Gospel Against Parable Marks Language Of Mystery:

Parables for Preachers: Year B. The Gospel of Mark Barbara E. Reid, 1999 The parables of Jesus are puzzling sayings and stories with world transforming potential Parables for Preachers offers an understanding of how parables work and a fresh variety of possible meanings not only for Jesus s original audience and for the early Christians for whom Matthew Mark and Luke wrote but also for contemporary Christians as well The Gospel parables are analyzed in the order in which they appear in the Lectionary making this book an indispensable resource for preachers teachers catechists liturgy planners and Bible study groups Barbara Reid is Professor of New Testament at Catholic Theological Union Chicago She is the author of Matthew in the New Collegeville Bible Commentary series as well as Choosing the Better Part Women in the Gospel of Luke both published by Liturgical Press

A Theology of Mark's Gospel David E. Garland, 2015-10-06 A Theology of Mark s Gospel is the fourth volume in the BTNT series This landmark textbook written by leading New Testament scholar David E Garland thoroughly explores the theology of Mark s Gospel It both covers major Markan themes and also sets forth the distinctive contribution of Mark to the New Testament and the canon of Scripture providing readers with an in depth and holistic grasp of Markan theology in the larger context of the Bible This substantive evangelical treatment of Markan theology makes an ideal college or seminary level text

The Theological Intentions of Mark's Literary Devices Dean B. Deppe, 2015-10-22 What sets The Theological Intentions of Mark s Literary Devices apart from other books What niche does it fill that makes its publication important This volume will interest all those who value a literary approach to the Gospel of Mark Dean Deppe introduces some new literary devices in the research of the Gospel of Mark as well as demonstrates the theological intentions of Mark when he employs these literary devices Deppe argues that Mark employs the literary devices of intercalation framework allusionary repetitions narrative surprises and three types of mirroring to indicate where he speaks symbolically and metaphorically at two levels Mark employs these literary devices not just for dramatic tension and irony but also for theological reasons to apply the Jesus tradition to specific problems in his own day

Healing in the History of Christianity Amanda Porterfield, 2005-08-25 Healing is one of the most constant themes in the long and sprawling history of Christianity Jesus himself performed many miracles of healing In the second century St Ignatius was the first to describe the eucharist as the medicine of immortality Prudentius a 4th century poet and Christian apologist celebrated the healing power of St Cyprian s tongue Bokenham in his 15th century Legendary reported the healing power of milk from St Agatha s breasts Zulu prophets in 19th century Natal petitioned Jesus to cure diseases caused by restless spirits And Mary Baker Eddy invoked the Science of Divine Mind as a weapon against malicious animal magnetism In this book Amanda Porterfield demonstrates that healing has played a major role in the historical development of Christianity as a world religion Porterfield traces the origin of Christian healing and maps its transformations in the ancient medieval and modern worlds She shows that Christian healing had its genesis in Judean beliefs that sickness and suffering were linked to sin and evil and

that health and healing stemmed from repentance and divine forgiveness Examining Jesus activities as a healer and exorcist she shows how his followers carried his combat against sin and evil and his compassion for suffering into new and very different cultural environments from the ancient Mediterranean to modern America and beyond She explores the interplay between Christian healing and medical practice from ancient times up to the present looks at recent discoveries about religion s biological effects and considers what these findings mean in light of ages old traditions about belief and healing Changing Christian ideas of healing Porterfield shows are a window into broader changes in religious authority church structure and ideas about sanctity history resurrection and the kingdom of God Her study allows us to see more clearly than ever before that healing has always been and remains central to the Christian vision of sin and redemption suffering and bodily resurrection

The Quest of the Historical Gospel Lawrence M. Wills,2002-11 This erudite and critically up to date book will be of interest to those concerned with the early traditions of Jesus and the origins of the narratives about his life

The Gospel in Parable John R. Donahue,1988-01-01 Professor Donahue here argues that the parables of Jesus offer a Gospel in miniature while at the same time giving shape direction and meaning to the Gospels in which they appear To study the parables of the Gospels is to study the gospel in parable After surveying recent discussions of parable metaphor and narrative Donahue examines and interprets the parables of Mark Matthew and Luke as texts in the context of the theology of each of these Gospels Finally he outlines what The Gospel in Parable looks like and offers suggestions for the proclamation of parables today

