M. King, 2022-05-13 No canonical Gospel is more concerned with wealth and poverty than Luke A centuries

long debate rages over just how revolutionary Luke's message is. This book seeks to recover Luke's radical economic message to place it in its ancient context and to tease out its prophetic implications for today. Luke has a radical message of good news for the poor and resistance to wealth. God is shown to favor the poor, championing their struggle for justice while condemning the rich and recommending a sweeping disposal of wealth for the benefit of the poor. This represents a distinct break from the ethics of the Roman Empire and a profound challenge to modern economic systems. Generations of interpreters have worked to file down Luke's sharp edges from scribes copying ancient manuscripts to early Christian authors to contemporary scholars. Such domestication disfigures the gospel, silencing its critique of an economic system whose unremitting drive for profit and economic growth continues to widen the gap between rich and poor while threatening life-altering environmental change. It is time to reclaim the bracing prophetic call of Luke's economic message that warns against the destructive power of wealth and insists on justice for the poor and marginalized.

Vande Kappelle,2021-04-27 We live in a time of religious warfare not just between different religions but also between those with differing versions of the same faith This religious distrust and political conflict may be the worst in American history since the Civil War Speaking as a progressive conservative biblical scholar Robert Vande Kappelle uses a four stage model of faith development to rethink core Christian doctrines Starting with current events and a discussion on the role of religion this book examines how inadequate faith development makes people of faith susceptible to misinformation conspiracy thinking and even to cultic mindsets People of faith do not choose to believe a lie they all want to believe what is true Hence it is surprising that in the realm of religion so many people are willing to rely upon untested and even highly disputed beliefs beliefs most received as children Unfortunately many of these teachings are based upon ancient hopes and fears rather than upon factual historical information Taken literally dualistic teachings concerning heaven and hell sin and salvation good and evil and apocalyptic beliefs such as the end times and the imminent return of Christ to earth are questionable not only because they are beyond historical and scientific verification but also because they can be misused by authoritarian leaders

to control and mislead devout individuals Thankfully there is a way to outgrow cultic Christianity The path to spiritual maturity comes by restoring the role of religion a form of spirituality discovered not by addition but by a process of subtraction Outgrowing Cultic Christianity is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection     *The Seed of Abraham* Michael M. C. Reardon, Pesach Wolicki, 2025-06-25 The inspiration for this volume emerged from years of friendship dialogue and collaboration between a Jewish rabbi and Christian professor Historically Jewish Christian relations has been a fraught sphere of inquiry Despite sharing a set of Scriptures the relationship between Christians and Jews has been marked by distrust misunderstandings and exaggerated theological differences which taken together appear to create an indissoluble wedge between the two faiths This volume brings the two faiths into fruitful and productive dialogue by unearthing recondite yet highly significant features shared between them Beyond being an academic exercise the aspiration undergirding this project is to bridge the gap between Jews and Christians and by doing so chart a path forward toward rapprochement reconciliation and Jewish Christian unity     *Gospel Herald* ,1921     **Radical Enlightenment** Jonathan Irvine Israel, 2001 Readership Readers with an interest in the European Enlightenment intellectual and cultural historians scholars and students of philosophy     **The Radical Review** ,1883     *Michigan Christian Advocate* ,1893     **The Freethinker** ,1895     **Africa Study Bible, NLT** John Jusu, 2017 The Africa Study Bible brings together 350 contributors from over 50 countries providing a unique African perspective It s an all in one course in biblical content theology history and culture with special attention to the African context Each feature was planned by African leaders to help readers grow strong in Jesus Christ by providing understanding and instruction on how to live a good and righteous life Publisher
