**Emile Durkheim**

## **Emile Durkheim:**

**Emile Durkheim** Steven Lukes,1985 This study of Durkheim seeks to help the reader to achieve a historical understanding of his ideas and to form critical judgments about their value To some extent these two aims are contradictory On the one hand one seeks to understand what did Durkheim really mean how did he see the world how did his ideas related to one another and how did they develop how did they related to their biographical and historical context how were they received what influence did they have and to what criticism were they subjected what was it like not to make certain distinctions not to see certain errors of fact or of logic not to know what has subsequently become known On the other hand one seeks to assess how valuable and how valid are the ideas to what fruitful insights and explanations do they lead how do they stand up to analysis and to the evidence what is their present value Yet it seems that it is only by inducing oneself not to see and only by seeing them that one can make a critical assessment The only solution is to pursue both aims seeing and not seeing simultaneously More particularly this book has the primary object of achieving that sympathetic understanding without which no adequate critical assessment is possible It is a study in intellectual history which is also intended as a contribution to sociological theory

**The Division of Labor in Society** Emile Durkheim,2014-02-25 In 1893 a young doctoral student was to publish an entirely original work on the nature of labor and production as they were being shaped by the industrial revolution Emile Durkheim's *The Division of Labor in Society* studies the nature of social solidarity and explores the ties that bind one person to the next in order to hold society together This revised and updated second edition fluently conveys original arguments for contemporary readers Leading Durkheim scholar Steve Lukes's new introduction builds upon Lewis Coser's original which places the work in its intellectual and historical context and pinpoints its central ideas and arguments by focusing on the text's significance for how we ought to think sociologically about some central problems that face us today Back cover

**Readings from Emile Durkheim** Prof Kenneth Thompson,2012-10-12 Emile Durkheim is regarded as a founding father of sociology and is studied in all basic sociology courses This handy textbook is a key collection of translations from Durkheim's major works [Sociology and Philosophy \(Routledge Revivals\)](#) Emile Durkheim,2009-12-15 First published in English in 1953 this volume represents a collection of three essays written by seminal sociologist and philosopher Emile Durkheim in which he puts forward the thesis that society is both a dynamic system and the seat of moral life Each essay stands alone but their connecting thread is the dialectic demonstration that a phenomenon be a sociological or psychological one is relatively independent of its matrix The essays provide a valuable insight into Durkheimian thought on sociological and philosophical matters and offer an excellent guide to Durkheim for students of both disciplines *Emile Durkheim on the Family* Mary Ann Lamanna,2001-10-24 This valuable source for a systematic and comprehensive understanding of Durkheim's ideas on the family constitutes a major addition to the literature on the family social theory women's studies and family law Highly recommended for upper division undergraduates and

above CHOICE Emile Durkheim on the Family is intended to bring attention to this classical sociologist's work on the family. Durkheim's writings in this area are little known but the family was nevertheless one of his primary interests, the subject of an intended book that was never written. Durkheim's ideas on the family appear only in scattered sources and a number of those sources have not been translated into English. Durkheim's Sociology of the family has not heretofore been presented and analyzed holistically. The purpose of Lamanna's book is to bring together Durkheim's ideas on the family from diverse sources and to present his family sociology systematically and comprehensively. Quotations from Durkheim's writing or speaking enrich the analysis. Durkheim's work on the family is situated in its historical context and comparisons are drawn to present day sociology of the family is situated in its historical context and comparisons are drawn to present day sociology of the family and family issues. Chapter topics include Durkheim's life and times, His evolutionary theory of the family, Methodologies for studying the family, The changing relationship of kin, Conjugal family and the state, The interior of the family, Family policy, Gender, Sexuality. An examination of Durkheim's work on the family reveals its close connections to his well known books and theories. Emile Durkheim on the Family should interest audiences in sociology of the family, social theory, family science, European intellectual history, women's studies, legal history and those generally interested in family studies and or nineteenth and early twentieth century Europe.

Education and Sociology Émile Durkheim, 1956 *Rules of Sociological Method* Emile Durkheim, 1982-12. First published in 1895. Emile Durkheim's masterful work on the nature and scope of sociology now with a new introduction and improved translation by leading scholar Steven Lukes. The Rules of the Sociological Method is among the most important contributions to the field of sociology still debated among scholars today. Through letters, arguments and commentaries on significant debates, Durkheim confronted critics, clarified his own position and defended the objective scientific method he applied to his study of humans. This updated edition offers an introduction and extra notes as well as a new translation to improve the clarity and accessibility of this essential work. In the introduction, Steven Lukes, author of the definitive biography *Emile Durkheim: His Life and Work*, spells out Durkheim's intentions, shows the limits of Durkheim's view of sociology and presents its political background and significance. Making use of the various texts in this volume and Durkheim's later work, Lukes discusses how Durkheim's methodology was modified or disregarded in practice and how it is still relevant today. With substantial notes on context, this user friendly edition will greatly ease the task of students and scholars working with Durkheim's method, a view that has been a focal point of sociology since its original publication. The Rules of the Sociological Method will engage a new generation of readers with Durkheim's rich contribution to the field.

