*Goshawk, Antelope* Dave Smith, 1981 *Klamath National Forest (N.F.), Land and Resource(s) Management Plan (LRMP) (CA,OR)*, 1982 Draft Environmental Impact Statement, 1982 *Beaverhead National Forest (N.F.), Upper Ruby Cattle & Horse Allotment Management Plan*, 1992 **Goshawk, Antelope** Dave Smith, 1979 The themes of love and death are the focus of a collection of poems set in the mountain and desert regions of the West and portraying the worlds of the goshawk and antelope Floating on Solitude Dave Smith, 1996 Forging through this voluminous collection is akin to visiting at length with a charismatic if highly disturbed relative Generally the poems start out presenting facades of well mannered normalcy e g brief narratives or odes to nature and the sea but then something shifts and goes terribly right A sentence turns odd and powerful a quiet streak of insanity emerges a young girl leaves her scent upon a young boy's body Sometimes a poem pops up that is dangerous from start to finish such as *The Suicide Eaters* or *Drunks* about a reading at a V A hospital for recovering addicts and alcoholics Smith is highly conscious of word choice He tinkers with grammar and rhythm just enough to be utterly engaging leaving the reader exhausted after the visit but wiser for the effort Publishers weekly **Sufficiency of the Actual** Kevin Stein, 2009 Poems reflecting the rich panoply of personal and public life in modern America from the Poet Laureate of Illinois **Turn Thanks** Lorna Goodison, 1999 The Jamaican poet presents a collection of verse acknowledging her own ancestors and that of her craft *In the Black Window* Michael Van Wallegghen, 2010-10-01 The title of Michael Van Wallegghen's new collection evokes thematic preoccupations that have shadowed him throughout his long career Appearing as a phrase in the poems themselves *In the Black Window* more generally points to Van Wallegghen's enduring interest in the intersection between inner and outer worlds of experience those liminal moments in other worlds where we become aware of ourselves We live at once in a strictly personal material dimension but also in a distinctly spiritual one Yet when looking from a lighted kitchen into a night black window on a winter evening we might perhaps become suddenly aware not only of our own reflection but also of our complicity in some deeper mystery altogether Some Jazz a While Miller Williams, 1998 Here one of our best loved poets gathers his most representative work from twelve collections and adds some new pieces as well An American original Miller Williams involves the readers emotions and imagination with an effective illusion of plain talk continually rediscovering what is vital and musical in the language we speak and imagine by **The Dig ; And, Hotel Fiesta** Lynn Emanuel, 1994 This volume combines two previously published books *The Dig* 1992 University of Illinois Press and *Hotel Fiesta* 1984 University of Georgia Press A prose poem has been added as a prologue *Paris* Jim Barnes, 1997 **Arts of a Cold Sun** G. E. Murray, 2010-10-01 In these poems G E Murray blends the colors of the soul with those of the world it brushes up against exploring the ways in which art both as possession and possessor informs perception Viewing his subjects sometimes from airplane altitude sometimes from the intimacy of a shared restaurant table Murray crafts true stories about color narratives

