Zoro's Field My Life in the Appalachian Woods Vivid Ms Ruckdeschel's biography and the way this wandering soul came to settle for so many decades on Cumberland Island is big enough on its own but Mr Harlan hints at bigger questions The Wall Street Journal Wild country produces wild people who sometimes are just what's needed to keep that wild cycle going This is a memorable portrait Bill McKibben author of The End of Nature Deliciously engrossing Readers are in for a wild ride The Citizen Times

The Tantric Path of Indestructible Wakefulness Chögyam Trungpa, 2013-04-08 Ch gyam Trungpa explores the the vajrayana teachings of the tantric path in this final volume of his masterpiece on Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Ch gyam Trungpa's magnum opus The Profound Treasury of the Ocean of Dharma will resonate with new and senior students of Buddhism In this third and final volume Ch gyam Trungpa's examines the vajrayana teachings of the tantric path The vajrayana or diamond vehicle also referred to as tantra draws upon and extends the teachings of the hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ng ndro to prepare themselves for initiation into the vajrayana path before going further Having done so they then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more
