Ecritures De Femmes Nouvelles Cartographies Yale Language Series:

Consuming Autobiographies Claire Boyle, 2007 Since 1975 French literary writing has been marked by an autobiographical turn which has seen authors increasingly often tap into the vein of what the French term *criture de soi*. This coincides paradoxically with the death of autobiography as these authors self consciously distance themselves and their writings from conventional autobiography founding a *nouvelle autobiographie* where the very possibility of autobiographical expression is questioned. In the first book length study in English to address this phenomenon Claire Boyle sheds a new light on this hostility toward autobiography through a series of ground breaking studies of estrangement in autobiographical works by major post war authors Nathalie Sarraute, Georges Perec, Jean Genet and Hélène Cixous. She identifies autobiography as a site of conflict between writer and reader as authors struggle to assert the unknowableness of their identity in the face of a readership resolutely desiring privileged knowledge. Autobiography emerges as a deeply troubling genre for authors with the reader as an antagonistic consumer of the autobiographical self. *Contemporary Authors New Revision* Pamela Dear, 1997-02 In response to the escalating need for up to date information on writers *Contemporary Authors New Revision* Series brings researchers the most recent data on the world's most popular authors. These exciting and unique author profiles are essential to your holdings because sketches are entirely revised and up to date and completely replace the original *Contemporary Authors* entries.
