**Slavery and the Meetinghouse** Ryan P. Jordan, 2007-03-28 Ryan P Jordan explores the limits of religious dissent in antebellum America and reminds us of the difficulties facing reformers who tried peacefully to end slavery In the years before the Civil War the Society of Friends opposed the abolitionist campaign for an immediate end to slavery and considered abolitionists within the church as heterodox radicals seeking to destroy civil and religious liberty In response many Quaker abolitionists began to build comeouter institutions where social and legal inequalities could be freely discussed and where church members could fuse religious worship with social activism The conflict between the Quakers and the Abolitionists highlights the dilemma of liberal religion within a slaveholding republic

**In the Shadow of the Gallows** Jeannine Marie DeLombard, 2012-07-24 From Puritan Execution Day rituals to gangsta rap the black criminal has been an enduring presence in American culture To understand why Jeannine Marie DeLombard insists we must set aside the lenses of pathology and persecution and instead view the African American felon from the far more revealing perspectives of publicity and personhood When the Supreme Court declared in Dred Scott that African Americans have no rights which the white man was bound to respect it overlooked the right to due process which ensured that black offenders even slaves appeared as persons in the eyes of the law In the familiar account of African Americans historical shift from plantation to prison we have forgotten how for a century before the Civil War state punishment affirmed black political membership in the breach while a thriving popular crime literature provided early America s best known models of individual black selfhood Before there was the slave narrative there was the criminal confession Placing the black condemned at the forefront of the African American canon allows us to see how a later generation of enslaved activists most notably Frederick Douglass could marshal the public presence and civic authority necessary to fashion themselves as eligible citizens At the same time in an era when abolitionists were charging Americans with the national crime of manstealing a racialized sense of culpability became equally central to white civic identity What for African Americans is the legacy of a citizenship grounded in culpable personhood For white Americans must membership in a nation built on race slavery always betoken guilt In the Shadow of the Gallows reads classics by J Hector St John de Cr vecoeur Edgar Allan Poe Frederick Douglass Herman Melville George Lippard and Edward Everett Hale alongside execution sermons criminal confessions trial transcripts philosophical treatises and political polemics to address fundamental questions about race responsibility and American civic belonging

**Slavery in American Children's Literature, 1790-2010** Paula T. Connolly, 2013-07 The first comprehensive study of slavery in children s literature *Slavery in American Children's Literature, 1790-2010* historicizes the ways generations of authors have drawn upon antebellum literature in their own recreations of slavery Beginning with abolitionist and proslavery views in antebellum children s

literature Connolly examines how successive generations reshaped the genres of the slave narrative abolitionist texts and plantation novels to reflect the changing contexts of racial politics in America As a literary history of how antebellum racial images have been re created or revised for new generations Slavery in American Children s Literature ultimately offers a record of the racial mythmaking of the United States from the nation s beginning to the present day Book jacket *Slavery and Crime in Missouri, 1773-1865* Harriet C. Frazier,2001-01-01 Slavery and its lasting effects have long been an issue in America with the scars inflicted running deep This study examines crimes such as stealing burglary arson rape and murder committed against and by slaves with most of the author s information coming from handwritten court records and newspapers These documents show the death penalty rarely applied when a slave killed another slave but that it always applied when a slave killed a white person Despite Missouri s grim criminal justice system the state s best lawyers were called upon to represent slaves in court on serious criminal charges and federal law applied to all persons granting slaves in Missouri protection that few other slave states had By 1860 Missouri s population was only 10 percent slave the smallest percentage of any slave state in America *Slavery and Freedom in Texas* Jason A. Gillmer,2017-11-01 In these absorbing accounts of five court cases Jason A Gillmer offers intimate glimpses into Texas society in the time of slavery Each story unfolds along boundaries between men and women slave and free black and white rich and poor old and young as rigid social orders are upset in ways that drive people into the courtroom One case involves a settler in a rural county along the Colorado River his thirty year relationship with an enslaved woman and the claims of their children as heirs A case in East Texas arose after an owner refused to pay an overseer who had shot one of her slaves Another case details how a free family of color carved out a life in the sparsely populated marshland of Southeast Texas only to lose it all as waves of new settlers civilized the county An enslaved woman in Galveston who was set free in her owner s will and who got an uncommon level of support from her attorneys is the subject of another case In a Central Texas community as another case recounts citizens forced a Choctaw native into court in an effort to gain freedom for his slave a woman who easily passed as white The cases considered here include Gaines v Thomas Clark v Honey Brady v Price and Webster v Heard All of them pitted communal attitudes and values against the exigencies of daily life in an often harsh place Here are real people in their own words as gathered from trial records various legal documents and many other sources People of many colors from diverse backgrounds weave their way in and out of the narratives We come to know what mattered most to them and where those personal concerns stood before the law **Children of Ezekiel** Michael Lieb,1998 Discusses the relationship between the biblical prophet Ezekiel s vision of wheels in the air and the present day end of time concept as seen in various religious sects **Self-Taught** Heather Andrea Williams,2009-11-20 In this previously untold story of African American self education Heather Andrea Williams moves across time to examine African Americans relationship to literacy during slavery during the Civil War and in the first decades of freedom Self Taught traces the historical antecedents to freedpeople s intense desire to become literate

and demonstrates how the visions of enslaved African Americans emerged into plans and action once slavery ended Enslaved people Williams contends placed great value in the practical power of literacy whether it was to enable them to read the Bible for themselves or to keep informed of the abolition movement and later the progress of the Civil War Some slaves devised creative and subversive means to acquire literacy and when slavery ended they became the first teachers of other freedpeople Soon overwhelmed by the demands for education they called on northern missionaries to come to their aid Williams argues that by teaching building schools supporting teachers resisting violence and claiming education as a civil right African Americans transformed the face of education in the South to the great benefit of both black and white southerners
