Smolansky, 2016-09-16 Compiled against the background of the enormous sociopolitical change in China between 1970 and 1990 this work provides a detailed lexicography of political and social life in China It includes 1600 entries each averaging half a page in length *Index Islamicus*, 2007 *Russian Transformations* Leo McCann, 2004-07-31 Examining contemporary Russian socio economic development this book explores the degree to which Russian experiences can be incorporated into current social science theories **The Russian Regions** John Löwenhardt, Stephen White, 2007 [The Economics of Secession](#) NA NA, 2016-04-30 *Worldmark Encyclopedia of Cultures and Daily Life* Timothy L. While there is enormous public interest in biodiversity food sourcing and sustainable agriculture romantic attachments to heirloom seeds and family farms have provoked misleading fantasies of an unrecoverable agrarian past The reality as Courtney Fullilove shows is that seeds are inherently political objects transformed by the ways they are gathered preserved distributed regenerated and improved In *The Profit of the Earth* Fullilove unearths the history of American agricultural development and of seeds as tools and talismans put in its service Organized into three thematic parts *The Profit of the Earth* is a narrative history of the collection circulation and preservation of seeds Fullilove begins with the political economy of agricultural improvement recovering the efforts of the US Patent Office and the nascent US Department of Agriculture to import seeds and cuttings for free distribution to American farmers She then turns to immigrant agricultural knowledge exploring how public and private institutions attempting to boost midwestern wheat yields drew on the resources of willing and unwilling settlers Last she explores the impact of these cereal monocultures on biocultural diversity chronicling a *fin de siècle* Ohio pharmacist's attempt to source Purple Coneflower from the diminishing prairie Through these captivating narratives of improvisation appropriation and loss Fullilove explores contradictions between ideologies of property rights and common use that persist in national and international development ultimately challenging readers to rethink fantasies of global agriculture's past and future [Central Eurasian Reader](#) Stéphane A.
