Exuberance The Passion For Life:

Exuberance Kay Redfield Jamison, 2004-09-28 A national bestselling author examines one of the mind's most exalted states: one that is crucially important to learning risk taking, social cohesiveness and survival itself. Jamison is that rare writer who can offer a kind of unified field theory of science and art. The Washington Post Book World With the same grace and breadth of learning she brought to her studies of the mind's pathologies, Kay Redfield Jamison examines one of its most exalted states: exuberance. This abounding, ebullient, effervescent emotion manifests itself everywhere, from child's play to scientific breakthrough. *Exuberance: The Passion for Life* introduces us to such notably irrepressible types as Teddy Roosevelt, John Muir and Richard Feynman, as well as Peter Pan, dancing porcupines and Charles Schulz's Snoopy. It explores whether exuberance can be inherited, parses its neurochemical grammar and documents the methods people have used to stimulate it. The resulting book is an irresistible fusion of science and soul. *Slow is Beautiful* Cecile Andrews, 2006-10-01 We're hammered, we're slammed, we're out of control. Happiness is on the decline in the most affluent country in the world, and Americans are troubled by the destructiveness of a lifestyle devoted to money and status. Yet no one seems to have a clue how to exit from the fast lane. *Slow is Beautiful* analyzes the subtle consumer and political and corporate forces stamping the joy from our existence and provides a vision of a more fulfilling life through the rediscovery of caring, community, unhurried leisure and life-affirming joie de vivre. The book discusses the frantic time poverty plaguing everyone, a poverty that is being challenged by the growing slow life movement whose message is reverberating around the world. The need to build a culture of connection with both people and the planet by challenging the consumer society and re-creating vibrant life in our local communities. The creation of a different experience of time where we live life in slower, more reflective ways, savoring our lives and recapturing exuberance and laughter. Offering inspiration and concrete ideas, *Slow is Beautiful* will appeal to a broad audience of baby boomers nearing retirement, harried professionals with a social conscience, the one-time middle class and twenty to thirty somethings who are now facing the sobering realities of constricted choices. **The Truth Will Make You Free** Robert F. Leavitt, 2019-02-07 2020 Association of Catholic Publishers first place award in theology. The available literature on the new evangelization is wide-ranging and focused on issues of ecclesial renewal. In *The Truth Will Make You Free*, Fr. Robert Leavitt adopts a different approach to the subject. From Paul VI until Pope Francis, the nature and challenges of modern secularism have become a recurring factor in the agenda of the new evangelization, yet often without historical perspective and philosophical balance. Few popular works bother to examine in such depth and scope as this book does what the history, nature and implications of the secular age are for revitalizing ministry in an age of optional belief. Written for the interested layperson, seminarian, theology student and pastor, *The Truth Will Make You Free* is an indispensable catechism for rethinking our understanding of the secular world in proclaiming the Gospel of Christ. *Waltzing* Richard Powers, Nick Enge, 2013 In the 85 chapters of this guidebook, you will find many ideas about waltzing, dancing and living.
