**Embroidery for Fashion** Gisela Banbury, Angela Dewar, 1991 **Embroidery** Federico Rocca, 2006 Tracing the recent rise in popularity of embroidery in Italy a nation characterized by its opulence and emotion The absolute dedication required by embroidery's sophisticated precious handiwork has rendered it increasingly rare as a craft it calls for mental discipline even more than physical and for infinite patience virtues so far from contemporary so eccentric in a society that wants everything delivered at once that of course embroidery has come into the spotlight again Embroidery Italian Fashion follows

the technique's recent rise in a national culture known for its opulence and emotion and brings readers the experience of both with a soft embroidered cover. Inside the details of micro paillettes, mirrors, bugle beads, ribbons, and implausibly thin threads produce virtuosity, coups de théâtre, surprising elegances. Embroidery is a door on a wondrous, opulent dimension where light plays with the richness of threads and embroidery shows its meaning transformed by the violence of modern lines and gestures like the burnt Swarovski crystals that are Riccardo Tisci's hallmark. When Antonio Marras presented a skirt at his first Milan show in which the embroidery seemed to allude to beginner's work, to the gauze on which little girls once learned to sew, he asked his embroiderers to imitate this style, calling it wrongstitch. And those extraordinary craftswomen, accustomed to perfection, learned just what feeling, what fascination can be concealed in an apparent mistake. The embroiderers and their colleagues remain the silent but ever-present heroines of this revival, their handiwork recalling the human touch at every glance. Includes work from Anna Molinari, Blumarine, Dolce & Gabbana, Emilio Pucci, Gianfranco Ferré, Marni, Roberto Cavalli, Valentino, and Versace. Embroidery Designs for Fashion and Furnishings Moira Thunder, 2014-11-25. Published in association with the Victoria and Albert Museum. African Fashion Global Style provides a lively look at fashion, international networks of style, material culture, and the world of African aesthetic expression. Victoria L. Rovine introduces fashion designers whose work reflects African histories and cultures, both conceptually and stylistically, and demonstrates that dress styles associated with indigenous cultures may have all the hallmarks of high fashion. Taking readers into the complexities of influence and inspiration manifested through fashion, this book highlights the visually appealing, widely accessible, and highly adaptable styles of African dress that flourish on the global fashion market. *Clothing and Fashion* José Blanco F., Patricia Kay Hunt-Hurst, Heather Vaughan Lee, Mary Doering, 2015-11-23. This unique four-volume encyclopedia examines the historical significance of fashion trends, revealing the social and cultural connections of clothing from the precolonial times to the present day. This sweeping overview of fashion and apparel covers several centuries of American history as seen through the lens of the clothes we wear, from the Native American moccasin to Manolo Blahnik's contribution to stiletto heels. Through four detailed volumes, this work delves into what people wore in various periods in our country's past and why, from hand-crafted family garments in the 1600s to the rough clothing of slaves to the sophisticated textile designs of the 21st century. More than 100 fashion experts and clothing historians pay tribute to the most notable garments, accessories, and people comprising design and fashion. The four volumes contain more than 800 alphabetical entries, with each volume representing a different era. Content includes fascinating information such as that beginning in 1619, through 1654, every man in Virginia was required to plant a number of mulberry trees to support the silk industry in England; what is known about the clothing of enslaved African Americans; and that there were regulations placed on clothing design during World War II. The set also includes color inserts that better communicate the visual impact of clothing and fashion.
