En Manos De La Gracia In The Grip Of Grace:

EN MANOS DE LA GRACIA Max Lucado, Viewing Disability in Medieval Spanish Texts Connie

Scarborough,2025-10-01 This book is one of the first to examine medieval Spanish canonical works for their portrayals of disability in relationship to theological teachings legal precepts and medical knowledge Connie L Scarborough shows that physical impairments were seen differently through each lens Theology at times taught that the disabled were marked by God their sins rendered on their bodies at other times they were viewed as important objects of Christian charity The disabled often suffered legal restrictions allowing them to be viewed with other distinctive groups such as the ill or the poor And from a medical point of view a miraculous cure could be seen as evidence of divine intervention This book explores all these perspectives through medieval Spain s miracle narratives hagiographies didactic tales and epic poetry **Books in**
