**Empiricism and Intuitionism in Reid's Common Sense Philosophy, Etc** Olin McKendree JONES,Thomas Reid,1927  
*The Japanese Ideology* Tosaka Jun,2024-09-17 A major Marxist thinker and critic in 1930s Japan Tosaka Jun was among the world s most incisive yet underrecognized theorists of capitalism fascism and ideology during the years before World War II The Japanese Ideology is his masterpiece first published in 1935 as Japan and the world plummeted into an age of reaction Tosaka offers a ruthless philosophical critique of contemporary ideology that exposes liberalism s deep complicity with fascism The Japanese Ideology provides a materialist analysis of the reactionary ideology then overtaking Japan with profound significance for anywhere fascism has taken root Modeled after Marx and Engels s The German Ideology it critiques idealism as the common ground for liberalism and fascism against which only historical materialism can suffice Tosaka demonstrates how liberal and fascist ideas at once justified and concealed Japan s colonization of East Asia and he investigates the many traces of fascism in Japanese thought and society The Japanese Ideology makes an important intervention in Marxist theory by criticizing reliance on the East West binary and the notion of the Asiatic mode of production Robert Stolz s translation introduces Anglophone readers to a classic of twentieth century Marxist thought by an unsung peer of Gramsci and Benjamin with striking relevance today      Scottish Common Sense in Germany, 1768-1800 Manfred Kuehn,2004-03-15 Proponents of Scottish common sense philosophy especially Thomas Reid James Oswald and James Beattie had substantial influence on late enlightenment German philosophy Kuehn explores the nature and extent of that influence

*Epistemology and Logic in the New Testament* Douglas W. Kennard,2016-11-30 Biblical contributors express an oral stage engaging Christianity within a properly basic communal worldview similar to Alvin Plantinga advocates This approach includes a communal Christian application of common sense realism within a worldview and rhetoric similar to Hillite Pharisaism Each biblical contributor provided vivid testimony using rabbinic language and thought forms For example Jewish Christian midrash re appropriates Old Testament quotes and narrative in a new performative pesher manner to present Jesus as the Christ Moving beyond the word studies of biblical epistemologists Pharisaic rabbinic Judaism use of biblical revelation mystical vision dream or audible divine voice frame mystical empiricism similar to William Alston Non foundational realism facilitates a communal resilient oral tradition similar to the rabbinics Additionally Luke Acts extensively engages Hellenistic

historiographic method and the concept of witness When multiple interpretations occur concerning miracles epistemic dualistic non foundational Lockean epistemology emerges to contribute to the authority of communal kingdom testimony Occasionally this Lockean approach adds an internal transformation much as Jonathan Edwards modified Locke to set forth his religious affections as a divine virtue epistemology confirming the authentic narrow way through Peircean pragmatism This internal knowledge provides self referential confirmation for a personal relationship and filial knowledge Each of these expressions of knowledge fosters an ultimate Kierkegaardian commitment to the Trinitarian Christian God **Thomas Reid's Inquiry and Essays** Thomas Reid,1983-01-01 Reid s previously published writings are substantial both in quantity and quality This edition attempts to make these writings more readily available in a single volume Based upon Hamilton s definitive two volume 6th edition this edition is suitable for both students and scholars Beanblossom and Lehrer have included a wide range of topics addressed by Reid These topics include Reid s views on the role of common sense scepticism the theory of ideas perception memory and identity as well as his views on moral liberty duties and principles Historical as well as topical considerations guided the selection process Thus Reid s responses to Descartes Locke Berkeley and Hume are included Through the resulting selections Reid s influence and impact upon subsequent philosophers is manifested

**Claude Buffier and Thomas Reid** Louise Marcil-Lacoste,1982-09-01 Claude Buffier 1661 1737 was a French Jesuit whose philosophy earned Voltaire s praise Thomas Reid 1710 96 was the one Scottish philosopher whose response to David Hume is still taken seriously In this comparative study Professor Marcil Lacoste not only refutes common assumptions but also shows that despite their similar concerns and the unfounded charge that Reid plagiarized from Buffier a comparison of Reid and Buffier illuminates a range of significant epistemological issues Further she demonstrates that common sense philosophies can be varied subtle and original This book also includes an edited and annotated version of Reid s hitherto unpublished *cur prim* on common sense prepared by David Fate Norton **Memory in Historical Perspective** Douglas J. Herrmann,Roger Chaffin,2012-12-06 In 1885 Herman Ebbinghaus showed the world how the scientific method could be applied to the elusive phenomena of memory But what of work on memory before Ebbinghaus The long ascendance of the Ebbinghaus tradition has eclipsed the contributions of scholars before Ebbinghaus Memory in Historical Perspective draws together for the first time a collection of writings that figured prominently in scholarly thought about memory from the 8th century B C until the scientific investigation of memory began in the late 19th century Memory in Historical Perspective will be of value to students researchers teachers and writers who wish to place the study of memory in its historical context The writings are thought provoking they deal with a wide range of basic issues in memory in a direct and refreshing way A study of these writings will stimulate insights into current issues about memory in psychology philosophy artificial intelligence anthropology and education *Reid-Arg Philosophers* Keith Lehrer,2010-07-13 This book is available either individually or as part of the specially priced Arguments of the Philosophers Collection The purpose of this series is to provide a

contemporary assessment and history of the entire course of philosophical thought Each book constitutes a detailed critical introduction to the work of a philosopher of major influence and significance The author s reason for writing this book is that the philosophy of Thomas Reid is widely unread while the combination of soundness and creativity of his work is unexcelled