The Matthean Parables Ivor H. Jones,2014-04-09 The Matthean Parables offers a fresh approach to the origin of Matthew s Gospel It builds on current historical literary rhetorical and sociological studies of Matthew s Gospel to show how the Matthean parables illuminate the structure purpose and theology of that gospel The first part of the book establishes the need for a new attempt to define the genre of Matthew s Gospel examines what is meant by a parable and summarises the contribution made by the parables to that new attempt The second part is a thorough exegetical historical critical and literary study of all the Matthean parables in the context of the whole gospel and in the light of all the Matthean figurative material An appendix illustrates the use of syntactical material in defining the character and style of a biblical text

Mark and Luke in Poststructuralist Perspectives Stephen D. Moore,1992-01-01 Moore offers a reading of the Gospels of Mark and Luke applying the poststructuralist techniques of Derrida Lacan and Foucault He argues that whereas the language of the Gospels is concrete pictorial and often startling the language of modern scholarship tends to be propositional and abstract

Hermeneutics and Early Christian Gospels Todd Brewer ,2025-03-17

Conflict in Mark Jack Dean Kingsbury,1989 Intertwined with Mark s story of Jesus are two other story lines those of the religious authorities without real authority and those of the disciples loyal and uncomprehending In this signal effort Kingsbury traces and interprets all three story lines as found in Mark chapters 2 4

Reopening the Word Marie Noonan Sabin,2002-02-28 This book asks How might the earliest gospel have been heard by those first followers of Jesus who were religious Jews Assuming

that the earliest Jesus traditions took their shape from forms familiar to Judaism Sabin sets the composition of Mark in the context of the theological discourse of first century Judaism In that context she notes all theology was biblical It took the form of an exchange between current events and Scripture contemporary persons and happenings were understood through the lens of the Hebrew Bible while at the same time the biblical word was reopened that is reinterpreted so as to reveal its relevance to the present faith community Applying this kind of compositional process to the Gospel of Mark Sabin uncovers a fresh reading of the seed fig tree and vineyard parables of the various Temple scenes of the foolish disciples and the wise women and of the controversial ending She highlights the results of her findings by juxtaposing them with interpretations of the same passages given by various church fathers such as Origen Irenaeus and Bede as well as by readings from the twentieth century The results are provocative Sabin sees Mark as an original theologian shaping his material out of two primary Jewish traditions the Wisdom traditions with their emphasis on God s presence in daily life and Creation theology which imagined the End Time not as a catastrophe but as a return to the Garden She thus offers a new way of understanding Mark s use of Scripture his eschatology and his presentation of Jesus In conclusion she argues that retrieving Mark s voice in the context of Early Judaism brings with it insights much needed in our day of God s presence in the ordinary of God s image reflected in female as well as male of watchfulness as the way of wisdom of God s revelation as ongoing

A History of the Interpretation of the Gospel of Mark Sean P. Kealy, 2007 *Oral Tradition and the Gospels* Barry Henaut, 1993-03-05

The problem of oral tradition is well known for without some theory of this medium no history of Jesus would be possible This study examines Mark 4 1 34 in the light of three distinctive models of orality Rudolf Bultmann s form critical method B Gerhardsson s Memory and Manuscript theory and the recent contribution of W Kelber The form critically separate units in the text allegory parables and aphorisms are examined on the basis of their attestation in various documents Mark Q Thomas to determine whether independent versions of these sayings can be identified and what they tell us about the oral phase and Jesus This analysis suggests that the criteria for authenticity of distinctiveness and multiple attestation need to be re examined in light of the folkloric understanding of orality Mark's Other Gospel Scott G. Brown, 2006-01-01 Did the evangelist Mark write two versions of his gospel According to a letter ascribed to Clement of Alexandria Mark created a second more spiritual edition of his gospel for theologically advanced Christians in Alexandria Clement s letter contains two excerpts from this lost gospel including a remarkably different account of the raising of Lazarus Forty five years of cursory investigation have yielded five mutually exclusive paradigms abundant confusion and rumours of forgery Strangely one of the few things upon which most investigators agree is that the letter s own explanation of the origin and purpose of this longer gospel need not be taken seriously Mark s Other Gospel Rethinking Morton Smith s Controversial Discovery calls this pervasive bias into question After thoroughly critiquing the five main paradigms Scott G Brown demonstrates that the gospel excerpts not only sound like Mark but also employ Mark s distinctive literary techniques deepening this gospel s theology and

elucidating puzzling aspects of its narrative This mystic gospel represents Mark's own response to the Alexandrian predilection to discover the essential truths of a philosophy beneath the literal level of revered texts **Socratic Torah**

