Emotional Health And Well Being A Practical Guide For Schools:

Emotional Health and Well-being, 2004 Professor Cowie and her colleagues have produced a valuable tool for use in all schools on both micro and macro level Education Review The book is an impressive and useful handbook of advice and resources More than that because it presents so much evidence it is able to show rather than tell how schools can improve life for their pupils and teachers Gerald Haigh Times Educational Supplement Friday Magazine This book describes behaviours both disruptive and secretive which indicate emotional distress and presents a range of tried and tested strategies

Emotional Health and Well-Being Helen Cowie, Chrissy Boardman, Judith Dawkins, Dawn Jennifer, 2004-04-18 This publication is a valuable and timely contribution to the current investigations into the behaviours of children and young people that impact on their emotional health The book will serve as a practical guide for schools addressing the problem as they see it the case studies vividly illustrating situations and behaviours that teachers will readily recognise This is a well structured book It deserves to be read and can serve as a source of information on how various behaviours have been defined investigated and addressed It will be of value to any school much more than a topical or interesting read but as the basis of an institutional response to a problem seriously affecting educational achievement for individuals and schools It would particularly serve as a stimulus to in service training for teachers and support staff George Varnava Young Minds Magazine Each of the authors has considerable relevant expertise so the text is rich both in research data and examples including case studies from their experience Readers will find a wealth of practical advice and encouragement that is balanced by the acknowledgement of the limitations of individual interventions and the potential costs overt and hidden of each one A whole school approach is advocated and exemplified including schools that have considered the needs of the staff Child and Adolescent Mental Health This work would be of use throughout all age ranges as the different problems and strategies are very easily accessible with a lot of proven practical support Professor Cowie and her colleagues have produced a valuable tool for use in all schools on both micro and macro level Education Review The book is an impressive and useful handbook of advice and resources More than that because it presents so much evidence it is able to show rather than tell how schools can improve life for their pupils and teachers Gerald Haigh TES Friday Magazine This book is recommended for the wealth of practical information it contains about strategies that can help young people in distress Youth Studies Australia Secondary school is the place where young people are most constrained observed and challenged to develop This is not necessarily a stress free process either for the young person or for teachers and parents This book describes behaviours both disruptive and secretive which indicates emotional distress It looks at both the risk factors and the protective factors involved in emotional health and addresses the impact of issues such as bullying social exclusion loss and bereavement The authors show what schools can do to develop practices grounded in knowledge about the mental health issues which relate to young people In an accessible way they present a range of strategies which practitioners have shown to be effective They focus

especially on methods and policies which have been scientifically evaluated or which are considered best practice Issues and interventions are illustrated throughout with case studies drawn from the authors own practice and experience Each of the authors has a long standing interest in ways of creating supportive environments to prevent distress and to facilitate resilience in the young This book is essential reading for secondary school teachers educational psychologists education welfare officers and all those with pastoral care responsibilities

Handbook of Youth Prevention Science Beth Doll, William Pfohl, Jina S. Yoon, 2012-03-07 The Handbook of Youth Prevention Science describes current research and practice in mental health preventive interventions for youth Traditional prevention research focused on preventing specific disorders e.g. substance abuse conduct disorders or

criminality This produced silos of isolated knowledge about the prevention of individual disorders without acknowledging the overlapping goals strategies and impacts of prevention programs This Handbook reflects current research and practice by organizing prevention science around comprehensive systems that reach across all disorders and all institutions within a community Throughout the book preventive interventions are seen as complementary components of effective mental health programs not as replacements for therapeutic interventions This book is suitable for researchers instructors and graduate students in the child and adolescent mental health professions school psychology school counseling special education school social work child clinical psychology and the libraries serving them It is also suitable for graduate course work in these fields

Artificial Intelligence in the Primary Classroom Gemma Clark, 2024-05-28 Artificial intelligence AI has sparked a huge debate among teachers and school leaders Many questions arise about the trajectory of this new technology and where it will take us How will we differentiate between student authored work and AI generated content Will it lead to a loss of creativity and critical thinking skills What impact will it have on the dynamics of learning and teaching within schools These are all crucial topics for discussion yet AI has already become part of our reality and Gemma Clark firmly believes that embracing its potential is in our best interests In an era defined by technological advances Artificial Intelligence in the Primary Classroom stands as an indispensable resource that holds the key to transforming teaching and learning For educators burdened by bureaucratic tasks that divert precious time from actual teaching this book offers a lifeline It demonstrates how AI powered tools can alleviate administrative burdens enabling teachers to focus on the important job of nurturing young minds and to channel their energy and resources into higher impact activities such as crafting tailored learning experiences giving children personalised feedback and improving engagement From time consuming tasks like lesson planning assessment marking and automating report writing processes to facilitating content creation the book details tangible ways in which AI can streamline workflows improve teaching and restore work life balance Other examples include Spelling Lessons Save time when planning your spelling lessons by using AI to automatically generate a comprehensive list of phonemes or sounds suitable for teaching young children Mindfulness in the Classroom If you are interested in incorporating mindfulness games and activities to assist children in relaxation and focus AI can provide valuable suggestions for fostering pupil and staff wellbeing PE Lessons You don t have to be an expert in sports to teach PE Whether it s tennis football rugby or running AI can offer suggestions for activities warm ups and cool downs to use in your PE lessons Art Lessons AI can be an excellent resource for planning art lessons especially when seeking suggestions to emphasize one of the eight elements such as line shape form colour value texture space and value Maths Lessons As with spelling AI can significantly reduce the time spent on creating maths questions and simplify the process of differentiation Artificial Intelligence in the Primary Classroom is filled with practical strategies engaging activities and useful tips and tricks that will save teachers time and energy Gemma provides transferrable ideas and lesson plans with step by step instructions that can be adapted and used in secondary

settings as well as primary. Backed up by real world examples throughout this book empowers teachers to embrace AI as a tool in fostering enhanced learning experiences while also reclaiming invaluable time for pedagogical creativity. Suitable for primary school teachers of all levels of experience.

Emotional Wellbeing Gillian Shotton, Sheila Burton, 2025-09-15 This is an essential resource for educators working to support emotional wellbeing in children and young people. Written by the team behind the Emotional Literacy Support Assistant (ELSA) training programme, it provides practical suggestions that can be implemented straight away to make a positive difference in the life of the young person. Fully updated, the third edition of this bestselling guide includes a new chapter on trauma and adverse childhood experiences as well as expanded material to support neurodivergent children, help those who struggle with worry, and work more closely with parents and carers. The chapters give a clear overview of each topic, underpinned by the latest research in educational psychology, descriptions of vulnerabilities, as well as case studies. Let's get practical ideas and reflective moments. Topics include Self-esteem, Friendship skills, Social skills, Therapeutic stories, Understanding anger and anxiety, Dealing with loss and bereavement. With fresh colour illustrations throughout, this resource will be vital reading for ELSA trainees as well as anyone wanting to provide the best possible support for the emotional wellbeing of the young people they work with. It is designed for use with individuals, groups, or whole classes.

Mental Health in Schools Mark Prever, 2006-10-12 A clearly written, well-structured and practical account of how to help and support children and young people with mental health problems and those at risk of developing such problems. The book concludes with an excellent listing of organisations and resources.

SENCO Update A highly practical and impressive book. I like the short introductions and the concise summing up within each chapter. The book is suitable for teachers as well as counsellors and outside agencies involved in school referral work. It deserves to be widely read and to have its ideas put into practice.

Therapy Today I feel the book should be compulsory reading for everyone who works with young people, but especially pastoral heads and senior teachers with responsibilities in this area.

Janine Phillips, Class Teacher
