espionage as practiced by a range of nations from around the world focusing on the mass scale in which information is being  
taken for China s growth and development It supplies an understanding of how the economy of a nation can prosper or suffer  
depending on whether that nation is protecting its intellectual property or whether it is stealing such property for its own use  
The text concludes by outlining specific measures that corporations and their employees can practice to protect information  
and assets both at home and abroad      **Emerging Trade Issues In China... Hearing... S. Hrg. 105-347... Comm. On
