Oceanworlds J.P. Landau, 2019-04-10 If you were in awe of books like *The Martian* and 2001 *A Space Odyssey* or movies like *Interstellar* and *Apollo 13* get ready for a story with the potential to leap from fiction into reality and become the greatest adventure on which humankind has ever embarked September 7 2030 Mission Day 1179 Late at night inside the two person Dragon spacecraft resting on the frozen surface of Saturn's moon Enceladus Derya Terzi put on headphones and became the first Earthling to hear the sloshing of the enormous subsurface ocean beneath his feet Intoxicated with the promise of discovery he could have sworn it was whispers between inscrutable creatures of the deep He was convinced they were days away from settling the most profound and existential mystery known to humanity are we alone in the universe But that was 10 days ago before disaster struck Now marooned a billion miles from home what the surviving crew is about to go through will shatter the limits of friendship courage and the human spirit In addition to telling a truly immersive story and one so realistic that the stakes always feel sky high J P Landau continues the tradition of Sci Fi meant to spur not just the imagination but action toward a better future as well He asks readers not simply to seriously consider the utility of space exploration but to also remember how dangerous the journey will be and how essential it is to the human condition Kirkus Reviews

Incompleteness Danilo Frana, 2022-03-09 In this book there are 28 stories that seek to understand the human condition in most sensitive and sincere form mixing reality and fiction Excerpt from the book My fullness refers to the least of things It is a continuous not to understand This is what for now I can define what it would be like to feel fulfilled complete full in all possible ways I think I can do even more maybe reaching this point is not possible and we poor mortals delude ourselves into everyday epiphanies searching for the impossible No not so impossible I can say that today yes this afternoon I reached a fullness a mental rest that made me feel nothing not thinking about anything deserving my own silence Feeling of accomplishment at the same time knowing that everything around me may not be as I always wanted but for this moment everything was ready That's right I felt ready this afternoon Excerpt from the preface to the book As in the texts of other authors of this early century one of the marks of these reports is the refusal to fit into crystallized genres As an attentive reader of the writer Clarice Lispector who in several texts seems to be present as inspiration as a resonance or as an inheritance the author knows that gender cannot take these writing exercises texts that are intended to be in motion Another point that we must realize when entering this field of fiction by Danilo Frana is the very delicate way in which the writer manages the words The descriptions are meticulous but the most important thing is to understand how the author manages in short narrative spaces to shift our gaze to smaller elements Luiz Lopes Ph D in Literary Studies About the author Danilo Frana is a teacher researcher and artist Graduated in Performing Arts and Master in Language Studies Incompleteness is his debut book Currently lives in Belo Horizonte

Mixed/Other Natalie Morris, 2021-04-15 How does it feel when your heritage isn't listed as an option on an identification form What is it like to grow up as the only person in your family who looks like you Where do you belong if you are simultaneously seen as being too much of one race and not enough of another to fit neatly into society's expectations The mixed population is the fastest growing group in the U K today but the mainstream conversation around mixedness is stilted repetitive and often problematic At a time when ethnically ambiguous models fill our Instagram feeds and our high street shop windows and when children of interracial relationships are lauded as heralding in the dawn of a post racial utopia journalist Natalie Morris takes a deep dive into what it really means to be mixed in Britain today From blackfishing to the fetishisation of mixed babies from the complexities of passing and code switching to navigating the world of work and dating Natalie explores the ways in which all of these issues uniquely impact those of mixed heritage Drawing from a wealth of research interviews and her own personal experiences in *Mixed Other* Natalie's aims to dismantle the stereotypes that have plagued mixed people for generations and to amplify the voices of mixed Britons today shining a light on the struggles and the joys that come with being mixed

You're Only Young Twice Timothy Morris, 2000 Original and thought provoking *You're Only Young Twice* reveals the complexities that underlie even the sparest picture book text and the lessons that reside in even the most familiar family movie plots Moving from classic texts *The Secret Garden* *Goodnight Moon* to ephemera the *Hardy Boys* *Goosebumps* and *Harry Potter* series from the printed page to the silver screen *Willie Wonka* *Jumanji* *101 Dalmatians* *Beethoven* Tim Morris employs his experience as a parent and teacher to interrogate children's culture and reveal its conflicting messages Books and films for children favorites accepted as wholesome fare for impressionable young minds do not always teach straightforward lessons Instead they reflect the anxieties of the times and the desires of adults At the heart of many a children's classic lies power often expressed through racism sexism or violence Under Morris's gaze revered animal stories like *Black Beauty* turn into litanies of abuse fantasies of childhood like *Big* are revealed as patriarchal struggles *You're Only Young Twice* redirects the focus on children's literature asking not What messages should children receive but What messages do adults actually send For example Morris recounts his own childhood confusion upon viewing *Peter Pan* with its queenish inept pirate and a grown woman Mary Martin in tights who pretends to be a cowering boy Morris shatters our long held assumptions and challenges our best intentions demonstrating how children's literature and films lay bare a troubled and troubling worldview
