# Employer Roles In Linking School And Work Lessons From Four Urban Communities

**Thomas C. Hunt**

## **Employer Roles In Linking School And Work Lessons From Four Urban Communities:**

**Employer Roles in Linking School and Work** Committee for Economic Development, 1998 To identify ways employers can strengthen the link between school and work case studies of efforts to link school to work were conducted in four urban communities Boston Massachusetts Fort Worth Texas Louisville Jefferson County Kentucky and Philadelphia Pennsylvania Data were gathered from interviews with educators members of the business community and representatives of bodies devoted to linking school to work for example private industry councils work force development councils and school to work partnerships All four communities showed evidence of the following defining and implementing rigorous academic standards embedding academic curricula in real world contexts introducing applied hands on pedagogy and extending learning beyond the classroom through field based investigations teacher externships community service school based enterprises and work based learning It was concluded that employers can provide leadership in school reform by combining consistent support for district and school improvement with organized pressure to sustain and accelerate measurable progress and that employer improvement is particularly critical to strategies for reforming comprehensive high schools The following challenges facing communities wishing to foster school to career programs were identified moving from small pilots to significant scale demonstrating improved student and school outcomes building and sustaining support and integrating school to career practices into a coordinated high school reform agenda Contains 85 endnotes MN

**Employer Roles in Linking School and Work**, 1998

**New Opportunities for Older Workers**, 2000-08 What role should older workers play in our future work force when the retirement of the baby boomers starting about 2010 will make tight labor markets commonplace This unprecedented demographic shift calls for a fundamental rethinking about the work force of the future Employer attitudes and policies must change if older workers are to remain in the work force longer This report recommends a pro work agenda for employers policymakers and older workers in 6 areas getting the financial incentives right replacing stereotypes about older workers the training imperative rethinking the org of work getting older workers into new jobs and a strong and flexible safety net

**Resources in Education**, 2001-04

*The Employer's Role in Linking School and Work* Committee for Economic Development. Research and Policy Committee, 1998 This document which is addressed to employers and others wishing to foster school to career programs reflects the views of the Committee for Economic Development regarding employers role in linking school and work The following topics are among those discussed in chapters 1 3 youth and careers present versus past labor markets causes of trouble finding jobs changing skill requirements challenges for schools and society costs of the skills gap learning for the new economy importance of raising academic achievement school to career as a strategy for motivation and instruction evidence regarding the effectiveness of programs linking school and work importance of moving to scale and employer roles in improving learning promoting academic achievement through high standards and supportive company practices advocating school to career reforms providing work experience for students and

teachers facilitating employer participation through intermediaries Chapter 4 discusses actions that schools and the government can take and makes the following recommendations to employers support high academic achievement through policy and company practice join and support intermediary organizations that link employers and schools and participate in programs that use work experience to promote academic learning and career exploration Appended are the addresses of 20 school to career resource organizations and contains 127 endnotes MN

**STEM Education 2.0** Alpaslan Sahin, Margaret J. Mohr-Schroeder, 2019-08-12 STEM Education 2.0 discusses the most recent research on important selected K 12 STEM topics by synthesizing previous research and offering new research questions The contributions range from analysis of key STEM issues that have been studied for more than two decades to topics that have more recently become popular such as maker space and robotics In each chapter nationally and internationally known STEM experts review key literature in the field share findings of their own research with its implications for K 12 STEM education and finally offer future research areas and questions in the respected area they have been studying This volume provides diverse and leading voices in the future of STEM education and STEM education research

The Impossible Dream Thomas C. Hunt, 2002 Annotation Hunt formerly education Virginia Tech considers the search by education reformers for panaceas throughout American history He presents a number of educational innovations and describes the reasons they were promoted what conflicts arose because of them and what resulted from their implementation Topics include for example the role of Bible reading in the schools in the 1800s the Life Adjustment movement of the 1940s and more recent school to work programs Annotation c Book News Inc Portland OR booknews com

**Welfare Reform and Beyond** Committee for Economic Development. Research and Policy Committee, Committee for Economic Development, 2000

**Jobs-careers-professions** Leon V. Werner, 2001 This book consists of citations covering a wide spectrum of the job hunting employment and professional fields The decisions leading to the job interview including educational choices and the events which occur during one s employment will form a large part of an individual s life s experiences Most individuals will work at several different jobs during a lifetime of work

**Education for Global Leadership** Committee for Economic Development. Research and Policy Committee, Committee for Economic Development, 2006 To confront the twenty first century challenges to our economy and national security our education system must be strengthened to increase the foreign language skills and cultural awareness of our students America s continued global leadership will depend on our students abilities to interact with the world community both inside and outside our borders This report warns that the U S will become less competitive in the global economy because of declining quality foreign language education at the college and high school level Additionally the American public s deficiency in foreign languages and cultures is hampering efforts to counter terrorist threats To have a citizenry that is knowledgeable of world regions global issues and foreign cultures as well as conversant in other languages we will need to strengthen the curriculum of the K 12 education system as well as that of our colleges universities and professional schools Although there

is much that can be done by states governors business leaders and others leadership by the Federal government will be crucial in jump starting this effort This report recommends 1 teaching international content across the curriculum and at all levels of learning to expand American students knowledge of other countries and cultures 2 expanding the training pipeline at every level of education to address the paucity of Americans fluent in foreign languages especially critical less commonly taught languages such as Arabic Chinese Hindi Japanese Korean Persian Farsi Russian and Turkish and 3 national leaders political leaders as well as the business and philanthropic communities and the media should educate the public about the importance of improving education in languages other than English and in international studies Appended are 1 A Timeline of Important Developments in International Studies and Foreign Language Education and 2 Major Federal Legislation Pertaining to International Studies and Foreign Language Education Contains 167 endnotes This report represents a statement by the Research and Policy Committee of the Committee for Economic Development For the Executive Summary of this report see ED502295      **Techniques** ,1998 Making education and career connections      *Improving Global Financial Stability* Committee for Economic Development.
