, 2021-05-03 The UK's departure from the EU has profoundly affected the politics and economics of Northern Ireland Brexit has shattered a political accommodation that was taking shape in the region that involved nationalism and unionism refraining from aggressively pursuing their own objectives or making excessive demands on each other Economically it has made the task of building an innovative economy in the region immeasurably more difficult Without radical change Northern Ireland is destined to be an economic outhouse of an under performing UK economy This book represents the first systematic study of the impact of Brexit on the political and economic future of Northern Ireland and Ireland It provides a detailed assessment of the consequences of the Belfast Agreement and highlights how Brexit imperils the advances that have been made since its signing in 1998 It makes a dispassionate assessment of the changes that may be necessary to create a stronger Northern Ireland economy On the one hand demands for the immediate unification of Ireland that are now being made loudly and persistently by nationalists and republicans are considered too precipitous The two economies on the island are not yet ready for Irish unity On the other hand the book argues the case for a radical reorientation of the Northern Ireland economy through the incremental creation of an all Ireland economy The book cuts through the rhetoric that characterizes so much discussion about the Northern Ireland economy and provides a hard headed appraisal of not only its structure and performance but also the economic feasibility of Irish unity      **Conflict at the Interface** Bert Preiss, 2020-02-18 More than two decades after the Northern Ireland peace agreement conflict still flares between deprived Protestant Unionist Loyalist and Catholic Nationalist Republican working class interface communities who remain divided by numerous peace walls In light of Brexit the Irish border issue and the power sharing impasse progress in local peacebuilding has stalled This might even jeopardise the overall peace process Within this context this book explores largely empirically the nature and causes of conflict at the interface An attempt is also made to provide an outlook on peace in Northern Ireland and to highlight potential lessons for other conflict ridden divided societies      *Criminal Justice in Transition* Anne-Marie McAlinden, Clare Dwyer, 2015-11-12 This

book represents a critical examination of key aspects of crime and criminal justice in Northern Ireland which will have resonance elsewhere It considers the core aspects of criminal justice policy making in Northern Ireland which are central to the process of post conflict transition including reform of policing judicial decision making and correctional services such as probation and prisons It examines contemporary trends in criminal justice in Northern Ireland and various dimensions of crime relating to female offenders young offenders sexual and violent offenders community safety and restorative justice The book also considers the extent to which crime and criminal justice issues in Northern Ireland are being affected by the broader processes of policy transfer globalisation and transnationalism and the extent to which criminal justice in Northern Ireland is divergent from the other jurisdictions in the United Kingdom Written by leading international authorities in the field the book offers a snapshot of the cutting edge of critical thinking in criminal justice practice and transitional justice contexts
