Williams, 1996-07-17 Dr Williams contends that over the last 20 years a change has occurred in organizations that has created a syndrome of dysfunctions that are neither good for businesses nor for the people who work in them Williams sees businesses as living entities and argues that how they act and react will have an impact on their employees and often a devastating impact In much the same way as businesses make decisions people make choices and seldom are these decisions and choices congruent Unless disparate self interests and goals can be reconciled unless a partnership can be restored between people and their organizations not only will employees be damaged but the success of their organization upon which they depend for their livelihoods will be jeopardized How this dangerous situation came about what it means and how it can be remedied is the subject of Dr Williams book Research based and always in touch with the realities of commerce Dr Williams will make business people aware that organizations and their people must become reunited and then show them how it can be done Dr Williams makes clear he is not simply speculating or theorizing His goal is to make management aware of the dysfunctions that are damaging their organizations and how these are reflected in the behaviors of their employees When he calls for a focus on humanity spirit and context Dr Williams is actually offering a workable real world strategy to breathe new life into organizations of all kinds a strategy he calls The Trinity Process Its purpose to help management restore the essential partnership between organizational entities and the people who make them succeed or fail In Part One he shows what it means to be part of any organization and with anecdotes and cases from his own research helps readers grasp the dynamics of their own organizations In Part Two he proposes new or reframed

paradigms that provide an underpinning for the reestablishment of equality between organizations and their employees Then in Part Three he presents The Trinity Process itself The result is a remarkably lucid readable engrossing exploration of organizational life today important reading for decision makers in all types of organizations public as well as private and for academics concerned with how organizations behave     **Hunab Ku** Karen Speerstra,Joel Speerstra,2011-04-27 The Mayan symbol Hunab Ku represents movement and energy the principle of life itself in a spiraling design reminiscent of the Eastern yin yang symbol As an embodiment of harmony and balance Hunab Ku invites us into the age of consciousness which is predicted to begin on December 21 2012 HUNAB KU prepares us for this cosmic awakening by presenting 77 sacred symbols that create an interactive system for learning healing and meditation Beautifully illustrated and exhaustively researched this virtual pilgrimage invites us to explore artifacts earthworks numerological patterns and archetypes from diverse traditions the world over ancient Greece the Americas Africa the British Isles Babylon India and beyond Hunab Ku waits for you at the book s center the threshold between our present age and the coming age of enlightenment Like runes tarot and other pathworking systems the archetypes herein open doors create bridges and shed light on our past and our future These spiritual signposts are all around us and within waiting to be interpreted Let HUNAB KU be your guide A richly illustrated book that draws on cross cultural ancient symbols numerology archetypes and earthworks and the chakras Includes 77 vivid full color illustrations placed within the framework and palette of the seven chakras Builds on the growing popularity of Jos Arguelles s The Mayan Factor and Carl Johan Calleman s The Mayan Calendar and the Transformation of Consciousness
