The Chelsea Green Reader Ben Watson, 2014-12-02 Chelsea Green the Vermont based independent publisher has always had a nose for authors and subjects that are way ahead of the cultural curve as is evident in this new anthology celebrating the company's first thirty years in publishing. The more than one hundred books represented in this collection reflect the many distinct areas in which we have published from literature and memoirs to progressive politics to highly practical books on green building organic gardening and farming food and health and related subjects all of which reflect our underlying philosophy. The politics and practice of sustainable living. The Chelsea Green Reader offers a glimpse into our wide ranging list of books and authors and to the important ideas that they express. Interesting and worth reading in their own right the individual passages when taken as a whole trace the evolution of a highly successful small publisher something that is almost an oxymoron in these days of corporate buyouts and multinational book groups. From the beginning Chelsea Green's books were nationally recognized garnering positive reviews accolades and awards. We've published four New York Times bestsellers and our books have set the standard for in depth how to books that remain relevant years often decades beyond their original publication date. Chelsea Green was born from a single seed the beauty of craft. Craft in writing and editing in a story well told or a thesis superbly expressed writes cofounder and publisher emeritus Ian Baldwin in the book's foreword. Today craft continues to inform all aspects of our work design illustration production sales promotion and beyond. It has even informed our business model. In 2012 Chelsea Green became an employee owned company. With the rise of the Internet new media platforms and a constantly shifting bookselling landscape the future of publishing is anything but predictable. But if Chelsea Green's books prove anything it is that despite these challenges there remains a hunger for new and important ideas and authors and for the permanence and craftsmanship of the printed word. Today our ongoing mission is stronger than ever as we launch into our next thirty years of publishing excellence. Yankee, 1991 *Lifestyle Lost* David A.

Umling, 2012-06-30 Drawing upon his diverse life experiences David Umling carries you on an engaging odyssey as he describes the two lifestyles he has lived his childhood experiences growing up on a small family homestead farm in the Appalachian Mountains and his adult professional life as a City Planner. He recounts in loving detail the influential experiences and traditional folkways from his upbringing a way of life that is rapidly disappearing and how they shaped his understanding of the life he lived and the outside world into which he transitioned. David's childhood stories teach us of the virtues and practical benefits of the self-reliant homespun Appalachian culture and lifestyle that nurtured him but that he never fully realized and appreciated until later in life. The story follows his journey into adulthood and the struggles he faced adapting to life in modern society and reconciling it with the core values he internalized as a child. Through his achievements disappointments and personal reflections David compares and contrasts the two distinct lifestyles he has lived. His insights

reveal how the lessons he learned persuaded him to pursue a simpler and more traditional lifestyle in the mountains of Pendleton County West Virginia In the process he gives us an enlightening perspective on our society how we live within it and how it ultimately defines us **The Last Yankees** Scott E.
