Immigration and Migration Rayna Bailey, 2010-06-23 Presents a guide to the issues of immigration and migration including definitions primary sources important documents research tools organizations and notable persons **House of Commons - Home Affairs Committee - The Work of the Immigration Directorates (April-September 2013) - HC 820** Great Britain: Parliament: House of Commons: Home Affairs Committee, 2014-03-28 The numbers coming from Bulgaria and Romania since the end of transitional controls appear rather more a trickle than a flood The Government's failure to commission an estimate of these numbers has led to unnecessary anti immigrant It is essential that for future enlargement of the EU the Government commission research on the impact of migration to the UK The Migration Advisory Committee should be tasked by the Government to provide an estimate of the numbers arriving in our country The Government must also not sell citizenship to the highest bidder Those who seek to acquire British citizenship should be fit and proper The Warnings Index and our borders controls are still not fit for purpose and there is a real possibility that dangerous criminals have been able to enter the UK without the authorities knowing The verdict in the Baksim Bushati case described UK's defences to illegal immigration to be leaking like a sieve and Border Force as powerless and as hopelessly undermanned The Migration Refusal Pool also remains a concern Capita have found over 34 000 cases where the person has left the UK Apart from the fact that we have a system where the Home Office cannot know where over 30 000 people are we then pay a private company Capita to clarify that they have left Capita appear to get paid for just finding out they aren't here not actively having to do anything to remove them This work could have been undertaken by the Home Office directly **The Royal Guide to the London Charities** Herbert Fry, 1884 *The Colony of Victoria* William Westgarth, 1864 Early history of Victoria includes one chapter on William Buckley's Buckley's years spent with the Aboriginal people around Port Phillip his adoption by and life among an Aboriginal tribe and eventual rediscovery by John Batman's expedition on brief mentions of the establishment of Aboriginal missions in Victoria at Lake Boga and Coopers Creek in Gippsland Moravians description of Aboriginal cricketers and their style of play and running decrease in Aboriginal population in Victoria Tasmania and Brisbane **Emigration from the United Kingdom to North America, 1763 - 1912** S.C Johnson, 2019-04-09 First published in 1913 this valuable and scholarly work is an account of the flow of population from the British Isles to the United States and Canada during the nineteenth century and the author's extensive researches into government reports and papers has brought together a great deal of material which gives his book an important place as an authority on British emigration The work begins with a short historical survey in which the author discusses the causes of emigration before treating the subject topically as a series of political and economic problems He gives a detailed account of the transport and reception of emigrants of emigration restrictions and colonisation schemes and of the emigration of women and children and presents with much force the conflict of interests that grew up between England and her colonies respecting migration This must still be regarded as an

Emigration and Empire Marion Diamond, 2013-06-17 Maria S Rye a woman motivated by both feminist and philanthropic ideals devoted her life to the migration of women and girls out of England This biography gives an account of Rye's activities from her early engagement with liberal feminism through her association with the Langham Place group in the 1850s her work as a journalist and with the Society for Promoting Women's Employment through to her efforts in women's and children's emigration Between 1861 and 1896 Maria S Rye sent many hundreds of single women out to Australia New Zealand and South Africa and more than four thousand children to Canada all with the promise of a better life in the British colonies than they could expect at home in England Like many nineteenth century advocates of emigration she saw it as a panacea for many social ills taking people from impoverishment in the old world to the hope of better prospects in the new Unlike other advocates she linked this enthusiasm for emigration with the ideals of liberal feminism arguing that women and girls should share the opportunities for advancement that the colonies offered to men and boys Rye played a central role in developing organizations to facilitate the migration of women and girls starting with the Female Middle Class Emigration Society in 1861 After 1869 she concentrated on the migration of so called gutter children to Canada where her pioneering efforts were followed by numerous other philanthropic associates such as Barnardo This biography analyzes how feminism and philanthropy intertwined in her activities and how her early concerns with the rights of women to economic opportunity came to be over ridden by an authoritarian streak that led to the tragic excesses of her work in juvenile migration The Privatisation of Immigration Control through Carrier Sanctions Sophie

Scholten,2015-08-11 The central theoretical question of The Privatisation of Immigration Control through Carrier Sanctions concerns the social working of legal rules Sophie Scholten examines how states private companies carriers and people passengers have become interconnected through carrier sanctions legislation Scholten describes the legal framework in the Netherlands and the UK and international and European legislative rules developed on the subject The author ties in with debates on privatisation of control in general and of immigration control in particular As such the author provides a much needed new look at a field which as not attracted detailed academic attention Scholten opens up fascinating questions about the relationship of the public and private sectors in the complex and politically sensitive area of immigration **The Oxford Survey of the British Empire ...** Andrew John Herbertson,1914
