Tata,2023-03-21 General Garrett Sinclair undertakes a rogue mission in the Sahara Desert to thwart an international nuclear threat in Total Empire an explosive thriller from A J Tata When Sergeant Major Sylvester Sly Morgan is killed on a mission his daughter Zoey tells General Garrett Sinclair that her father s death wasn t random Morgan had recorded a high level meeting between Chinese American and French diplomats as they spoke about a plan for a new global government The Chinese U S Partnership or CUSP intends to combine the world s two largest economies and militaries to usher in a new era of partnership and leadership But China s offer has a deadline and penalties for noncompliance As a safeguard China has five high tech hypersonic glide vehicles armed with nuclear weapons orbiting the earth ready to strike When Zoey disappears in Africa seemingly while in pursuit of her father s killer Sinclair and Dagger Team are caught off guard as they scramble to catch up Without authorization or support from his government Sinclair takes his team into the maw of the Saharan death pit the Eye of Africa In what will prove to be his most dangerous mission yet Sinclair must overcome tremendous odds with the threat of nuclear Armageddon hanging in the balance **Annals of Medical History** ,1924 Annals of Ophthalmology ,1917 **Forever Sleep** Zack Figueroa,2005-04 In Forever Sleep author Zack Figueroa descends into the realms of both horror and the supernatural in the form of twenty new short stories that will keep the reader entranced An excerpt from the story Swim Class Her tiny blue eyes started blankly ahead until they

fixed themselves in the direction of his glance He took his eyes off this phantom as he drew his arms forward in a sort of flapping motion as if to swim away Once he looked back into the general area he saw that it was the mysterious woman once again He tried to ask her what she was but the only thing that came out was a blurted sound composed of bubbles and vocal cords All of that meant nothing once he looked down at her legs What he saw weren't legs at all instead they looked more like the tentacles of an octopus Once he looked back up at her upper torso her arms were suddenly replaced with the pincers that of a huge mutated crab Below her wide eyes that were now unblinking started to form a huge mouth of serrated teeth that were growing from ear to ear to the point that her nose was being stretched into nothingness

*A Union Forever* David Sim, 2013-11-08 In the mid nineteenth century the Irish question the governance of the island of Ireland demanded attention on both sides of the Atlantic In *A Union Forever* David Sim examines how Irish nationalists and their American sympathizers attempted to convince legislators and statesmen to use the burgeoning global influence of the United States to achieve Irish independence Simultaneously he tracks how American politicians used the Irish question as means of furthering their own diplomatic and political ends Combining an innovative transnational methodology with attention to the complexities of American statecraft Sim rewrites the diplomatic history of this neglected topic He considers the impact that nonstate actors had on formal affairs between the United States and Britain finding that not only did Irish nationalists fail to involve the United States in their cause but actually fostered an Anglo American rapprochement in the final third of the nineteenth century Their failures led them to seek out new means of promoting Irish self determination including an altogether more radical revolutionary strategy that would alter the course of Irish and British history over the next century

**Forever 17** Ulrike Bialas, 2023-12-26 Heartbreaking images of children in distress have propelled some of the most urgent calls for action on immigration crises While we might feel a personal impulse to help the vulnerable this often extends to state asylum policies In *Forever 17* sociologist Ulrike Bialas follows young African and Central Asian migrants in Germany as they navigate an immigration system engineered to protect minors Without official paperwork or even knowledge of their exact age migrants must decide how to present their complicated life stories to government officials Age in particular often has an outsized effect on their cases A migrant under 18 can't be deported for instance but might be placed in a youth home with strict curfew laws that are especially infantilizing as peers at home begin to start families An 18 year old adult will have permission to work but not opportunities to go to school And a 15 year old mother will be separated from her child No matter their age or choice of age migrants face psychological burdens as well as practical barriers But the psychological and practical burdens don't exclusively affect migrants Bialas also spends time with the social workers and doctors charged with determining a migrant's age and national origins Though Germany's infamous bureaucracy is constructed to issue clear statements about refugees the truth is often more complicated Social workers and doctors grapple

with the difficult implications of their decisions Ultimately Bialas shows policies surrounding asylum seekers and other immigrants fall dramatically short of their humanitarian ideals Even those policies designed to help the most vulnerable can lead to outcomes that drastically limit the possibilities for migrants in real need of asylum and impede them from leading fulfilling lives      **The Pennsylvania School Journal** Thomas Henry Burrowes, James Pyle Wickersham, Elnathan Elisha Higbee, David Jewett Waller, Nathan C.
