Eye Of The Blackbird A Story Of Gold In The American West:

Eye of the Blackbird Holly L. Skinner, 2001 From California to the Klondike prospector Holly Skinner follows a trail of gold across the nineteenth century American West Living in a ghost town on Wyoming's South Pass she steps back into a world where gold ruled the passions of those who pursued it and changed the shape of the nation that found it In a style reminiscent of John McPhee Skinner weaves the story of her own solitudinous search for the precious metal into her accounts of the gold rushes that so dramatically accelerated the westward movement

Women in the Western Matheson Sue Matheson, 2020-07-31 In Westerns women transmit complicated cultural coding about the nature of westward expansionism heroism family life manliness and American femininity As the genre changes and matures depictions of women have transitioned from traditional to more modern roles Frontier Feminine charts these significant shifts in the Western's transmission of gender values and expectations and aims to expand the critical arena in which Western film is situated by acknowledging the importance of women in this genre

Beyond the Summit Todd Skinner, 2003-10-27 World class rock climber Todd Skinner is also one of today's most sought after motivational speakers for business audiences Whenever he describes his history making sixty day free climb of the 20 500 foot Trango Tower in the Karakoram Himalayas shown on the jacket people are in awe of his stamina skill ambition and determination They are also eager to apply his lessons in their professional and personal lives Skinner argues that everyone has a mountain to climb whether it's meeting your annual sales target or launching a new product or getting your department to improve its teamwork And he stresses that you should set your goals even higher than you normally would and constantly look beyond the current summit to the next one For instance instead of aiming for 10 percent revenue growth go after a seemingly impossible 50 percent target and then think of new ways to get there In both rock climbing and business you must define your exact mission assemble the right team make the critical transition from preparation to action have courage when crossing difficult terrain and weather the storms well Skinner offers fresh insights into all of these topics and explains principles such as how you think is more important than what you know pick teammates for what they will do not what they have already done make decisions in answer to the mountain fall toward the summit see each challenge as part of a bigger picture your lifelong ascent Beyond the Summit presents fresh and inspiring advice on leadership teamwork and decision making skills combined with an epic adventure tale

Boehme,2016-02-17 Artists and filmmakers in the early twentieth century reshaped our vision of the American West In particular the Taos Society of Artists and the California based artist Maynard Dixon departed from the legendary depiction of the Wild West and fostered new images or brands for western art This volume illustrated with more than 150 images examines select paintings and films to demonstrate how these artists both enhanced and contradicted earlier representations of the West Prior to this period American art tended to portray the West as a wild frontier with untamed lands and peoples Renowned artists such as Henry Farny and Frederic Remington set their work in the past invoking an environment immersed in conflict and violence This trademark perspective began to change however when artists enamored with the Southwest stamped a new imprint on their paintings The contributors to this volume illuminate the complex ways in which early twentieth century artists as well as filmmakers evoked a southwestern environment not just suspended in time but also permanent rather than transient Yet as the authors also reveal these artists were not entirely immune to the siren call of the vanishing West and their portrayal of peaceful yet exotic Native Americans was an expansion rather than a dismissal of earlier tropes Both brands cast a romantic spell on the West and both have been seared into public consciousness Branding the American West is published in association with the Brigham Young University Museum of Art Provo Utah and the Stark Museum of Art Orange Texas **The Home Book of Verse, American and English, 1580-1920** ,1923 **The Good, The Bad and The Ugly - 175+ Western Novels & Short Stories in One Edition** Mark Twain,James Fenimore Cooper,Max Brand,James Oliver Curwood,B.
