**Economies of Peace** Werner Distler, Elena B. Stavrevska, Birte Vogel, 2020-06-09 Looking beyond and beneath the macro level this book examines the processes and outcomes of the interaction of economic reforms and socio economic peacebuilding programmes with and international interventions in people's lived realities in conflict affected societies The contributions argue that disregarding socio economic aspects of peace and how they relate to the everyday leaves a vacuum in the understanding of the formation of post conflict economies To address this gap the book outlines and deploys the concept of post conflict economy formation This is a multifaceted phenomenon including both formal and informal processes that occur in the post conflict period and contribute to the introduction adjustment or abolition of

economic practices institutions and rules that inform the transformation of the socio economic fabric of the society The contributions engage with existing statebuilding and peacebuilding debates while bringing in critical political economy perspectives Specifically they analyse processes of post conflict economy formation and the navigation between livelihood needs local translations of the liberal hegemonic order and different sparse manifestations of welfare states The book concludes that a sustainable peace requires the formation of peace economies economies that work towards reducing structural inequalities and grievances of the pre conflict period as well as addressing the livelihood concerns of citizens This book was originally published as a special issue of Civil Wars

**Regional Economic Outlook April 2004: Sub-Saharan Africa** INTERNATIONAL MONETARY FUND, 2006-01-23 The five Regional Economic Outlooks published biannually by the IMF cover Asia and Pacific Europe the Middle East and Central Asia Sub Saharan Africa and the Western Hemisphere In each volume recent economic developments and prospects for the region are discussed as a whole as well as for specific countries The reports include key data for countries in the region Each report focuses on policy developments that have affected economic performance in the region and discusses key challenges faced by policymakers The near term outlook key risks and their related policy challenges are analyzed throughout the reports and current issues are explored such as when and how to withdraw public interventions in financial systems globally while maintaining a still fragile economic recovery These indispensable surveys are the product of comprehensive intradepartmental reviews of economic developments that draw primarily on information the IMF staff gathers through consultation with member countries

**Explaining Civil War** Syed Mansoob Murshed, 2010-01-01 Conflict is now identified as one of the most significant sources of development failure and thus of growing income divergence between nations Dr Murshed s book addresses the issues of weak institutions conflict and slow growth It presents a synthesis of the existing theories and provides many new insights It will certainly be much consulted and read by academics policy makers and all those who are interested in the causes of conflict and post conflict reconstruction Branko Milanovic The World Bank Masterfully integrating the logic of formal economic models the insights of normative philosophy and evidence from empirical analysis Syed Mansoob Murshed explains civil wars This is a brilliant original work Scott Gates PRIO and Norwegian University of Science and Technology Norway This masterly book succinctly surveys contemporary literature on the sources of conflict in developing countries as well as policies to secure a stable peace including many insightful contributions by the author The treatment of this important but controversial field is both informative and well balanced It should be essential reading for all students and policy makers who believe that policy should be evidence based Frances Stewart University of Oxford UK Using the rational choice approach Syed Mansoob Murshed analyses the motivations behind civil war and identifies growth and institutional failure as catalysts of the greed and grievance that characterise the onset and persistence of civil war This book explores the pre conditions for conflict in terms of growth failure and critically appraises the greed and grievance theories common to conflict literature It is argued that

various institutional mechanisms of restraint that can be labeled the social contract are crucial for violent conflict avoidance. The reasons underpinning the instability of treaties ending civil wars, post conflict reconstruction issues, liberal peace theory, and how globalization and conflict relate are also examined. Explaining Civil War will be of interest to development economists and political scientists as well as to students and researchers of political economy and conflict studies.
