Bureau of the Budget. Library,1971 Progressive Post-Keynesian Economics Jesper Jespersen,Finn Olesen,2019 This book is devoted to the progression of Post Keynesian economics taking stock of the previous 10 years of persistent imbalances in many dimensions of macroeconomic reality This has given inspiration to Post Keynesian scholars to make innovative contributions in areas like methodology macroeconomic modelling and teaching One challenge discussed in several chapters is how to model a complex macro system where microeconomic uncertainty is increasing This aspect is elaborated in a number of contributions which focus on the role of the financial sector and financialization for macroeconomic disruptions Additional chapters deal with teaching and the use of case studies for a better understanding of the real world economy **Leveraging the Private Sector** Cary Coglianese,Jennifer Nash,2010-09-30 Leveraging the Private Sector offers the first sustained analysis of public and private sector initiatives designed to encourage firms and industries to use their own management expertise to improve their environmental performance Cary Coglianese and Jennifer Nash bring together original empirical studies by the nation s leading experts on recent public and private sector experiments Do management based strategies lead to improved environmental outcomes What kinds of strategies hold the most promise Leveraging the Private Sector addresses these questions through studies of state pollution prevention planning laws private sector purchasing requirements and federal risk management regulations among others The contributors show that efforts to leverage private sector experience and knowledge can have a distinctive contribution in the future of environmental protection Ultimately a firm s broader management practices shape its environmental performance Public and

private sector strategies that seek to influence these practices directly can help bring about further environmental improvements This book breaks new ground by investigating a new and promising approach for advancing the economy and the environment *National Library of Medicine Current Catalog* National Library of Medicine (U.S.),1972 First multi year cumulation covers six years 1965 70 *Environmental Economics* Barry C.