of dislocation and belonging that invite readers to question their own relationship to art Included in this volume is a long sequential poem titled *The Seconds* which Murray composed across the second days of thirteen months The rhythms of this diary as poem seize the tensions of shifting times and locales capturing the essences of moments that are at once chosen and arbitrary Codes toward an Incidental City the sequence that closes the book is a confederacy of forty poems that delve into the concrete familiarities and mythologies of urban landscapes illuminating the ecstasies of city life Palladium Alice Fulton,1986 Alice Fulton's writing has been characterized by *The New Yorker* as electrifying and the poet herself according to *Publishers Weekly* may be Dickinson's postmodern heir **Nine Skies** Ann V. Christie,1997 Selected by Sandra McPherson for the 1996 National Poetry Series The late poet James V Dickey was judge of the Yale Prize poetry competition when he wrote to A V Christie one of the finalists I have become very fond of your poems especially the elegiac ones Your work is heartfe believes every word of it You have given me much in depth pleasure have moved me strongly The work in *Nine Skies* is as Dickey described it heartfelt moving Here is what others say about it Beautifully crafted and sustained with six or seven poems as fine as anything being written today This remarkable book is a rite of passage for the poet and speaks of even better things to come Elizabeth Spires Only the best poetry is written this well with this much craft and conviction Of course the poems are meditative and elegiac brilliant and finely detailed but they are also thought through and wholly felt so that even in their small moments they celebrate Stanley Plumly A V Christie writes with a Romantic's eye and a Realist's heart so there is no sentimentality that sickness afflicting our age The voice on these pages is hard bitten luxuriant and true Henri Cole *Nine Skies* is a graceful realization in each detail of elegy or celebration Sandra McPherson **Theory of Devolution** David Groff,2002 With blazing wit and a searing language David Groff writes fiercely of erosion and endurance in this stunning debut collection At turns fervent and elegiac dishy and sly these poems confront the effect of AIDS and HIV on a brotherhood that dealt firsthand with grief and loss and later the tenuous prospect of survival Peopled with the spirits of dead gay men uncertain lovers mortal parents and spectral friends and brothers Groff's poems are unified by their preoccupation with what erodes us and what we can hold onto when life and love devolve *Theory of Devolution* is a book of balances alternately passionate and restrained headlong and meditative engaged and knowingly detached David Groff's territory is Chelsea and Fire Island at the end of a nightmare crisis but nowhere near the end of an epidemic How in such times to speak These pages give voice to an always dying particular man examining the evidence of loss and pleasure and the deep bonds of affection in poems alive with an odd crabbed pulse of beauty they refine to true detail Mark Doty David Groff's poems open our attention by a subtle unflinching love of human being The live known past spins sharp and fine in and out of the now of his vision His language exhilarates Marie Ponsot *American Ghost Roses* Kevin Stein,2010-10-01 In his first book as the poet laureate of Illinois Kevin Stein shoulders an array of poetic forms blending pathos humor and social commentary These poems ranging from meditative narratives to improvisational lyrics explore art's capacity to embody as

well as express contemporary culture Stein embraces subjects as various as his father's death magazine sex surveys Kandinsky's theory of art the dangling modifier Jimi Hendrix's flaming guitar racial bigotry and a teacher's comments on a botched poem Presiding over this miscellany are ghosts of a peculiarly American garden of dreamers and beloved misfits those redeemed and those left fingering the locked gate *The Disappearing Trick* Len Roberts, 2007-07-27 In *The Disappearing Trick* Len Roberts wrestles with the loss of loved ones whether that loss be through death a son moving away to college or simply how people fade from our lives and memories Hybrids of the narrative and lyric form these poems are models of indirect statement that have as Sharon Olds has said emotional courage powerful music and a deep balance Like the light shining on a face or a girl's thigh back in a sixth grade class the poems often come as Proustian flashes lasting just a second but seeming eternal amid an increasing darkness **Spring** Oni Buchanan, 2010-10-01 2009 Massachusetts Book Awards Winner Representing nothing less than a tour de force of formal invention and emotional intensity Oni Buchanan's *Spring* encompasses radically contrasting work Ecstatic visually intricate rhapsodies are juxtaposed with tight sonnet like poems and wispy columns of verse brush up against large scale epics and kinetic text This collection's point of departure is the paradox of existence as an individual in a political and violent world All of the formal innovations in this book have in common an urgent need for texture and polyphony and the poems attempt to discover how to fulfill the individual human responsibility of surviving as a resiliently loving and hopeful living creature An accompanying multimedia compact disc offers a full Flash animated version of the printed kinetic work *The Mandrake Vehicles* *Poems* William Carlos Williams, 2002 Before William Carlos Williams was recognized as one of the most important innovators in American poetry he commissioned a printer to publish 100 copies of *Poems* 1909 a small collection largely imitating the styles of the Romantics and the Victorians This volume collects the self published edition of *Poems* Williams's foray into the world of letters with previously unpublished notes he made after spending nearly a year in Europe rethinking poetry and how to write it As *Poems* shows his first tentative steps into poetry the notes show him as he prepares to make a giant transformation in his art Shortly after *Poems* appeared Williams went through a series of experiences that changed his life a trip to Europe a marriage to the sister of the woman he genuinely loved and the establishment of his medical practice In Europe he was introduced to a consideration of an unlikely trio Heinrich Heine Martin Luther and Richard Wagner resulting in an exposure that subsequently influenced his developing style Williams looked back on *Poems* as apprentice work calling them bad Keats nothing else oh well bad Whitman too But I sure loved them There is not one thing of the slightest value in the whole thin booklet except the intent and never republished the collection Now that Williams's work is widely read and appreciated his reputation secure his development as a poet is a matter worth serious study *Poems* can be seen as a point of departure a clear record of where Williams began before his life and ideas about poetry made seismic shifts Virginia M Wright Peterson's succinct introduction puts *Poems* in the context of his life and times discusses the reception of the volume his reconsideration

of the poems and what they reveal about his poetic ambitions
