Bukharin, 2013-11-05. For many years a neglected figure, Nikolai Bukharin has recently been the subject of renewed interest in the West. Now regarded as a leading Marxist theorist, Bukharin's work has wide appeal to those interested in Soviet history and Marxist economics, as well as to those concerned with theories of development and socialist economies.      *The Politics and Economics of the Transition Period* Nikolai Bukharin, Nikolai Ivanovich Bukharin, 1979      *Economics and Politics in the Era of the Dictatorship of the Proletariat*. - 5. Socialism is a word that is now habitually taken to refer to a particular social system that prevailed in different parts of the globe during the twentieth century. This system was defined primarily by single party rule with public, mainly state ownership of the means of production along with a centrally planned economy. Its material base was generalised commodity production. The spokespersons of this system claim that this socialism was derived from Marx. Paresh Chattopadhyay's *Socialism and Commodity Production* argues the falsity of this claim. On the basis of a comprehensive study of Marx's own texts, as well as a detailed engagement with a wide variety of theorists of socialist economics, it shows that Marx's socialism constituted an Association of free individuals in which private ownership, the commodity wage labour, and the state have no place.

**Chinese Economists on Economic Reform - Collected Works of Yu Guangyuan** Yu Guangyuan, 2013-12-04. This book is part of a series which makes available to English-speaking audiences the work of the individual Chinese economists who were the architects of China's economic reform. The series provides an inside view of China's economic reform, revealing the thinking of the reformers themselves, unlike many other books on China's economic reform which are written by outside observers. Yu Guangyuan, 1915, is a famous Chinese philosopher and economist. A member of the Chinese Communist Party.

renewed interest in Marxist theory among many women activists and academics Marxism and Feminism presents a contemporary and accessible Marxist feminist analysis on a host of issues It reassesses previous debates and seeks to answer pressing questions of how we should understand the relationship between patriarchy and capitalism and how we can envision a feminist project which emancipates both women and society With contributions from both renowned scholars and new voices Marxism and Feminism is set to become the foundational text for modern Marxist feminist thought **Fifty Key**
