## **Economic Growth Stagnation And The Working Population In Western Europe:**

Economic Growth, Stagnation and the Working Population in Western Europe Leif Ahnström, 1992-05-11 Based on 35 years 1950 85 of research it provides a detailed account of post war changes in Western European economy Examines the growth and decline of various industries occupations and employment status groups into which the economically active population of a country is customarily divided Discusses and monitors the simultaneous changes in size and composition of the gross domestic product Offers an insightful explanation of the concomitant restructuring of the working population of 13 countries **Economic Growth, Stagnation and the Working Population in Western Europe** Leif Ahnström, 1990

**The Post Golden Age of Economic Growth in Western Europe** Paul Pass, 2009 *West European Population Change* Allan Findlay, Paul White, 2023-10-02 The 1970s was a decade of significant population change in Western Europe Originally published in 1986 this book reviews the major trends fertility decline counter urbanisation and the cessation of international labour migration from outside the former EEC It was the first volume to compare the results of the 1980 82 European census round and emphasizes the spatial dimension of recent population trends For countries such as the former West Germany where no census was taken the difficulties of using registration data are examined One of the major strengths of the volume is the set of standardised topics which are reviewed by the authors in each country allowing international comparisons to be made from the country case studies The book concludes with an overview of future trends in European population towards the year 2000 *Making a Living in Europe* Alan Townsend, 2005-08-18 Will making a Living remain a dream for the deprived and excluded Jobs are one of Europe s most important problems Employment provides the basic means of distributing wealth in society in providing for families and ensuring pensions for the elderly Yet unemployment and increasingly non employment continues at near record levels in the European Union Making a Living in Europe shows how the culture of work has been transformed in the industrialised nations of the EU Exploring the relationship between employment change society and economic restructuring the shift toward flexible work for women in services away from traditional industrial jobs for men is demonstrated within three key sectors business services retailing and tourism The outcome of change is discussed in terms of shifts of people and jobs from urban to rural areas Europe must be understood in the context of the new Europe of change in the USA and of global change Drawing on examples from UK and European Regions and USA the author challenges long standing assumptions about changes in economy and society and highlights the need for stronger local and European policies to reduce inequality at large and contribute positively to local people s struggles to make a living in Europe *A Political History of Western Europe Since 1945* Derek W. Urwin, 2014-07-22 Taking a thematic approach Derek Urwin addresses the major political and economic developments in western Europe since World War II right up to the present day The book covers issues and developments in national politics and the movement towards greater unity in Western Europe and the role of Europe in global politics and in the international economy The text

has been revised throughout and updated to take account of the political consequences of the ending of the Cold War and the troubled progress of European integration since Maastricht The Fifth Edition has lost nothing of its predecessor's clarity and accessibility and in its updated form will win the book a host of new admirers Critical Realism in Economics Steve Fleetwood, 1999 Presents a collection of articles previously published in the Review of Social Economy 1996 and in Ekonomia 1997 These articles extend insights from critical realism into the fields of economic methodology and economic theory in such a way as to open up new forms of investigation in economics and transform the nature of economic reasoning It is argued that the specific value of this approach is that it directs attention to the structures and capacities that explain the observed phenomena of economic life This volume includes papers from authors critical of this approach as well as from those who discuss its full implications for contemporary economics Paper edition 19568 3 27 99 Annotation copyrighted by Book News Inc Portland OR *Monthly Labor Review*, 1991-07 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews *International Bibliography of the Social Sciences* British Library of Political and Economic Science, 1992 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences The New Palgrave Dictionary of Economics, 2016-05-18 The award winning The New Palgrave Dictionary of Economics 2nd edition is now available as a dynamic online resource Consisting of over 1 900 articles written by leading figures in the field including Nobel prize winners this is the definitive scholarly reference work for a new generation of economists Regularly updated This product is a subscription based product People, Jobs and Mobility in the New Europe Hans H. Blotevogel, Anthony J. Fielding, 1997-04-30 This book addresses one of the big issues of the 1990s migration It covers the whole of Europe not just the EU connecting theoretical debates about the underlying causes of spatial economic and social change with detailed empirical work on people jobs and economic restructuring in specific countries regions and cities This multi layered topic is addressed through chapters which are conceptual and theoretical in content and through country and region specific case studies The selected case studies ensure that all the important types of regions described in the recent literature on economic restructuring are taken into account This book will be an important contribution to a key topic in economic and population geography and regional economics **Politics in Western Europe Today** Derek W. Urwin, William E. Paterson, 2014-09-25 Examining such issues as the welfare state the politics of unemployment and government industry relations this work looks at the developments in western European politics up to and during the 1980s Population Change in Europe, the Middle-East and North Africa Koenraad Matthijs, Karel Neels, Christiane Timmerman, Jacques Haers, 2016-12-05 Current demographic trends raise new questions challenges and controversies Comparing demographic trends in Europe and the NAME region North Africa and the Middle East this book demonstrates how population change interacts with changing economic landscapes social distinctions and political realities A

