

## FEMINISM

Feminism is the pursuit of equality between men and women. Feminists seek economic, political, social, legal and personal rights for women that are equal to those of men.

Feminist campaigns have campaigned for major societal changes such as voting rights, reproductive rights, greater political representation and fairer pay. But there is still a long way to go until men and women lead truly equal lives.

## ECONOMICS

The word 'economics' comes from the Greek word 'oikonomia' meaning 'household management'. But nowadays the meaning of 'economics' has expanded to mean the production, distribution and consumption of goods and services.

When we analyse the economy we investigate the psychology of human behaviour and decision-making.

# What is FEMINIST ECONOMICS?

### FEMINIST ECONOMICS

*Values* - the role of unpaid work carried out by men & women in the home & through care work.

Acknowledges that the economy depends not just on the production & distribution of goods and services, but on *co-operation & care*.

Recognises that *relationships* influence how our economy functions.

Recognises that the interests of members of the same household may differ and that resources are not necessarily *shared equally*.

Acknowledges that the *complexity* of human lives cannot always be quantified.

### FEMINIST ECONOMICS

Feminist economics promotes economic equality between women and men. The activities, behaviour and decisions of men and women have a major impact on our economy. But mainstream economics has a tendency to be biased on men's lives and recognises only work that is done for money.

A feminist economics perspective recognises the paid and unpaid work of both men and women.

### MAINSTREAM ECONOMICS

Has a tendency to prize *money, machines & men*.

Measures paid work in *Gross Domestic Product* (GDP) but fails to count the contribution of unpaid work.

Fails to recognise *non-market activities* as important to the economy.

Builds its picture of the economy as consisting of people motivated by *self-interest & material goods*.

Assumes that the influences on people's decisions can be objectively quantified & tends to build economic theories that depend on *mathematical models*.

## **Economical Feminism:**

**Feminist Economics Today** Marianne A. Ferber, Julie A. Nelson, 2020-05-22 The 1993 publication of Marianne A. Ferber and Julie A. Nelson's *Beyond Economic Man* was a landmark in both feminist scholarship and the discipline of economics and it quickly became a handbook for those seeking to explore the emerging connections between the two. A decade later this book looks back at the progress of feminist economics and forward to its future, offering both a thorough overview of feminist economic thought and a collection of new high-quality work from the field's leading scholars. [Economics & Feminism](#)

Randy Pearl Albelda, 1997 Albelda's study is the first to critically examine the marginal impact of feminism on economics. She explores the history of feminism and economics with surprising results: namely, that women were better represented in the profession in the 1920s than they were in the early 1970s. **Feminism, Objectivity and Economics** Julie Nelson, 1995-12-07 This classic study extends feminist analysis to economics but rejects setting up an economics solely for women. It is the first full-length single-authored book to focus on gender bias in contemporary economics. **Feminism, Economics and Utopia** Karin Schonpflug, 2008-03-26 Answering a range of questions and written by a rising star in feminist economics, this book provides explanations of the different kinds of feminism, the evolution of feminist thought, and the history and sources of utopias as a theoretical and/or literary tool. **Feminism Confronts Homo Economicus** Martha Fineman, Terence Dougherty, 2018-08-06 The essays in this volume confront the inroads that economics has made into the legal academy. *Law and Economics* uses principles of neoclassical economics to develop laws and social policies that maintain or not bolster current allocations of power. From the Introduction: The Law and Economics school has had a significant impact on the legal and governmental landscape in the United States. It posits a perfectly rational economic man, *homo economicus*, who is unconstrained by familial and communal ties and who can and should make decisions solely in light of considerations of economic value. *Feminism Confronts Homo Economicus* offers a major intervention in debates about how law has come under the influence of economic principles. Drawing on the latest thinking in the fields of feminist legal theory, critical legal studies, and feminist economics, the essays critique the notion that legal and policy decisions should be made solely through the lens of economics. While the contributors question the wholesale incorporation of the neoclassical economic model into legal analysis, they do not all discard economic analysis and theory. Situated at the intersection of feminism, law, and economics, *Feminism Confronts Homo Economicus* will appeal to scholars and students of these disciplines as well as policy analysts and social theorists interested in family, education, labor, and welfare. *Beyond Economic Man* Marianne A. Ferber, Julie A. Nelson, 2009-04-01 This is the first book to examine the central tenets of economics from a feminist point of view. In these original essays, the authors suggest that the discipline of economics could be improved by freeing itself from masculine biases. *Beyond Economic Man* raises questions about the discipline not because economics is too objective but because it is not objective enough. The contributors—nine economists, a sociologist, and a philosopher—discuss the extent to

