The  
American Dream  
in the Age of Entitlement

ROBERT J. SAMUELSON

WITH A NEW AFTERWORD

# Good Life And Its Discontents

**Robert J. Samuelson**

## **Good Life And Its Discontents:**

*The Good Life and Its Discontents* Robert J. Samuelson, 1995 One of the country's most influential commentators attempts to explain why the richest most powerful and most democratic nation in the world is overcome by self doubt and confusion Samuelson takes a penetrating look at why Americans feel so bad when they are really doing so well and poses the crucial question Can America's leaders restore confidence by curbing government that has promised more than it can deliver

**The Good Life and Its Discontents** Robert J. Samuelson, 1997-09-30 A New York Times Business Book Bestseller Shrewd and optimistic *The Good Life and Its Discontents* combines first rate analysis with persuasive historical political and sociological insights *The New Republic* Today Americans are wealthier healthier and live longer than at any previous time in our history As a society we have never had it so good Yet paradoxically many of us have never felt so bad For as Robert J Samuelson observes in this visionary book our country suffers from a national sense of entitlement a feeling that someone whether Big Business or Big Government should guarantee us secure jobs rising living standards social harmony and personal fulfillment In *The Good Life and Its Discontents* Samuelson a national columnist for *Newsweek* and the *Washington Post* links our rising expectations with our belief in a post Cold War vision of an American utopia Using history economics and psychology he exposes the hubris of economists and corporate managers and indicts a government that promises too much to too many constituencies Like David Reisman's *The Lonely Crowd* and John Kenneth Galbraith's *The Affluent Society* the result is a book that defines its time and that is sure to shape the national debate for years to come A smart balanced epitaph for an era with a few clues for what's ahead *Business Week* Lucid and nonsectarian Samuelson traces how the reasonable demand for progress has given way to the excessive demand for perfection *The New York Times* **Bad Old**

**Days** Alan J. Levine, 2017-07-28 For many especially those on the political left the 1950s are the bad old days The widely accepted list of what was allegedly wrong with that decade includes the Cold War McCarthyism racial segregation self satisfied prosperity and empty materialism The failings are coupled with ignoring poverty and other social problems complacency conformity the suppression of women and puritanical attitudes toward sex In all the conventional wisdom sees the decade as bland and boring with commonly accepted people paralyzed with fear of war Communism or McCarthyism or all three Alan J Levine shows that the commonly accepted picture of the 1950s is flawed It distorts a critical period of American history That distortion seems to be dictated by an ideological agenda including an emotional obsession with a sentimentalized version of the 1960s that in turn requires maintaining a particular misleading view of the post World War II era that preceded it Levine argues that a critical view of the 1950s is embedded in an unwillingness to realistically evaluate the evolution of American society since the 1960s Many and not only liberals and those further to the left desperately desire to avoid seeing or admitting just how badly many things have gone in the United States since the 1960s *Bad Old Days* shows that the conventional view of the 1950s stands in opposition to the reality of the decade Far from being the dismal prelude to

