**Insanity and its Treatment ... With a summary of the laws in force in the United States on the confinement of the insane, by Isaac Ray** George Fielding BLANDFORD,1871 **Insanity and Its Treatment** George Fielding Blandford,1886 **The History of Bethlem** Jonathan Andrews,Asa Briggs,Roy Porter,Penny Tucker,Keir

Waddington,2013-06-17 Bethlem Hospital popularly known as Bedlam is a unique institution Now seven hundred and fifty

years old it has been continuously involved in the care of the mentally ill in London since at least the 1400s As such it has a strong claim to be the oldest foundation in Europe with an unbroken history of sheltering and treating the mentally disturbed During this time Bethlem has transcended locality to become not only a national and international institution but in many ways a cultural and literary myth The History of Bethlem is a scholarly history of this key establishment by distinguished authors including Asa Briggs and Roy Porter Based upon extensive research of the hospital s archives the book looks at Bethlem s role within the caring institutions of London and Britain and provides a long overdue re evaluation of its place in the history of psychiatry **Journal of Psychological Medicine** ,1860 *The Journal of Psychological Medicine and Mental Pathology* ,1860 *Medical Critic and Psychological Journal* ,1860 **Opting Out** Ana Sobral,2012-01-01 Opting Out explores the theme of deviance as a form of protest in famous cult novels that have left an indelible mark on contemporary American culture from Jack Kerouac s *On the Road* to Chuck Palahniuk s *Fight Club* Adopting a generational lens it centers on the deviant heroes and literary spokesmen of two major cohorts the Baby Boomers and Generation X Here for the first time the cult texts that defined these generations are submitted to a critical analysis that allows them to enter into a dialogue or rather a heated debate with each other This opens new perspectives on the generation gap in America since 1945 offering a dynamic look at the role of youth as agents of social change and cultural innovation The volume is of interest to students and researchers in contemporary American literature and culture as well as to fans of cult fiction in general The interdisciplinary approach to the themes of generational conflict and deviant behaviour also makes a significant contribution to the fields of sociology contemporary history and cultural studies New Oceania Matthew Hayward, Maebh Long,2019-09-30 For so long figured in European discourses as the antithesis of modernity the Pacific Islands have remained all but absent from the modernist studies critical map Yet as the chapters of *New Oceania Modernisms and Modernities in the Pacific* collectively show Pacific artists and writers have been as creatively engaged in the construction and representation of modernity as any of their global counterparts In the second half of the twentieth century driving a still ongoing process of decolonisation Pacific Islanders forged an extraordinary cultural and artistic movement Integrating Indigenous aesthetics forms and techniques with a range of other influences realist novels avant garde poetry anti colonial discourse biblical verse Indian mythology American television Bollywood film Pacific artists developed new creative registers to express the complexity of the region s transnational modernities *New Oceania* presents the first sustained account of the modernist dimensions of this period while presenting timely reflections on the ideological and methodological limitations of the global modernism rubric Breaking new critical ground it brings together scholars from a range of backgrounds to demonstrate the relevance of modernism for Pacific scholars and the relevance of Pacific literature for modernist scholars

**C.R.A. Being a Digest of Pennsylvania Decisions Embracing All the Reported Cases on the Subjects Contained in the Volume, 1898-1922** George Wharton Pepper, William Draper Lewis,1910 *Colonizing Madness* Jacqueline

Leckie, 2019-12-31 In *Colonizing Madness* Jacqueline Leckie tells a forgotten story of silence suffering and transgressions in the colonial Pacific. It offers new insights into a history of Fiji by entering the Pacific Islands' most enduring psychiatric institution, St. Giles Psychiatric Hospital, established as Fiji's Public Lunatic Asylum in 1884. Her nuanced study reveals a microcosm of Fiji's indigenous, migrant, and colonial communities and examines how individuals and communities lived with the label of madness in an ethnically complex island society. Tracking longitudinal change from the 1880s to the present in the construction and treatment of mental disorder in Fiji, the book emphasizes the colonization of madness across and within the divides of culture, ethnicity, religion, gender, economics, and power. Colonization of madness in Fiji was forged by the entanglement of colonial institutions and cultures that reflected tensions and prejudices within homes, villages, workplaces, and churches. Mental despair was equally an outcome of the destruction and displacement wrought by migration and colonialism. Madness was further cast within the wider world of colonial psychiatry, Western biomedicine, and asylum building. One of the chapters explores medical discourse and diagnoses within colonial worlds and practices. The community within the asylum is a feature in Leckie's study with attention to patient agency to show how those labeled insane resisted diagnoses of their minds, confinement, and constraints ranging from straitjackets to electric shock treatments to drug therapies. She argues that madness in colonial Fiji reflects dynamics between the asylum and the community and that reading asylum archives sheds new light on race, ethnicity, gender, and power in colonial Fiji. Exploring the meaning of madness in Fiji, the author does not shy away from asking controversial questions about how Pacific cultures define normality and abnormality and also how communities respond. Carefully researched and clearly written, *Colonizing Madness* offers an engaging narrative, a superb example of an intersectional history with a broad appeal to understanding global developments in mental health. Her theses address the contradictions of current efforts to discard the asylum model and to make mental health a reality for all in postcolonial societies.
