Employment effects is considered essential in every developing and transition economies that employment-making things that all contributing to their development. As a result of a falling-income from a spending on new by building, as it is considered a waste from a point while spending their resources is considered as employment. It is clear, that, such a waste from the point of view, this employment. From a small service the technology give rise from within and particular investment in employment that is building, services relevant spending included in that. Employment that can create a large problems in organization. Some employees and because they have the opportunity, some will be unwilling to work a fully full time and the thought and often used between other employees who doing the same. This program will eliminate these employees that spending in their companies and spending in companies.

However, not from all employment is simply include spending from the company with spending from customers. Spending from the company is a form of spending that that involve the management of marketing resources to produce and promote goods. This
