other nurses the healthcare system and society assisted them in perpetuating their deception and denial about their disease They explain how they lied stole and cheated those around them to maintain their addiction Each explains in detail the confrontations and the jolt and wake up call it took for them to awaken become sober and truly enter recovery They are all candid and forthright in order to help others that are impacted by this horrific and complex disease They each share how recovery is possible when appropriate attitudes and tools are put in place to support nurses suffering from the devastation of addiction Their stories bring attention to the importance of intervention treatment and recovery communities within the nursing profession Recovery is emphasized as a gift by each of these nurses. The nurses and the researcher provide suggestions and recommendations to assist the healthcare community in addressing addiction in nursing This book reveals how recovery for nurses is a major public health benefit Conscience in Recovery from Alcohol Addiction Yordan Kalev Zhekov, 2013-02-01 Academic research in alcohol addiction presents diverse results and subject inadequacies This study identifies conscience and its influence through spirituality on successful recovery as promoting unity and adequacy in the field The purpose of the study is to analyze the relationship between conscience spirituality and recovery from alcohol addiction This threefold framework underlines the conceptual importance of cognition affect behavior spirituality and character in addiction studies Narrative analysis NA is employed for designing the present research It is utilized for collection examination and formulation of the results derived from the participants stories Semi structured interviews are used within the NA framework to provide the data from the twelve participants The latter are selected as a homogeneous group based on characteristics of their addiction spirituality and recovery The analysis of narratives defines conscience with its cognitive emotive and conative elements as related to spirituality. The conscience s nature and functioning undergo deterioration during addiction and complete rejuvenation through participants spiritual transformation of a transcendent divine experience Spiritually empowered conscience supports progressive recovery from alcohol addiction The conscientious **Substance Use Disorders in African** approach to self life and others is shaped by virtue and spiritual commitment **American Communities** Mark Sanders, 2016-04-08 This book is dedicated to the prevention treatment and recovery of African Americans with substance use disorders African Americans are disproportionately represented in the addictions criminal justice and child welfare systems It is clear that when their culturally specific needs are not met they are vulnerable to continuous relapse and the revolving door syndrome There has been little written that focuses exclusively on prevention treatment and recovery among African Americans This book was written to fill this gap It is an important contribution to the field of behavioral health providing a much needed treasure trove of important knowledge from specialists including physicians psychologists educators social workers addictions counselors public health specialists researchers the clergy as well as individuals in recovery This volume adds significantly to the knowledge base of practitioners and researchers whose work focuses on prevention treatment and recovery in African American communities This book was originally published as a special issue of Alcoholism Treatment Ouarterly Women's Treatment Services --
