Emily Elephant:

Open the Door to Abigail's Journey is blessed, 2024-12-05 Abigail was a very special little girl who lived a long time ago. She lived in an orphanage and longed to have a family of her very own so she prayed faithfully to God every night and one morning she got a surprise she had her very own guardian angel. Abigail was brave and opened a door that changed her life and others. What adventures she had. Parents will enjoy reading as much as children will enjoy listening. Open the door each night with your child to Abigail's Journey. Doors were made to be opened 70/70 Under Emily's Sky Ann Alma, 1997-09-01

During a camping trip 11-year-old Lee finds herself on a rough trail in a Vancouver Island forest. Halfway to an abandoned homestead, Lee trips and is knocked unconscious. She awakens in a world unfamiliar; all the usual landmarks have disappeared and the terrain is unpopulated except for a strange trailer and a herd of dogs. Lee investigates only to find an ornery woman at an easel who says she is Emily Carr and a family from the Depression torn Prairies illegally logging the island's mighty cedars. **Laxmi Panda: The Story of Netaji's Youngest Spy** Savie Karnel, 2024 A TRUE UNTOLD AND GRIPPING TALE OF LAXMI PANDA A COURAGEOUS CHILD SPY IN THE INDIAN NATIONAL ARMY DURING WORLD WAR II. Laxmi Panda The INA Spy is a riveting journey through the tumultuous World War II era. Born into poverty and chaos in 1930s Burma, young Laxmi's life takes an unexpected turn when both her railroad worker parents are killed in a bomb attack. Fuelled by vengeance and a one-point agenda, she braves rejection and earns her place as the youngest soldier in the Rani Laxmi Bai Regiment of the Indian National Army. Under the guidance of Netaji Subash Chandra Bose himself, Laxmi transforms from a determined girl into a formidable spy, mastering the art of espionage and survival. With her small frame and sharp wit, she navigates treacherous landscapes, risking everything to gather vital intelligence against the British. From daring escapes to heart-pounding encounters, Laxmi's journey is fraught with danger and uncertainty. Yet amidst the chaos of war, she discovers her own resilience and courage, fighting not just for her country but also for her own sense of justice. A must-read story previously untold of a forgotten hero whose bravery and sacrifice make for an important part of Indian history. Written by Savie Karnel, author of *The Nameless God*, Laxmi Panda's tale is one of adventure, intrigue, and the enduring spirit of youth in the face of adversity. **Elephants on the Edge** G. A. Bradshaw, 2019-06-18 At times sad and at times heartwarming. Helps us to understand not only elephants but all animals including ourselves. Peter Singer, author of *Animal Liberation*, drawing on accounts from India to Africa and California to Tennessee, and on research in neuroscience, psychology, and animal behavior. G. A. Bradshaw explores the minds, emotions, and lives of elephants. Wars, starvation, mass culls, poaching, and habitat loss have reduced elephant numbers from more than ten million to a few hundred thousand, leaving orphans bereft of the elders who would normally mentor them. As a consequence, traumatized elephants have become aggressive against people, other animals, and even one another; their behavior is comparable to that of humans who have experienced genocide, other types of violence, and social collapse. By exploring the elephant mind and experience in the wild.

and in captivity Bradshaw bears witness to the breakdown of ancient elephant cultures But she reminds us all is not lost People are working to save elephants by rescuing orphaned infants and rehabilitating adult zoo and circus elephants using the same principles psychologists apply in treating humans who have survived trauma Bradshaw urges us to support these and other models of elephant recovery and to solve pressing social and environmental crises affecting all animals humans included This book opens the door into the soul of the elephant It will really make you think about our relationship with other animals Temple Grandin author of *Animals in Translation* *Emerging Voices for Animals in Tourism* Jes Hooper, Carol Kline, 2024-02-14 While the study of animal human interactions within the context of tourism has been explored in a greater number and diversity of ways within the last decade the discourse remains divided between traditional tourism academia and outside disciplines looking in Tourism academia has borrowed philosophical ethical gender studies sociological ecological conservation and economic lenses to explore animals in tourism however collaboration with authors external to tourism studies remains few This edited volume strengthens the bridge between tourism academia and other disciplines by highlighting the fresh perspectives emerging methodologies and innovative interdisciplinary conventions at the forefront of animals in tourism research whilst critically working towards more ethical human animal interactions within the tourism and leisure space Split into four parts emerging motivations emerging cultures emerging narratives and emerging reflections this unique text will be widely applicable to scholars working towards equitable human animal interactions within tourism
