

The background of the entire cover is a photograph of a rural landscape. It shows a dark, textured field in the foreground, possibly a plowed field or a field of low-lying vegetation. In the distance, there is a line of trees and a few small buildings under a pale sky. The entire image is covered with a semi-transparent red filter, which is most prominent in the upper half where the title is located.

Places of Silence, Journeys of Freedom Eugenia C. DeLamotte, 2016-11-11 Alice Walker has described the Barbadian American novelist Paule Marshall as unequalled in intelligence vision craft by anyone of her generation to put her contributions to our literature modestly Such praise has echoed through reviews and analyses of Marshall's work since the 1959 publication of *Brown Girl Brownstones* a novel followed by *The Chosen Place the Timeless People* 1969 *Praisesong for the Widow* 1984 and *Daughters* 1991 *Places of Silence Journeys of Freedom* is the first study of Paule Marshall's work to focus explicitly on her contribution to feminism It is also the first to identify one of her original contributions to narrative art a technique of superimposition or double exposure through which her books have explored topics now at the heart of feminist debate Centered around the subject of voice and silence these issues include the interrelation between women's power and powerlessness the interpenetration of the political and economic world with the world of the psyche and the mechanisms through which oppressions on the basis of race class and gender operate as mutually shaping forces *Rebirth as an immortal: changing fate against the will of heaven* Karen Lee, 2011-07-04 The Fatty's message Only by learning to quietly preserve a childlike innocence in this world of petty intrigues and deceit can we truly possess a sense of tranquility peace

Venkatachalam,2015-08-12 Thiruvalluvar the author of the Tamil treatise Thirukkural is considered to have lived sometime between 3rd century BC and 1st century AD Thirukkural perhaps was a fitting reply to a host of conflicting and competing views that existed in Tamil speaking countries of the period on the right way of living family religion and governance supported by various religions that reached the Tamil soil as well as those of indigenous ones and by philosophers who accompanied traders from far off countries But unfortunately Thiruvalluvar himself did not give interpretation to his tersest couplets The interpretations presented in 13th century and earlier in spite of the noble intention and extraordinary scholarship of the interpreters I am afraid understated its universality Several centuries later claims and counterclaims were made by the proponents of different religions including Christianity and the latest from atheists I tried to remove the guise and achieved considerable success in this attempt Fresh interpretations which I believe truthfully reflect the thought of Thiruvalluvar are provided in this book for nearly 360 couplets out of 1330 couplets This conviction stems from my fresh look at Thirukkural that successfully shed away all the contradictions and unacceptable and unviable constructs it had to live with through the earlier interpretation s Thirukkural consists of 133 chapters with 10 couplets in each chapter Each chapter is a life skill coaching material They show how to live a soul evolving life in the three arenas namely family work and love A soul which achieves full evolvment through numerous reincarnations reaches puthezhir ulagam celestial abode Thank you for buying this book Contact me if you may at prof_venkat1947 yahoo co in **The Alpha's Territory** V.
