Economic History Of The South:

Brieven van Leo Vroman (1915-) aan Ferdinand Bordewijk (1884-1965), 1948 Old South/new South Gavin Wright, 1986-05-13 An original and economically rigorous analysis of the role of slavery in generating economic backwardness Wright traces key reasons for the South's century long status as a second class country within a country and assesses the legacy of slavery the material devastation and social upheaval of the Civil War and the colonial exploitation of the South by northern capital He maintains that above all the defining feature of the southern economy was the isolation of its labor market from national and international development On this basis Wright explains the sharecropping system the Populist revolt the South's limited investment in the education of its own people and the low skill low productivity colonial character of the region's industrial progress Only the intervention of the Federal Government during the Great Depression the author argues destroyed the bases of the South's low wage economy led to long delayed mechanization of the plantation helped close the North South wage gap and created massive out migration of unskilled labor during and after World War II With the demise of the plantation regime the South opened its doors to outside flows of capital and labor **The South in the Building of the Nation: Economic history, 1607-1865, ed. by J. C. Ballagh** Julian Alvin Carroll Chandler, Franklin Lafayette Riley, James Curtis Ballagh, John Bell Henneman, Edwin Mims, Thomas Edward Watson, Samuel Chiles Mitchell, Walter Lynwood Fleming, Joseph Walker McSpadden, 1909 **The South in the Building of the Nation** Edwin Mims, 2002 In 1900 there was a general agreement among Southerners on the need for a comprehensive history of the Southern states It had been and was a nation sharing beliefs traditions and culture This series originally published in 1909 is a record of the South's part in the making of the American nation It portrays the character the genius the achievements and the progress in the life of the Southern people At the time of its publication this was the most extensive study of economic conditions since J D B DeBow wrote *The Industrial Resources of the Southern and Western States* in 1852 and 1853 Focusing on the period 1607-1865 this volume examines all aspects affecting the development of the Southern economy Factors contributing to the Civil War particularly the economics of slavery and free labor are discussed **A New Economic History of America** Gerald Gunderson, 1976 *Economic History of the South* Emory H. This collection of essays examines the development of the American South from the end of the Civil War to the end of World War II. Written by both well known and emerging scholars, the essays are divided into sections that address some of the major issues of that era such as race relations, economic development, political reform, the roles of southern women, the messages of folk music, and the problems of the region's historians. Each article offers fresh insights or new information on its subject, and collectively the articles help to illuminate how the most traditional of American regions tried to cope with the forces of modernization.