a glorious period of progress the postwar period of the late 1940s and 1950s was an era of unprecedented progress and prosperity This era was then derailed by catastrophic political and economic misjudgments and a drastic shift in the national ethos that contributed nothing or less than nothing to a better world      *Liberalism and Its Discontents* Francis Fukuyama,2022-05-10 A short book about the challenges to liberalism from the right and the left by the bestselling author of *The Origins of Political Order* Classical liberalism is in a state of crisis Developed in the wake of Europe s wars over religion and nationalism liberalism is a system for governing diverse societies which is grounded in fundamental principles of equality and the rule of law It emphasizes the rights of individuals to pursue their own forms of happiness free from encroachment by government It s no secret that liberalism didn t always live up to its own ideals In America many people were denied equality before the law Who counted as full human beings worthy of universal rights was contested for centuries and only recently has this circle expanded to include women African Americans LGBTQ people and others Conservatives complain that liberalism empties the common life of meaning As the renowned political philosopher Francis Fukuyama shows in *Liberalism and Its Discontents* the principles of liberalism have also in recent decades been pushed to new extremes by both the right and the left neoliberals made a cult of economic freedom and progressives focused on identity over human universality as central to their political vision The result Fukuyama argues has been a fracturing of our civil society and an increasing peril to our democracy In this short clear account of our current political discontents Fukuyama offers an essential defense of a revitalized liberalism for the twenty first century      **Civilization and Its Discontents** Sigmund Freud,2005 What influences led to the creation of civilization How did it come to be What determines its course In this seminal volume of 20th century thought Freud elucidates the contest between aggression the death drive and its adversary eros      **Civility and Its Discontents** Christine T. Sistare,2004 Contributors from philosophy and political science discuss the observation that civility civic virtue tolerance and socio cultural unity have declined while exploring the nature of civil society the conflict between individual liberty and the common good and the role of law and government policy in weaving the threads of the social fabric From publisher description      **The American Dream** Jim Cullen,2004 Cullen particularly focuses on the founding fathers and the Declaration of Independence the charter of the American Dream Abraham Lincoln with his rise from log cabin to White House and his dream for a unified nation and Martin Luther King Jr s dream of racial equality Our contemporary version of the American Dream seems rather debased in Cullen s eyes built on the cult of Hollywood and its outlandish dreams of overnight fame and fortune      *Broke* Glenn Beck,Kevin Balfe,2010-10-26 Glenn Beck the New York Times bestselling author of *The Great Reset* showcases his distinctive humor in taking on the political landscape in his fight to fix America before it s too late As the most important presidential election in our history looms ask yourself Are America s finances in better shape than they were four years ago Or are we still BROKE THE FACTS THE FUTURE THE FIGHT TO FIX AMERICA BEFORE IT S TOO LATE Our nation is financially broke but that s just a side effect of our broken spirit our broken

faith in government the broken promises by our leaders and a broken political system that has centralized power at the expense of individual rights How did we get into this mess Glenn Beck thinks the answer is pretty simple Because we ve turned our backs on the Constitution Few of us have ever seen the whole picture and politicians have done everything in their power to hide the truth Broke exposes what we re really facing and how to fix it Packed with great stories from history invaluable teachable moments and Glenn Beck s trademark combination of entertainment and enlightenment Broke makes the case that when you re traveling in the wrong direction slight course corrections won t cut it you need to take drastic action Through a return to individual rights an uncompromising adherence to the Constitution and a complete rethinking about the role of government in a free society Glenn exposes the idea of transformation for the progressive smokescreen that it is and instead builds a compelling case that restoration is the only way forward With this awareness it s much easier to develop a realistic plan for uniting all Americans around the concept of shared sacrifice After all this generation may not be asked to storm beaches but we are being asked to do something just as critical to preserving freedom

*The American Dream* Lawrence R. Samuel, 2012-08-27 There is no better way to understand America than by understanding the cultural history of the American Dream Rather than just a powerful philosophy or ideology the Dream is thoroughly woven into the fabric of everyday life playing a vital role in who we are what we do and why we do it No other idea or mythology has as much influence on our individual and collective lives Tracing the history of the phrase in popular culture Samuel gives readers a field guide to the evolution of our national identity over the last eighty years Samuel tells the story chronologically revealing that there have been six major eras of the mythology since the phrase was coined in 1931 Relying mainly on period magazines and newspapers as his primary source material the author demonstrates that journalists serving on the front lines of the scene represent our most valuable resource to recover unfiltered stories of the Dream The problem however is that it does not exist the Dream is just that a product of our imagination That it is not real ultimately turns out to be the most significant finding about the American Dream and what makes the story most compelling

*Hired to Fight, Hired to Win* Dennis W. Johnson, 2015-06-26 When it comes to elections campaigns matter And despite the ever increasing role of volunteers and amateurs modern American political campaigns are a professional affair Understanding how they are run and how campaign strategies are set requires an in depth analysis of what political consultants do from opposition research to public opinion polling and from directing media strategies to mobilizing voters with fundraising a priority at all stages At all levels of the electoral arena modern sophisticated campaigns cannot hope to be effective without the guiding disciplines of professional consultants This thoroughly updated edition of Dennis W Johnson s classic text originally titled *No Place for Amateurs* highlights the growing importance of social media targeting and analytics Super PACs and dark money in a post Citizens United world

