improve the prospects for economic development while permitting migration at manageable levels This book begins with these questions and ends with some answers Patterns of Caribbean Development Jay Mandle, 2010-11-26 First published in 1982 this study attempts to put contemporary Caribbean development into historical perspective By first constructing a Marxist framework for the study of development Jay Mandle assesses the reasons why the region emerged underdeveloped and evaluates post world war two efforts to overcome the legacy of poverty through a strategy of industrialization through invitation Identifying the reasons why a Marxist framework yielded results which were unsatisfactory the author then explores the requirements which must be met for a more reliable study of the Caribbean s economic development Case studies of Cuba Jamaica Guyana Trinidad and Tobago examine the extent to which these requirements have been met

insistence on the right of sovereign nations to pursue their own development path Kari Levitt remains consistent in her conviction that development whether of individuals or nations must be rooted in time and place and cannot be imposed by external prescription Problems of Economic Development in the Caribbean David Powell,1973 *Poverty Reduction and Human Development in the Caribbean* Judy L.