Jenny R. Labendz, 2013-05-23 Jenny R Labendz shows that despite the highly internal and self-referential nature of rabbinic Torah study some ancient rabbis believed that the involvement of non-Jews in rabbinic intellectual culture was an enriching aspect of rabbinic learning and teaching **Mark** David E. Garland, 2011-03-01 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context To bring the ancient messages of the Bible into today's world each passage is treated in three sections Original Meaning Concise exegesis to help readers understand the original meaning of the biblical text in its historical literary and cultural context Bridging Contexts A bridge between the world of the Bible and the world of today built by discerning what is timeless in the timely pages of the Bible Contemporary Significance This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved This unique award-winning commentary is the ideal resource for today's preachers teachers and serious students of the Bible giving them the tools ideas and insights they need to communicate God's Word with the same powerful impact it had when it was first written **Sowing the Gospel** Mary Ann Tolbert, 1996-01-01 Mary Ann Tolbert George H Atkinson Professor of Biblical Studies at Pacific School of Religion in Berkeley California offers one of the freshest interpretations of Mark's Gospel I have ever had the privilege to read It marks a milestone in the recent history of Markan research Jack Dean Kingsbury **The Moral Life According to Mark** M. John-Patrick O'Connor, 2022-04-21 M John Patrick O'Connor proposes that in contrast to recent contemporary scholarship that rarely focuses on the ethical implications of discipleship and Christology Mark's Gospel as our earliest life of Jesus presents a theological description of the moral life Arguing for Mark's ethical validity in comparison to Matthew and Luke O'Connor begins with an analysis of the moral environment of ancient biographies exploring what types of Jewish and Greco-Romanic conceptions of morality found their way into Hellenistic biographies Turning to the Gospel's own examples of morality O'Connor examines moral accountability according to Mark including moral reasoning the nature of a world in conflict and accountability in both God's family and to God's authority He then turns to images of the accountable self including an analysis of virtues and virtuous practices within the Gospel O'Connor concludes with the personification of evil human responsibility punitive consequences and evil's role in Mark's moral landscape *Hearing Mark's Endings* Bridget Gilfillan Upton, 2006-01-01 Hearing Mark's Endings has two foci it represents an attempt to show that ancient popular texts are written to be read aloud and further develops an aurally attuned hermeneutic to interpret them by The contents of the book include rhetorical readings of the ancient popular texts by Xenophon of Ephesus An Ephesian Tale and the ending of Mark's Gospel These readings which highlight the aural nature of the texts are followed by a methodological justification for using Speech Act Theory as a

hermeneutical tool and further readings of Xenophon's romance and three endings of the Gospel of Mark. The book concludes that Speech Act Theory has indeed much to offer to the interpretation of these texts. The particular usefulness of this work lies in the contribution it makes to New Testament hermeneutics in the testing of a particular underused methodology to illuminate ancient popular literature. It will prove to be useful to all those interested in interdisciplinary methodological studies of biblical and other ancient popular literature.

Peter – Apocalyptic Seer John R. Markley, 2013. In this study John R. Markley argues that the generic portrayal of apocalyptic seers which he reconstructs through an analysis of fourteen Jewish and Christian apocalypses shaped Matthew's portrayal of Peter. This influence of the apocalypse genre has come to bear on the Matthean Peter indirectly through Matthew's appropriation of Markan and Q source material and directly through Matthew's redaction and special material. This suggests that Matthew has portrayed Peter in part as an apocalyptic seer who was an exclusive recipient of mysteries about Jesus and mysteries mediated by Jesus. In other words Matthew primarily conceived of Peter as a recipient of revelation analogously to the venerated seers portrayed in the apocalypses of the Second Temple period. Markley states that these conclusions require substantial revision to the predominant scholarly estimations of the Matthean Peter which mainly hold him to be a typical or exemplary disciple.
