Eye On The Whiplash And Other Stories:

A Night at the Inns and Other Stories Henry Murphy, 2018-03-01 **Requiem for an Unsung Revolutionary and Other Stories** Manju Kak, 1996 **The People of the Pit and Other Stories** Abraham Merritt, 2016-11-28 The People of the Pit and Other Stories is a collection of Abraham Merritt's short stories and contains seven stories and two fragments. These short stories span the entire career of the man who has been called America's foremost adventure fantasist of the 1920s and 30s. Several of the tales boast the lush purple prose of Merritt's early period as seen especially in his first two novels *The Moon Pool* and *The Metal Monster* but all seven are finely written little gems. They run the gamut from full-blown fantasy to lost world adventure to outright science fiction and abundantly demonstrate that Merritt was a master of the concise short form as well as the full-length novel.

Flowering Judas and Other Stories Katherine Anne Porter, 2014-03-25 The Library of America presents an exclusive e-book edition of the astonishing 1930 collection that introduced a major new voice in American literature. If Katherine Anne Porter had written nothing but these short narratives observed the *New York Times* she would be among the most distinguished masters of her craft in this country. *The Shadows Return (and other stories)* Ravi Tennety, 2020-03-20 A teacher who loves to discipline his students a friend who returns to kill a hotel that retains its guests a wife who dreads the return of her husband an educationalist whose spirit remains in his school a pickpocket who finds the wrong victim an unending flight an actress who literally lives her role *The Shadows Return and other stories* is a compelling collection of short stories. They are tightly woven haunting and inevitably carry a sting in the tail. The author races the reader to the end and with a deft flick turns him around to face the way he has come. Each story is meticulously detailed and knit like a collage. The last few lines convert each painting into a hologram where the reader is not sure what the picture really is. Won't you enjoy the ride?

The German Lieutenant August Strindberg, 1915 It was fourteen days after Sedan in the middle of September 1870. A former clerk in the Prussian Geological Survey later a lieutenant in the reserve named Von Bleichroden sat in his shirt sleeves before a writing table in the Caf du Cercle the best inn of the little town Marlotte. He had thrown his military coat with its stiff collar over the back of a chair and there it hung limp and collapsed like a corpse with its empty arms seeming to clutch at the legs of the chair to keep itself from falling headlong. Round the body of the coat one saw the mark of the sword belt and the left coat tail was rubbed quite smooth by the sheath. The back of the coat was as dusty as a high road and the lieutenant geologist might have studied the tertiary deposits of the district on the edges of his much worn trousers. When the orderlies came into the room with their dirty boots he could tell by the traces they left on the floor whether they had been walking over Eocene or Pleiocene formations. He was really more a geologist than a soldier but for the present he was a letter writer. He had pushed his spectacles up to his forehead sat with his pen at rest and looked out of the window.