which gender has influenced both the range of subjects economists have studied and the way in which scholars have conducted their studies They investigate for example how masculine concerns underlie economists concentration on market as opposed to household activities and their emphasis on individual choice to the exclusion of social constraints on choice This focus on masculine interests the contributors contend has biased the definition and boundaries of the discipline its central assumptions and its preferred rhetoric and methods However the aim of this book is not to reject current economic practices but to broaden them permitting a fuller understanding of economic phenomena These essays examine current economic practices in the light of a feminist understanding of gender differences as socially constructed rather than based on essential male and female characteristics The authors use this concept of gender along with feminist readings of rhetoric and the history of science as well as postmodernist theory and personal experience as economists to analyze the boundaries assumptions and methods of neoclassical socialist and institutionalist economics The contributors are Rebecca M Blank Paula England Marianne A Ferber Nancy Folbre Ann L Jennings Helen E Longino Donald N McCloskey Julie A Nelson Robert M Solow Diana Strassmann and Rhonda M Williams

Feminism, Objectivity and Economics Julie A. Nelson, 1996 First published in 1995 Routledge is an imprint of Taylor Francis an informa company

Women and Economics Charlotte Perkins Gilman, 1912

**A History of Feminist and Gender Economics** Giandomenica Becchio, 2019-10-30 This book offers a historical exploration of the genesis of feminist economics and gender economics as well as their theoretical and methodological differences Its narrative also serves to embed both within a broader cultural context Although both feminist economics and gender neoclassical economics belong to the cultural process related to the central role of the political economy in promoting women s emancipation and empowerment they differ in many aspects Feminist economics mainly influenced by women s studies and feminism rejected neoclassical economics while gender neoclassical economics mainly influenced by home economics and the new home economics adopted the neoclassical economics approach to gender issues The book includes diverse case studies which also highlight the continuity between the story of women s emancipation and the more recent developments of feminist and gender studies This volume will be of great interest to researchers and academia in the fields of feminist economics gender studies and the history of economic thought

*A History of Feminist and Gender Economics* Giandomenica Becchio, 2019-10-30 This book offers a historical exploration of the genesis of feminist economics and gender economics as well as their theoretical and methodological differences Its narrative also serves to embed both within a broader cultural context Although both feminist economics and gender neoclassical economics belong to the cultural process related to the central role of the political economy in promoting women s emancipation and empowerment they differ in many aspects Feminist economics mainly influenced by women s studies and feminism rejected neoclassical economics while gender neoclassical economics mainly influenced by home economics and the new home economics adopted the neoclassical economics approach to gender issues The book includes diverse case studies which also

highlight the continuity between the story of women's emancipation and the more recent developments of feminist and gender studies. This volume will be of great interest to researchers and academia in the fields of feminist economics, gender studies, and the history of economic thought.

**Women's Economic Empowerment** Inna Michaeli, 2022-01-03. Challenging the simplistic story by which feminism has become complicit in neoliberalism, this book traces the course of globalization of women's economic empowerment from the Global South to the Global North and critically examines the practice of empowering low-income women, primarily migrant, indigenous, and racialised women. The author argues that women's economic empowerment organizations become embedded in the neoliberal reorganization of relations between civil society, state, and market, and in the reconfiguration of relations between the personal and the political. Also examined are the contractual nature of institutional arrangements in neoliberalism, the ontological divide between economy and society, and the marginalisation of feminist economics that persists in the field of women's economic empowerment. The book will be of interest to scholars and students of social sciences, gender studies, sociology, and economics. This book is based on the author's doctoral dissertation at the Humboldt University of Berlin, Faculty of Humanities and Social Sciences. **The Elgar Companion to Feminist Economics** Janice Peterson, Margaret Lewis, 2001-01-01. Comprehensive reference work introducing readers to the field of feminist economics. It addresses key concepts as well as feminist economic critiques and reconstructions of major economic theories and policy debates.

**Toward a Feminist Philosophy of Economics** Drucilla K. Barker, Edith Kuiper, 2003. This book, edited by two of the most respected figures in feminist economics, is a welcome collection that charts and critically analyses how other movements have influenced the development of feminist economics as a distinct discipline.

**Decolonizing Feminist Economics** Gisela Carrasco-Miró, 2025-03-28. Despite the urgency to understand how other cultures encounter the West in academic and political spheres, feminist economics has yet to tackle critiques from postcolonial and decolonial feminists about Western-centric modernism in the field. This book introduces a decolonizing approach to feminist economics, offering insights that move beyond the boundaries of modern Eurocentrism. The author explores the relationship between colonialism, capitalism, heteropatriarchy, and ecological degradation while offering critical feminist and decolonizing tools. By investigating global struggles, the author illuminates our hijacked present and imagines a decolonizing feminist economic landscape that is under transformation. Transdisciplinary and innovative, this book fills a vital gap by exploring the interplay between decolonization and feminist economics, challenging the growth logic, capitalism, and Western centrism, and imagining new possibilities for more just futures.

