Hopelessly Alien Louis Corsino, 2024-05-01 Hopelessly Alien is an in depth study of Italian immigration to Chicago Heights Illinois between 1910 and 1950 Drawing upon oral histories interviews historical documents and census materials Louis Corsino examines the critical concept of hope which most immigration studies have cast in privatized psychological terms as the motivation to emigrate in search of a better life This investigation offers a more contentious sociological perspective depicting hope as both an ideological lure to recruit and manage the foreign element and as a resource immigrants employed to purchase acceptance and avoid a disparaging label as a hopelessly alien stranger These dialectical processes are illustrated through the Italian immigrants pursuit of occupational mobility and homeownership and the appropriation of their children s hopes Each became forms of cultural capital that demonstrated a public commitment to the American ethos of joyful striving Each provided measures of success but these individual pursuits came at the expense of upsetting the necessary tension between individual and communal hopes

Closing the Golden Door Anna Pegler-Gordon, 2021-10-28 The immigration station at New York s Ellis Island opened in 1892 and remained the largest U S port for immigrant entry until World War I In popular memory Ellis Island is typically seen as a gateway for Europeans seeking to join the great American melting pot But as this fresh examination of Ellis Island s history reveals it was also a major site of immigrant detention and exclusion especially for Chinese Japanese and other Asian travelers and maritime laborers who reached New York City from Europe the Americas and the Caribbean and even within the United States And from 1924 to 1954 the station functioned as a detention camp and deportation center for a range of people deemed undesirable Anna Pegler Gordon draws on immigrants oral histories and memoirs government archives newspapers and other sources to reorient the history of migration and exclusion in the United States In chronicling the circumstances of those who passed through or were detained at Ellis Island she shows that Asian exclusion was both larger in scope and more limited in force than has been previously recognized

Borgata Louis Ferrante, 2024-01-02 A riveting history of the Mafia from 1860s Sicily to 1960s America as narrated by a former heist expert and Gambino family mobster The mafia has long held a powerful sway over our collective cultural imagination But how many of us truly understand how a clandestine Sicilian criminal organization came to exert its influence over nearly every level of American society In *Borgata Rise of Empire*

former mobster Louis Ferrante pulls back the curtain on the criminal organization that transformed America From the potent political cauldron of nineteenth century Sicily to New Orleans New York and the gangster paradise of Las Vegas Ferrante traces the social economic and political forces that powered the mafia s unstoppable rise Ferrante s vivid portrayal of early American mobsters Lucky Luciano Vito Genovese Frank Costello and Meyer Lansky fills in crucial gaps of the mafia narrative to deliver the most comprehensive account yet of the world s most famous criminal fraternity Borgata Rise of Empire the first in a three volume epic history is a groundbreaking achievement from a man who has seen it all from the inside In this masterful accomplishment Ferrante takes the reader from the mafia s inauspicious beginnings to the height of their power as the most influential criminal network in the country **Ellis Island** Hal Marcovitz,2003 **Multicultural Information**

Quests Marie Rodgers,2000-03-15 If you re searching for research activities or multicultural topics for a diverse student population this is the book for you Reproducible quizzes guide students through subjects that range from holidays and food to sports heroes and literature Cultural searches are related to Hispanics Native Americans African Americans Asian Americans and other U S immigrant groups For each quest the author provides an annotated reference list search questions and an answer key This is a fun and inspirational approach to building research skills while fostering an appreciation of diversity **The Aesthetics of Island Space** Johannes Riquet,2019-12-18 Oxford Textual Perspectives is a series of informative and provocative studies focused upon literary texts conceived of in the broadest sense of that term and the technologies cultures and communities that produce inform and receive them It provides fresh interpretations of fundamental works and of the vital and challenging issues emerging in English literary studies By engaging with the materiality of the literary text its production and reception history and frequently testing and exploring the boundaries of the notion of text itself the volumes in the series question familiar frameworks and provide innovative interpretations of both canonical and less well known works The Aesthetics of Island Space discusses islands as central figures in the modern experience of space It examines the spatial poetics of islands in literary texts from Shakespeare s The Tempest to Ghosh s The Hungry Tide in the journals of explorers and scientists such as James Cook and Charles Darwin and in Hollywood cinema It traces the ways in which literary and cinematic islands have functioned as malleable spatial figures that offer vivid perceptual experiences as well as a geopoetic oscillation between the material energies of words and images and the energies of the physical world The chapters focus on America s island gateways Roanoke and Ellis Island visions of tropical islands Tahiti and imagined South Sea islands the islands of the US Canadian border region in the Pacific Northwest and the imaginative appeal of mutable islands It argues that modern voyages of discovery posed considerable perceptual and cognitive challenges to the experience of space and that these challenges were negotiated in complex and contradictory ways via poetic engagement with islands Discussions of island narratives in postcolonial theory have broadened understanding of how islands have been imagined as geometrical abstractions bounded spaces easily subjected to the colonial gaze There is

however a second story of islands in the Western imagination which runs parallel to this colonial story In this alternative account the modern experience of islands in the age of discovery went hand in hand with a disintegration of received models of understanding global space Drawing on and rethinking post phenomenological geocritical and geopoetic theories The Aesthetics of Island Space argues that the modern experience of islands as mobile and shifting territories implied a dispersal fragmentation and diversification of spatial experience and it explores how this disruption is registered and negotiated by both non fictional and fictional responses

Spaces of Immigration Catherine Boland Erkkila,2025-04-15 By transporting waves of newly arrived immigrants along rail lines from both coasts railway companies played an active role in repopulating the interior of the country Spaces of Immigration follows the travel routes of immigrants during a foundational period of American infrastructure from ports of arrival to train cars and depots to settlements showing how the built environment of the railways fostered segregation through physical isolation and reinforced hierarchies according to race ethnicity and class Catherine Boland Erkkila highlights the magnitude of this forced separation how spatial design and the experiences within it reflected prejudices of contemporary middle class Americans who viewed immigrants as poor diseased and dangerous Spaces of Immigration draws attention to the control wielded by railroad companies and government officials who dispatched European immigrants to ethnic enclaves across the Midwest some of which still exist These colonization efforts Boland Erkkila argues were motivated by profit through exploitation the promise of cheap labor and the purchase of land along designated routes At the same time Asian immigrants were detained like prisoners on the West Coast This book ultimately offers a greater understanding of the immigrant experience in America through the lens of spatial history revealing deeply embedded conflicts still pervasive in our society today
