Learning the ABCs Rev. David M. Brown, 2019-07-08

Learning the ABCs Apologetics: the Bible and Creation is a source of information that has taken the author nearly forty-four years to accumulate. The word apologetics comes from the Greek word *apologia*, which means one capable of a strong defense. This book offers that ability to every reader to become a strong defender. That strong defense is against those who would have us disbelieve in the Bible stories, events, prophecies, and overall accuracy of the Bible. Archaeology has progressed tremendously in the last seventy years, especially in the field of biblical archaeology. It is estimated that there are now over 6,500 discoveries in this field, verifying, illuminating, or bearing evidence for many of the people, places, stories, and events mentioned in the Bible. Yet when I ask most Christians to name three, they cannot. The same thing is now being found in science. There are vast amounts of discoveries, most coming from secular science, proving the fallibility and inaccuracies of evolution and the big bang. Tremendous evidence is coming forth in genetics, proving dinosaurs are less than ten thousand years old, genetics proving man being here only about six to seven thousand years, that we didn't evolve from monkeys over millions of years, and more. Yet most Christians are not privy to this information. Hosea 4:6 says, "My people are destroyed for lack of knowledge. I find this true. Many cannot defend their Bible nor lead others to believe in it. This book teaches how to witness and make disciples with valid evidences for the Bible while tearing down the walls of evolution."

How Can We Grow in Holiness through Reading the Old Testament? Michael P. V. Barrett, 2016-12-23

That is why Michael Barrett provides this practical approach to reading the books of law, history, prophecy, and poetry through the lens of Jesus. As Barrett explains, seeing Christ and the gospel in the Old Testament gives life to what otherwise seems to be dry and outdated.