**Radical Economics** Bruce Roberts, Susan Feiner, 1991-10-31.

**The Routledge Handbook of Feminist Economics** Günseli Berik, Ebru Kongar, 2021-05-23. The Routledge Handbook of Feminist Economics presents a comprehensive overview of the contributions of feminist economics to the discipline of economics and beyond. Each chapter situates the topic within the history of the field, reflects upon current debates, and looks forward to identify cutting-edge research. Consistent with feminist economics' goal of

strong objectivity this Handbook compiles contributions from different traditions in feminist economics including but not limited to Marxian political economy institutionalist economics ecological economics and neoclassical economics and from different disciplines such as economics philosophy and political science The Handbook delineates the social provisioning methodology and highlights its insights for the development of feminist economics The contributors are a diverse mix of established and rising scholars of feminist economics from around the globe who skilfully frame the current state and future direction of feminist economic scholarship This carefully crafted volume will be an essential resource for researchers and instructors of feminist economics

**Women and the Economy: A Reader** Ellen Mutari, Deborah M. Figart, 2015-03-26

This reader is designed for use as a primary or supplementary text for courses on women's role in the economy Both interdisciplinary and heterodox in its approach it showcases feminist economic analyses that utilize insights from institutionalism as well as neoclassical economics Including both classic and newer selections from a broad range of areas each section includes an introduction with background material as well as discussion questions exercises and lists of key terms and further readings

**Women's Economic Empowerment in Turkey** Onur Burak Celik, Meltem Ince

Yenilmez, 2019-05-29 Turkey has experienced growth in both the population and the workforce However female participation in the workforce in Turkey is extremely low largely due to financial dependency and lack of higher education The authors argue that greater research is needed to improve the economic position of women throughout the country and this remains a challenge that must be fixed both culturally and socioeconomically The book explores the significant gap between policy advancements actual practices and the impact of regional variety in the cultural structure The authors suggest that this in turn has affected Turkey's ability to implement changes and reform Reform must allow women to pursue changes that will give them greater financial flexibility and freedom within the country The authors demonstrate the concept and framework for women's empowerment and explore the need for this This book seeks to discuss the approaches and strategies for empowering women by outlining the strategies policies and tools that women are using for their empowerment focusing on Turkey while comparing with other countries worldwide It also brings several issues to the forefront such as equality treatment political participation social issues the gender pay gap the glass ceiling and gender inequality the migration effect and education Offering a multi-disciplinary exploration of the relationship and connection between employment national policies migration economies entrepreneurialism and gender in present Turkey this book is an invaluable contribution to the existing literature surrounding Turkish gender studies and will be of interest to both scholars and experts in the field

*The Oxford Handbook of Women and the Economy* Susan L. Averett, Laura M. Argys, Saul D. Hoffman, 2018-05-15 The transformation of women's lives over the past century is among the most significant and far-reaching of social and economic phenomena affecting not only women but also their partners children and indeed nearly every person on the planet In developed and developing countries alike women are acquiring more education marrying later having fewer children and

spending a far greater amount of their adult lives in the labor force Yet because women remain the primary caregivers of children issues such as work life balance and the glass ceiling have given rise to critical policy discussions in the developed world In developing countries many women lack access to reproductive technology and are often relegated to jobs in the informal sector where pay is variable and job security is weak Considerable occupational segregation and stubborn gender pay gaps persist around the world The Oxford Handbook of Women and the Economy is the first comprehensive collection of scholarly essays to address these issues using the powerful framework of economics Each chapter written by an acknowledged expert or team of experts reviews the key trends surveys the relevant economic theory and summarizes and critiques the empirical research literature By providing a clear eyed view of what we know what we do not know and what the critical unanswered questions are this Handbook provides an invaluable and wide ranging examination of the many changes that have occurred in women s economic lives

### **Economical Feminism Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Economical Feminism has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Economical Feminism has opened up a world of possibilities. Downloading Economical Feminism provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Economical Feminism has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Economical Feminism. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Economical Feminism. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Economical Feminism, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Economical Feminism has transformed the way we access information. With the

convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Economical Feminism Books

1. Where can I buy Economical Feminism books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Economical Feminism book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Economical Feminism books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Economical Feminism audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media

or recommend them to friends.

9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Economical Feminism books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
