Envisioning Music Teacher Education Susan Wharton Conkling, 2015-05-27 This volume will contain selected proceedings from the 2013 Symposium on Music Teacher Education sponsored by NAFME s Society for Music Teacher Education and hosted at University of North Carolina After an introduction written by SMTE Chair Doug Orzolek the initial chapter will represent the keynote address of the symposium by Karen Hammerness Director of Program Research for the Bard Master of Arts in Teaching Program Hammerness will bring her comparative work with music teacher educators in Finland and Norway to bear in her address From Inspiring Visions to Everyday Practices Exploring Vision and Practice in Music Teacher Education Hammerness s research distills into three main themes To mitigate against the fragmentation that characterizes so much of contemporary education teacher education programs must 1 promote a clear vision of teachers and teaching 2 be coherent reflecting shared understanding of teaching and learning among faculty and students 3 be built around a strong core curriculum that is deeply tied to the practices of teaching These three themes will orient the remainder of chapters in the volume which will come from invited primary presenters at the 2013 Symposium Due to selectivity of blind peer review

twenty one percent accept rate these presentations represent the most rigorous research and best practices grounded in research that the music education profession has to offer

A Treatise on Political Economy Gary Hull, 2017-07-28 Jean Baptiste Say 1767 1832 has been described as a revolutionary an author of scholarly books and popular tracts a social philosopher a successful entrepreneur a remarkable Renaissance man He is best known as author of the law of markets known as Say s law and as the first to coin the term entrepreneur Say s concern with the average interested citizen and his zeal for economic education for the masses is most apparent in his classic work A Treatise on Political Economy Readers will see that Say is without doubt a luminary of classical economics He single handedly revived the study of political economy from its decline and kept it alive during a difficult period of opposition to liberal ideas Say had a missionary belief that society will be best served if the principles of political economy are widely disseminated and understood by the citizenry His organization of the Treatise s subject matter production distribution and consumption of wealth continues to guide authors of economic textbooks to this day His treatment of the role of the entrepreneur as a contributor to production different from that of either the manager or the capitalist was the most advanced of his times In their new introduction Quddus and Rashid note that present day readers of this volume will benefit from the remarkable freshness of Say s ideas The longevity of this volume proves that good ideas can successfully withstand the test of time The role played by the Treatise in spreading liberal economic ideas and especially laissez faire and free trade in France the rest of Europe and in the newly independent United States must also be appreciated One suspects Say would have liked nothing better than to have his Treatise attract entrepreneurs managers and other non specialist readers to economics Given the emphasis on capitalism free markets and unrestricted global trade republication of this great classic could not be more timely Political economists social philosophers and those in business fields will find it indispensable reading
