Resistance & Recovery in the #MeToo era, Volume I Kate Richmond, Nicole L. Johnson, 2024-02-15 Using an intersectional approach this book amplifies the voices of those who were and continue to be at the frontlines resisting and responding to sexual violence during the rise of digital feminist movements including NoMore TimesUp and most notably MeToo This book outlines the current socio political landscape including increased visibility of movements such as NoMore TimesUp and most notably MeToo and the public showcase of accused perpetrators becoming elected to the highest offices

in the United States e.g. Brett Kavanaugh's election to the Supreme Court, Donald Trump's election to the Presidency. It offers note to how this political landscape has impacted survivors and therapists alike. The first of the two volumes include 10 chapters that provide a critique of the silencing of survivors who are marginalized e.g. women of color, trans and queer survivors within the current movements and offer recommendations for how to center their experiences through an intersectional approach. Both the volumes together cover a wide range of perspectives that bring to light the solidarity that was built among survivors regardless of identity and experience within the current socio-political climate while continuing to center the voices of those who are most often marginalized. The chapters in this book were originally published as a special issue of *Women Therapy*.

The second field follows from this conundrum: how does one think of the body when s/he speaks of embodiment? *Toward a Politics of the Im Possible* engages the forefront of contemporary thought on the body while remaining mindful of the requirements of a feminist approach.

Gender, Violence and Governmentality Skylab Sahu, 2020-12-20. This book critically examines gender-based violence in India and interrogates the legal and policy discourse surrounding it. It discusses various forms of violence faced by women such as sex-selective abortion, trafficking, rape, domestic violence, as well as the violence faced by female sex workers and transgenders in India. It draws on in-depth interviews and case studies to highlight the socio-economic conditions of the survivors who find themselves forced to contend with a legal and policy framework that is inadequate to deal with these issues. The author analyses the major laws against violence and the policies introduced to ameliorate the condition of survivors in order to understand the potential and challenges of these initiatives from a postmodern and feminist perspective. The book also addresses the survivors' realisation of agency and resistance, which is seen to be expressed both sporadically and on a day-to-day basis. An important and timely contribution, this book will be indispensable to students and researchers of gender and sexuality, feminism, minority studies, sociology and social policy, politics, law, human rights and South Asian studies. It will also be of interest to policymakers, government agencies, think tanks and NGOs working in the area.
