Brodskaïa,2023-12-28 Whilst Impressionism marked the first steps toward modern painting by revolutionising an artistic medium stifled by academic conventions Post Impressionism even more revolutionary completely liberated colour and opened it to new unknown horizons Anchored in his epoch relying on the new chromatic studies of Michel Eug ne Chevreul Georges Seurat transcribed the chemist s theory of colours into tiny points that created an entire image With his heavy strokes Van Gogh illustrated the midday sun whilst C zanne renounced perspective Rich in its variety and in the singularity of its artists Post Impressionism was a passage taken by all the well known figures of 20th century painting it is here presented for the great pleasure of the reader by Nathalia Brodskaïa **The Nabis and Intimate Modernism** KatherineM.

Kuenzli,2017-07-05 Providing a fresh perspective on an important but underappreciated group of late nineteenth century French painters this is the first book to provide an in depth account of the Nabis practice of the decorative and its significance for twentieth century modernism Over the course of the ten years that define the Nabi movement 1890 1900 its principal artists included Edouard Vuillard Pierre Bonnard Maurice Denis Paul S sier and Paul Ranson The author reconstructs the Nabis relationship to Impressionism mass culture literary Symbolism Art Nouveau Wagnerianism and a revolutionary artistic tradition in order to show how their painterly practice emerges out of the pressing questions defining modernism around 1900 She shows that the Nabis were engaged nonetheless with issues that are always at stake in accounts of nineteenth century modernist painting issues such as the relationship of high and low art of individual sensibility and

collective identity of the public and private spheres The Nabis and Intimate Modernism is a rigorous study of the intellectual and artistic endeavors that inform the Nabis decorative domestic paintings in the 1890s and argues for their centrality to painterly modernism The book ends up not only re positioning the Nabis to occupy a crucial place in modernism s development from 1860 to 1914 but also challenges that narrative to place more emphasis on notions of decoration totality and interiority
