I Believe Eldon Taylor, 2012-03-15 What is the foundation underpinning success in all areas of life Is there a blueprint What if you learned that your beliefs were the very cornerstones that supported success and that having a few of these could give rise to success in some areas while complete failure in others Would you choose to build a stronger overall foundation Very few people today doubt the power of positive thinking We all know that if we expect to fail then failure is inevitably what we get and there is also the issue of the mind body connection science is repeatedly demonstrating the power of mind and belief to heal What you believe can and does have a huge impact on the quality of your life from success in business to success in relationships from your ability to learn and master new subjects to your ability to

heal your own body But have you ever stopped to consider your own beliefs to truly examine them and decide for yourself if they are serving you or sabotaging you Eldon Taylor has spent over 25 years researching the power of the mind and developing scientifically proven methods to use this power to enhance the quality of your life I Believe is a book that will not only inspire you but will highlight the kinds of beliefs you hold that may be causing you to fail In the process it will provide you with the opportunity to choose once again the beliefs that drive your life **Human Resource Management, 2e**
