Beware the Evil Eye, 4-Volume Set John H. Elliott, 2017-09-20 In the Sermon on the Mount Jesus of Nazareth makes reference to one of the oldest beliefs in the ancient world the malignity of an Evil Eye The Holy Scriptures in their original languages contain no less than twenty four references to the Evil Eye although this is obscured by most modern Bible translations John H Elliott s *Beware the Evil Eye* describes this belief and associated practices its history its voluminous appearances in ancient cultures and the extensive research devoted to it over the centuries in order to unravel this enigma for readers who have never heard of the Evil Eye and its presence in the Bible The four volumes cover the ancient world from Sumer to the Middle Ages

Beware the Evil Eye (Volume 3) John H Elliott, 2017-07-27 In the third volume of his epic exploration of the use of the Evil Eye motif in ancient texts John H Elliott turns his attention to biblical writings A repeated theme in the Old Testament which contains around twenty explicit references mentions of the Evil Eye also appear in the Dead Sea Scrolls as well as in the writings of Philo and Josephus Evil Eye belief and practice continued into the early Jesus movement appearing not only in the Gospels but in Paul s letter to the Galatians The Evil Eye in the ancient world acted in a number of ways physiological psychological economic social and moral and the place it occupied was not easily usurped *Beware the Evil Eye* is a fascinating analysis of one of the most prevalent superstitions in the ancient world and its cultural influence

The Rivalrous Renaissance Bradley J. Irish, 2024-12-10 Envy and jealousy are the emotions that fuel interpersonal rivalry and interpersonal rivalry is a cornerstone of literature Emerging from growing scholarly interest in the history of emotion *The Rivalrous Renaissance* is the first full length study of envy and jealousy in Renaissance England The book introduces readers both to the cultural dynamics of affective rivalry in the period and to how these crucial feelings inspired literary works across a wide range of genres by luminary authors such as Philip Sidney Edmund Spenser Mary Wroth William Shakespeare and John Milton Early modern concepts of envy and jealousy were more actively theorized as central components of human experience than is typical today Bradley J Irish argues that literature is the key domain where this Renaissance theorization of affective rivalry was brought to life Poetry drama and narrative prose created the conditions for these concepts to become most socially meaningful simulating the interpersonal experiences in which the emotions practically manifest This volume will appeal to scholars interested in the history of emotion and affect as well as more broadly to scholars of the literature and social dynamics of early modern England and to undergraduate and graduate students in specialized seminars

Synonyms Discriminated Charles John Smith, 1910 The Transformative Materiality of Meaning-Making David Parkin, 2021-08-18 This book explores verbal and non verbal communication from a social anthropological viewpoint drawing on ethnographic data from fieldwork in East Africa It gives an overview of developments since the 1960s in the anthropology of language use and how these have influenced the author's thinking The volume makes the argument that language and other forms of communication involve semiotic transactions between interlocutors that such communicative exchanges do more than convey information and that they give identity to the recipients of such transactions who reciprocate by defining speakers The density and situational totality of such semiotic exchange can moreover be regarded as a kind of materiality both in terms of their impact on social interaction and in how interlocutors interact bodily as well as verbally among themselves **Synonyms Discriminated**, 1926 **The Evil Eye** Alan Dundes, 1992 The evil eye the power to inflict illness damage to property or even death simply by gazing at or praising someone is among the most pervasive and powerful folk beliefs in the Indo European and Semitic world It is also one of the oldest judging from its appearance in the Bible and in Sumerian texts five thousand years old Remnants of the superstition persist today when we drink toasts tip waiters and bless sneezers To avert the evil eye Muslim women wear veils baseball players avoid mentioning a no hitter in progress and traditional Jews say their business or health is not bad rather than good Though by no means universal the evil eye continues to be a major factor in the behavior of millions of people living in the Mediterranean and Arab countries as well as among