variety of drivers contribute to demographic change in the various regions and countries considered such as family policies economic realities the impact of educational differentials and the attitudes towards marriage On the macro level the new trends are restructuring the age composition of populations and are reshaping the life courses of individuals and families In turn the impact demographic forces have on the organisation of labour markets on fiscal policies on the care of the elderly on migration flows and on political changes can be quite radical Chapter 1 of this book is freely available as a downloadable Open Access PDF under a Creative Commons Attribution Non Commercial No Derivatives 3.0 license [https://s3.us-west-2.amazonaws.com/tandfbis-rt-files/docs/Open+Access+Chapters/9781472439543\\_oachapter1.pdf](https://s3.us-west-2.amazonaws.com/tandfbis-rt-files/docs/Open+Access+Chapters/9781472439543_oachapter1.pdf) *A Handbook of Primary Commodities in the Global Economy* Marian Radetzki, Linda Wårell, 2020-11-26 A guide to the ins and outs of the primary commodity universe now in its third edition *The Rise and Fall of Neoliberal Capitalism* David M. Kotz, 2017 The financial and economic collapse that began in the United States in 2008 and spread to the rest of the world continues to burden the global economy David Kotz who was one of the few academic economists to predict it argues that the ongoing economic crisis is not simply the aftermath of financial panic and an unusually severe recession but instead is a structural crisis of neoliberal or free market capitalism Consequently continuing stagnation cannot be resolved by policy measures alone It requires major institutional restructuring Kotz's book will reward careful study by everyone interested in the question of stages in the history of capitalism Edwin Dickens Science Society Whereas others suggest that the downfall of the postwar system in Europe and the United States is the result of the triumph of ideas Kotz argues persuasively that it is actually the result of the exercise of power by those who benefit from the capitalist economic organization of society The analysis and evidence he brings to bear in support of the role of power exercised by business and political leaders is a most valuable aspect of this book one among many important contributions to our knowledge that makes it worthwhile Michael Meeropol Challenge

**Working-Class Formation** Ira Katznelson, Aristide R. Zolberg, 2021-04-13 Applying an original theoretical framework an international group of historians and social scientists here explores how class rather than other social bonds became central to the ideologies dispositions and actions of working people and how this process was translated into diverse institutional legacies and political outcomes Focusing principally on France Germany and the United States the contributors examine the historically contingent connections between class as objectively structured and experienced and collective perceptions and responses as they develop in work community and politics Following Ira Katznelson's introduction of the analytical concepts William H Sewell Jr Michelle Perrot and Alain Cottureau discuss France Amy Bridges and Martin Shefter the United States and Jargen Kocka and Mary Nolan Germany The conclusion by Aristide R Zolberg comments on working class formation up to World War I including developments in Great Britain and challenges conventional wisdom about class and politics in the industrializing West **The World and The Netherlands** Marjolein 't Hart, Manon van der Heijden, Karel Davids, Lex Heerma van Voss, Leo Lucassen, Jeroen Touwen, 2023-01-26 This is the first book to examine the history of the country in a

way that connects global processes to local developments Taking account of social political and economic dynamics over the last thousand years the book addresses key questions that get to the heart of the Netherlands role in the world both historically and in more recent times Why did the West become such a significant actor in the world and what part did the Netherlands play What were the driving forces in state formation and in what respects and why did the Netherlands take a different path to most of Europe How did globalisation impact economic structures and socio cultural life and how did the Netherlands react to these new challenges How did this very Christian and bourgeois nation develop into a flagship for liberal tolerance The book carefully balances a wider investigation of these issues with close inspections of how ordinary people experienced the changes they prompted It also provide a convincing judicious assessment of the ebbs and flows of this small country s global influence over time prominent as a Golden Age economic powerhouse colonial power and bastion of political freedom in some eras and yet impotent on the world stage at others Supplemented with 35 images 10 maps a wealth of text boxes charts and tables as well as a companion website this book is the definitive history of the Netherlands in a global context

*Global Justice and Social Conflict* Tarik Kochi, 2019-09-30 Global Justice and Social Conflict offers a ground breaking historical and theoretical reappraisal of the ideas that underpin and sustain the global liberal order international law and neoliberal rationality Across the 20th and 21st centuries liberalism and increasingly neoliberalism have dominated the construction and shape of the global political order the global economy and international law For some this development has been directed by a vision of global justice Yet for many the world has been marked by a history and continued experience of injustice inequality indignity insecurity poverty and war a reality in which attempts to realise an idea of justice cannot be detached from acts of violence and widespread social conflict In this book Tarik Kochi argues that to think seriously about global justice we need to understand how both liberalism and neoliberalism have pushed aside rival ideas of social and economic justice in the name of private property individualistic rights state security and capitalist free markets Ranging from ancient concepts of natural law and republican constitutionalism to early modern ideas of natural rights and political economy and to contemporary discourses of human rights humanitarian war and global constitutionalism Kochi shows how the key foundational elements of a now globalised political economic and juridical tradition are constituted and continually beset by struggles over what counts as justice and over how to realise it Engaging with a wide range of thinkers and reaching provocatively across a breadth of subject areas Kochi investigates the roots of many globalised struggles over justice human

rights democracy and equality and offers an alternative constitutional understanding of the future of emancipatory politics and international law Global Justice and Social Conflict will be essential reading for scholars and students with an interest in international law international relations international political economy intellectual history and critical and political theory
