An Anthology of Modern French Poetry (1850-1950) Peter Broome, Graham Chesters, 1976-07-15 This anthology is the companion volume to *The Appreciation of Modern French Poetry* the aim of which was to give detailed preliminary help with the problems of poetic appreciation The fourteen poets represented here provide a varied and exciting introduction to what is probably the richest century of French poetry from 1850 to 1950 Hugo the colossus of the nineteenth century whose work gives new resonance and vitality to imaginative vision opens the anthology and Michaux the most individual and modern of twentieth century poets in that he bridges the gap between poetry and contemporary science closes it Almost all the major poets of the period are included Nerval Baudelaire Mallarmé Verlaine Rimbaud and Laforgue from the second half of the nineteenth century Valéry Apollinaire Supervielle and Eluard in the twentieth The lesser known Cros and Desnos fresh and spontaneous poets with an immediate appeal invite a new look at the lyric traditions of French verse and offer an attractive new avenue for study The choice of poems dictated above all by their individual poetic value reflects also the trends of recent criticism and the tastes of present day readers The texts are all accompanied by full notes which not only explain local difficulties of vocabulary syntax and expression but lead the reader directly into the heart of the richness of theme style and interpretation These will prove of value not only to the student who is grappling with the basics of French verse or is anxious to give depth to his familiarity but to the general reader seeking to rekindle his enjoyment of French poetry In addition there are introductions to each poet summarizing the essence of his art useful suggestions for further reading and groups of discussion topics to stimulate comparative insights and a wider responsiveness

La voix des êtres aimés Isabelle Jarry, 2011-03-23 Au début de la C leste retrouve Paul qu'elle n'a pas vu depuis quinze ans. Il était son professeur de philosophie, elle était sa jeune maîtresse pendant trois ans. Paul est très malade. Se sachant condamné, il demande à C leste de venir passer quelques jours avec lui, la campagne. Il lui demande aussi de lui raconter une histoire d'amour. C leste lui fait le récit d'une aventure qu'elle a eue au Vietnam des années auparavant avec un pêcheur du nom de Ho ng. À travers cette romance, que C leste dévoile lentement, c'est leur histoire d'amour passionnée que Paul revit. Dans la vacance et le silence des jours, les deux personnages partagent un huis clos rempli des fantômes de leur amour passé. L'histoire de C leste et Ho ng croise celle de Paul et C leste, elle s'y compare et s'y mélange dans un jeu de miroirs où chacun cherche son lien perdu. Dans une tension entretenue par la pression qu'exerce la maladie, la conscience du temps très court qui leur est accordé et l'intimité de plus en plus grande qui s'installe entre eux, les deux personnages sont rattrapés par l'intensité du sentiment qui les a unis. Synthèse langagière de l'amour, de l'attente, de la rupture, de la passion, du danger et de l'excès, différence de géo-fosses culturelles, c'est autour de ces thèmes que tournent C leste et Paul, lui en philosophe spinoziste, elle en amoureuse exaltée.

Babélica fue el de estudiar las relaciones entre el discurso poético y los discursos fílmico y fotográfico. El encuentro tuvo un perfil multidisciplinar y plurilingüe con presentaciones en lengua española gallega portuguesa francesa e italiana. El enfoque de las diferentes intervenciones ha privilegiado tanto cuestiones de índole metadiscursivo es decir la investigación de los modos como el cine o la fotografía son objeto del discurso poético y la poesía es objeto de los discursos fílmico y fotográfico como el análisis de obras y autores específicos. Asimismo el ángulo de apertura de los espacios culturales privilegiados tiene como vertice múltiple los mbitos ibérico europeo e iberoamericano buscando en ellos campos de fuerza que concurren para la inteligibilidad de los procesos modernos de la Poesía y del Cine.
