Institute of East Asian Studies, 1982      Soviet Foreign Policy and Southeast Asia (Routledge Revivals) Leszek Buszynski, 2013-09-13 This book focuses on the activity of the Soviet Union in Southeast Asia and the effects of Soviet policy on the region from 1969 to the time of first publication in 1986 In particular Leszek Buszynski examines the rivalry between the Soviet Union and China Soviet presence in Vietnam and the responsive efforts of surrounding regions towards collective security U S policy in the region is a key consideration particularly in terms of American attempts to placate China and encourage Japan to assist in the defence of the region With a concluding assessment of regional trends and possible outcomes this is an important and valuable work for students and scholars with an interest in the history and politics of international diplomacy in Southeast Asia      Southeast Asia And The Enemy Beyond Robert O. Tilman, 2019-07-11 This book explores elite perceptions of the external threats facing the members of the Association of Southeast Asian Nations ASEAN drawing on Dr Tilman s interviews with senior political military and intellectual leaders in Indonesia Malaysia the Philippines Singapore and Thailand He supplements his interviews with an examination of their writings speeches and other public statements which he examines in the context of the history geography culture and governmental structures of each country He addresses the fundamental questions of the extent to which these perceptions differ and why His focus throughout is on subjective reality the world as it is perceived by the leadership of the ASEAN nations      **The Diplomatic Ideas and Practices of Asian States** , 2021-11-22 Asia has emerged as the centre of international conflict and change in the post war era In Europe the post cold war approach is to adjust East West power relationships without disturbing the territorial status quo and to conduct foreign policy according to classical European principles of compromise and compensation Asians are newcomers in world affairs Asian diplomatic traditions differ from European ones and there are many border disputes and power rivalries The idea of Asia was created by Europeans for Europeans and it led to Western dominance of Asia From colonial subjects Asians have become important players in military economic and diplomatic affairs To understand the Asian dimension of contemporary world affairs we need to take a fresh look at Asian diplomatic ideas and practices This volume brings together recognised experts to explain the imperatives and external policies of different types of Asian states      India and Southeast Asia (Routledge Revivals) Mohammed Ayoob, 2013-01-11 This title first published in 1990 provides a close contextual analysis of how influential Indian policy makers have perceived India s interests within the ASEAN region since Indian independence in 1947 Placing these perceptions in the context of India s broad strategic and foreign policy framework Ayoob analyses the policies which had emerged by the close of the 1980s and stresses the close link between the futures of the two regions Including a thorough analysis of superpower involvement as well as Indian relations with Indonesia Vietnam and Cambodia this is a comprehensive study of great value to students with an interest in Indian and Southeast Asian history

and diplomacy     The Southeast Asian Economies and Politics, 1963-1987: Philippines, Thailand, Southeast Asia Melanie Sritua Arief, 1988     *The Challenge To U.S. Policy In The Third World* Thomas P Thornton, 2020-01-22 In formulating policy toward the Third World U S decisionmakers have been hampered by a superficial understanding of events in developing countries by a tendency to deal with Third World problems in terms of global considerations and by the role of the United States as a superpower with responsibility for helping to manage regional security aff     **Bibliography of ASEAN-China Relations** ,2006 Contains a list of titles in English covering relations between ASEAN and China Titles cover topics such as bilateral relations economic relations finance and investment the Greater Mekong Subregion maritime issues and territorial disputes socio cultural issues and trade relations     **Investigation of Illegal Or Improper Activities in Connection with 1996 Federal Election Campaign** United States. Congress. Senate. Committee on Governmental Affairs, 1998     State ,1986     **Crossing the Industrial Divide** Alasdair Bowie, 1991 Surveying the expanding conflict in Europe during one of his famous fireside chats in 1940 President Franklin Roosevelt ominously warned that we know of other methods new methods of attack The Trojan horse The fifth column that betrays a nation unprepared for treachery Spies saboteurs and traitors are the actors in this new strategy Having identified a new type of war a shadow war being perpetrated by Hitler s Germany FDR decided to fight fire with fire authorizing the formation of the Office of Strategic Services OSS to organize and oversee covert operations Based on an extensive analysis of OSS records including the vast trove of records released by the CIA in the 1980s and 90s as well as a new set of interviews with OSS veterans conducted by the author and a team of American scholars from 1995 to 1997 The Shadow War Against Hitler is the full story of America s far flung secret intelligence apparatus during World War II In addition to its responsibilities generating processing and interpreting intelligence information the OSS orchestrated all manner of dark operations including extending feelers to anti Hitler elements infiltrating spies and sabotage agents behind enemy lines and implementing propaganda programs Planned and directed from Washington the anti Hitler campaign was largely conducted in Europe especially through the OSS s foreign outposts in Bern and London A fascinating cast of characters made the OSS run William J Donovan one of the most decorated individuals in the American military who became the driving force behind the OSS s genesis Allen Dulles the future CIA chief who ran the Bern office which he called the big window onto the fascist world a veritable pantheon of Ivy League academics who were recruited to work for the intelligence services and not least Roosevelt himself A major contribution of the book is the story of how FDR employed Hitler s former propaganda chief Ernst Putzi Hanfstengl as a private spy More than a record of dramatic incidents and daring personalities this book adds significantly to our understanding of how the United States fought World War II It demonstrates that the extent and limitations of secret intelligence information shaped not only the conduct of the war but also the face of the world that emerged from the shadows     **International Security in the Southeast Asian and Southwest Pacific Region** Thomas Bruce Millar, 1983     **ASEAN-South Asia Economic Relations**

Japan and the shaping of post-Vietnam War Southeast Asia Andrea Pressello, 2017-09-05 The Vietnamese invasion of Cambodia in 1978 and the consequent outbreak of the Cambodian conflict brought Southeast Asia into instability and deteriorated relations between Vietnam and the subsequently established Vietnam backed government in Cambodia on the one hand and the Association of Southeast Asian Nations ASEAN countries on the other As a result of the conflict the Soviet Union established a foothold in Southeast Asia while China through its support of the anti Vietnam Cambodian resistance improved relations with Southeast Asian countries such as Thailand Japan's Fukuda Doctrine its declared priorities of promoting cooperative and friendly relations between Communist Indochinese nations and non Communist ASEAN countries became increasingly at odds with Japan's role as a member of the Free World in the broader Cold War confrontation Tokyo had to steer a path between Washington's hard line policy of isolating Vietnam and its own desire to prevent regional destabilization Against this background this book addresses the following questions what was Japan's response to the challenges to its objectives and interests in Southeast Asia and to the Fukuda Doctrine What role did Japan play for the settlement of the conflict in Cambodia How did Japan's diplomacy on the Cambodian problem affect the Japanese role in the region It argues that Japan's contribution was more active than has widely been recognized The 2nd ASEAN Reader Sharon Siddique, Sree Kumar, 2003-10-17 A sequel to the first ASEAN Reader Some of the classic readings from the original ASEAN reader have been incorporated into this new compilation but the majority of the readings cover events of the past decade 1993-2003 During this decade ASEAN as an organization was revamped and its membership increased from six to ten
