The life, voyages, and discoveries, of captain James Cook. [Followed by] Pitcairn's island and the mutineers of the Bounty James Cook,1837 *The Far Land* Brandon Presser,2022-03-08 For fans of The Wager and Mutiny on the Bounty comes a thrilling true tale of power obsession and betrayal at the edge of the world In 1808 an American merchant ship happened upon an uncharted island in the South Pacific and unwittingly solved the biggest nautical mystery of the era the whereabouts of a band of fugitives who after seizing their vessel had disappeared into the night with their Tahitian companions Pitcairn Island was the perfect hideaway from British authorities but after nearly two decades of isolation its secret society had devolved into a tribalistic hellscape a real life Lord of the Flies rife with depravity and deception Seven generations later the island s diabolical past still looms over its 48 residents descendants of the original mutineers marooned like modern castaways Only a rusty cargo ship connects Pitcairn with the rest of the world just four times a year In 2018 Brandon Presser rode the freighter to live among its present day families two clans bound by circumstance and secrets While on the island he pieced together Pitcairn s full story an operatic saga that holds all who have visited in its mortal clutch even the author Told through vivid historical and personal narrative The Far Land goes beyond the infamous Mutiny on the Bounty offering an unprecedented glimpse at life on the fringes of civilization and how perhaps it s not so different from our own **Captain Cook in New South Wales, Or, The Mystery of Naming Botany Bay** James Bonwick,1901 Aboriginal and Torres Strait Islander peoples are advised that this resource may contain images transcripts or names of Aboriginal and Torres Strait Islander peoples now deceased It may also contain historically and culturally sensitive words terms and descriptions

Reinterpreting Exploration Dane Keith Kennedy,2014 Exploration was a central and perhaps defining aspect of the West s encounters with other peoples and lands Rather than reproduce celebratory narratives of individual heroism and national glory this volume focuses on exploration s instrumental role in shaping a European sense of exceptionalism and its iconic importance in defining the terms of cultural engagement with other peoples In chapters offering broad geographic range the contributors address many of the key themes of recent research on exploration including exploration s contribution to European imperial expansion Western scientific knowledge Enlightenment ideas and practices and metropolitan print culture They reassess indigenous peoples responses upon first contacts with European explorers their involvement as intermediaries in the operations of expeditions and the complications that their prior knowledge posed for European claims of discovery Underscoring that exploration must be seen as a process of mediation between representation and reality this book provides a fresh and accessible introduction to the ongoing reinterpretation of exploration s role in the making of the modern world
