"All Authority Has Been Given To Me" Tim Lehman, 2019-11-20 For much of Christian history greater focus has been paid to Jesus' death than to his three years of ministry and his crucifixion has often been understood primarily as a means to salvation in heaven But retired pastor Tim Lehman contends that we've drastically missed the point by not looking closely at and learning from Jesus' words and actions before his death As a result we lose out on the joy and freedom of living fully as his disciples and experiencing salvation already in this life on earth In this broad study of Matthew's Gospel Lehman challenges readers to view Jesus' death in light of his life He urges us not just to believe in Jesus but to believe Jesus to take seriously all that he taught and how he lived As Lehman leads readers along a carefully laid path Christians and non-Christians alike will have to rethink long held assumptions the place of violence in the Christian life the givenness of division in our modern world the meaning of atonement salvation and the kingdom of heaven and more But along the way we are sure to learn grow and hopefully come to know more deeply God's unconditional love for all

Shades of the Soul Tinuviel Greenwood,2023-07-21 What is the true nature of man And what if we have forgotten something fundamental to develop our abilities and potential The story arises from the writer s desire to bring to light an almost forgotten concept about humanity addressing the introductory theme of this first book in a light and understandable way and then delving deeper into the second and third books in which the subject will be explored in greater detail delving into the core of the message she aims to convey to as many people as possible Her goal is to raise questions and doubts in the readers the same inquiries that have always driven her own research and studies Can concepts such as soul death rebirth and the latent potential of man truly lead us to the discovery of a long forgotten world If everything were connected and human beings were to discover that they are truly part of this totality what could happen to our reality Would we truly be ready to be deeply shaken perhaps even to question our beliefs In this fantasy trilogy through the intricate romantic plot involving the protagonists they are pushed to face events that go beyond time and space as well as the ideologies imposed by cultures It tells the story of how a bond between souls can overcome any barrier how harmony and unity can transcend our cultures and races and how we are all connected to what surrounds us A story that starting from our present days is able to dig deeper probably surpassing the main images rooted in the collective scenario The story is set in Ireland a land particularly dear to the writer who lived there for several years continuing to hold the Emerald Isle close to her heart A land that undoubtedly thanks to its ancient roots and legends evokes in a particularly impactful way what the plot will develop along its course *Axion: The Odyssey Between Body and Soul* alfo frisina,2025-05-22 After a global collapse Damon