Emile Durkheim W. S. F. Pickering, 2001. A five volume collection of scholarly journal articles and chapters from books covering the subject of Emile Durkheim's work. The five volumes are thematically organized in the following sections: Volume I 1 Durkheim: The man himself 2 General sociology. Volume II 3 Religion 4 Epistemology and the philosophy of science. Volume III 5 Morality and ethics 6 Political sociology. Volume IV 7 Suicide and anomie 8 Division of labour and

economics 9 EducationP      *The Elementary Forms of the Religious Life* Émile Durkheim, Joseph Ward Swain, 2008-04-04 In this 1912 classic a founder of modern sociology examines animism naturism totemism myth and ritual Durkheim maintains that the source of religion and morality lies in collective consciousness rather than in individual minds His intriguing views are still a topic of debate among sociologists anthropologists ethnographers philosophers and theologians      The Elementary Forms of Religious Life Émile Durkheim, 2001 Karen Fields has given us a splendid new translation of the greatest work of sociology ever written one we will not be embarrassed to assign to our students In addition she has written a brilliant and profound introduction The publication of this translation is an occasion for general celebration for a veritable collective effervescence Robert N Bellah Co author of *Habits of the Heart* and editor of *Emile Durkheim on Morality and Society* This superb new translation finally allows non French speaking American readers fully to appreciate Durkheim s genius It is a labor of love for which all scholars must be grateful Lewis A Coser      *Emile Durkheim* Mustafa Emirbayer, 2008-04-15 This comprehensive volume ranges across the entire spectrum of contemporary sociological inquiry as seen by Durkheim It also includes secondary readings by social thinkers of today connecting the classic writings of Durkheim to contemporary issues Organizes Durkheim s writings thematically in a comprehensive collection Includes selections from Durkheim s best known writings as well as less widely known texts that explore the themes of modern sociology Contains secondary readings by key contemporary social thinkers today Connects the classic writings of Durkheim to contemporary issues Includes a substantial editorial introduction by a leading Durkheim scholar      **On Suicide** Emile Durkheim, 2006-09-28 Emile Durkheim s *On Suicide* 1897 was a groundbreaking book in the field of sociology Traditionally suicide was thought to be a matter of purely individual despair but Durkheim recognized that the phenomenon had a social dimension He believed that if anything can explain how individuals relate to society then it is suicide Why does it happen What goes wrong Why do certain social religious or racial groups have higher incidences of suicide than others As Durkheim explored these questions he became convinced that abnormally high or low levels of social integration lead to an increased likelihood of suicide *On Suicide* was the result of his extensive research Divided into three parts individual reasons for suicide social forms of suicide and the relation of suicide to society as a whole Durkheim s revelations have fascinated challenged and informed readers for over a century      MORAL EDUCATION Emile Durkheim, 1973-10 18 lectures by an influential theorist who discusses school as an appropriate setting for moral education A pioneer of sociology Durkheim explains the first element in fostering morality as the development of a sense of discipline followed by a willingness to behave in accordance with collective interest and a sense of autonomy      **Emile Durkheim, 1858-1917** Émile Durkheim, 2011-05-01      *Emile Durkheim's Contributions to Sociological Theory* Charles Elmer Gehlke, 1915      *Emile Durkheim on Morality and Society* Emile Durkheim, 1973 Selections from Durkheim s writings focus on the nature of his conception of society and its moral context      **The Social Thought of Emile Durkheim** Alexander Riley, 2014-02-04 This

new volume of the SAGE Social Thinkers series provides a concise introduction to the work life and influences of mile Durkheim one of the informal holy trinity of sociology s founding thinkers along with Weber and Marx The author shows that Durkheim s perspective is arguably the most properly sociological of the three He thought through the nature of society culture and the complex relationship of the individual to the collective in a manner more concentrated and thorough than any of his contemporaries during the period when sociology was emerging as a discipline

Emile Durkheim on Institutional Analysis Emile Durkheim,1994-10-03 Ranging from Durkheim s original lecture in sociology to an excerpt from the work incomplete at his death these selections illuminate his multiple approaches to the crucial concept of social solidarity and the study of institutions as diverse as the law morality and the family Durkheim s focus on social solidarity convinced him that sociology must investigate the way that individual behavior itself is the product of social forces As these writings make clear Durkheim pursued his powerful model of sociology through many fields eventually synthesizing both materialist and idealist viewpoints into his functionalist model of society

Suicide Emile Durkheim,2005-08-04 There would be no need for sociology if everyone understood the social frameworks within which we operate That we do have a connection to the larger picture is largely thanks to the pioneering thinker mile Durkheim He recognized that if anything can explain how we as individuals relate to society then it is suicide Why does it happen What goes wrong Why is it more common in some places than others In seeking answers to these questions Durkheim wrote a work that has fascinated challenged and informed its readers for over a hundred years Far sighted and trail blazing in its conclusions Suicide makes an immense contribution to our understanding to what must surely be one of the least understandable of acts A brilliant study it is regarded as one of the most important books Durkheim ever wrote

Emile Durkheim Ivan Strenski,2017-05-15 A new appreciation of Durkheim now into its fourth decade has extended our grasp of his intellectual ambitions beyond standard academic boundaries Contributions to this revival of interest in Durkheim many secreted away in obscure periodicals are well worth being recognized for their unqualified excellence in helping us to uncover the original Durkheimian intellectual project in all its interdisciplinary complexity Besides classic Durkheimian subjects such as religion social solidarity and suicide these studies bring to light Durkheim s intellectual inquiry into political theory comparative ethnology social reconstruction questions of civil society and his articulation of an updated individualism in conversation with Marx Hegel Spencer and others Authors who have helped us attain this more rounded conception of the Durkheimian project include such well known figures as Robert N Bellah Robert Alun Jones Anthony Giddens W S F Pickering and Edward Tiryakian More than matching these contributions are the surprising writings by authors from across the disciplines including such contemporaries of Durkheim as historian Henri Berr and theologian Alfred Loisy as well as modern day writers who deserve to be much better known such as philosopher John Brooks III or historian John Bossy Although this collection is overwhelmingly drawn from sources in English two classic critical pieces by French contemporaries of Durkheim enhance the value of this anthology