**Urban Growth Management and Its Discontents** Y. Dierwechter, 2008-06-23 This book introduces synthesizes and evaluates spatial planning for growth management in the contemporary USA It discusses the

neglected relationship between the actual environmental results of various state growth management systems and the geographically diverse politics of discontent with these various systems      **The Poverty of Progressivism** Jeffrey C. Isaac,2003 Linking together political theory American history journalism and contemporary commentary this book defends a democratic politics of civil society without illusions      **The Family Handbook** Herbert Anderson,1998-01-01 This encyclopedic volume brings clarity and focus to a multitude of family issues The expert contributors deal with practical and important questions thereby providing information of significant usefulness to social workers therapists lawyers ministers and health care professionals Those who work with families will learn new techniques and see their efforts in a larger context An extensive directory of family resources provides the reader with helpful and practical information The Family Culture and Religion series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family s revitalization      Mad as Hell Dominic Sandbrook,2011-02-15 I m mad as hell and I m not going to take it anymore The words of Howard Beale the fictional anchorman in the 1970s hit film Network struck a chord with a generation of Americans From the disgrace of Watergate to the humiliation of the Iran hostage crisis the American Dream seemed to be falling apart In this magisterial new history Dominic Sandbrook re creates the schizophrenic atmosphere of the 1970s the world of Henry Kissinger and Edward Kennedy Anita Bryant and Jerry Falwell Bruce Springsteen and Tom Landry He takes us back to an age when feminists were on the march and the Communists seemed to be winning the Cold War but also when a new kind of right wing populism was transforming American politics from the ground up Those years gave us organic food disco music gas lines and gay rights but they also gave us Proposition 13 the neoconservative movement and the rise of Ronald Reagan From the killing fields of Vietnam to the mean streets of Manhattan this is a richly compelling picture of the turbulent age in which our modern day populist politics was born For those who remember the days when you could buy a new Ford Mustang II but had to wait hours to fill the tank this could hardly be a more vivid book And for those born later it is the perfect guide to a tortured landscape that shaped our present from the financial boardroom to the suburban bedroom the extraordinary world of 1970s America      No Place for Amateurs Dennis W. Johnson,2001 Offers an insider s tour through the fast paced often sordid world of the professional political campaign      **Patriots, Settlers, and the Origins of American Social Policy** Laura Jensen,2003-04-21 Patriots Settlers and the Origins of American Social Policy offers a pathbreaking account of the pivotal role played by entitlement policies during the first hundred years of the United States existence Contrary to the story of developmental delay contained in the standard historiography Laura Jensen reveals that national social policies not only existed in early America but also were a major instrument by which the fledgling US government built itself and the new nation From 1776 on Federal pensions and land entitlements figured prominently in the growth and empowerment of a unique American state the consolidation and expansion of the country and the political incorporation of a diverse citizenry The book provides a rich account of how

governing institutions public expectations ideas about law and legality political necessity and public policy gave shape to definitions of need worth and eligibility in late eighteenth and nineteenth century America

**Cultural Melancholia: US Trauma Discourses Before and After 9/11** Christina Cavedon, 2015-09-01 In *Cultural Melancholia US Trauma Discourses Before and After 9/11* Christina Cavedon frames her examination of 9/11 fiction especially Jay McInerney's *The Good Life* and Don DeLillo's *Falling Man* with a thorough discussion of what US reactions to the terrorist attacks of September 11, 2001 disclose about American culture Offering a comparative reading of pre and post 9/11 literary public and academic discourses she deconstructs the still commonly held belief that cultural repercussions of the attacks primarily testify to a cultural trauma in the wake of the collectively witnessed media event She innovatively reinterprets discourses to be symptomatic of a malaise which had afflicted American culture already prior to 9/11 and can best be approached with melancholia as an analytical concept

*Immigrants and Boomers* Dowell Myers, 2007-02-22 This story of hope for both immigrants and native born Americans is a well researched insightful and illuminating study that provides compelling evidence to support a policy of homegrown human investment as a new priority A timely valuable addition to demographic and immigration studies Highly recommended Choice Virtually unnoticed in the contentious national debate over immigration is the significant demographic change about to occur as the first wave of the Baby Boom generation retires slowly draining the workforce and straining the federal budget to the breaking point In this forward looking new book noted demographer Dowell Myers proposes a new way of thinking about the influx of immigrants and the impending retirement of the Baby Boomers Myers argues that each of these two powerful demographic shifts may hold the keys to resolving the problems presented by the other Immigrants and Boomers looks to California as a bellwether state where whites are no longer a majority of the population and represent just a third of residents under age twenty to afford us a glimpse into the future impact of immigration on the rest of the nation Myers opens with an examination of the roots of voter resistance to providing social services for immigrants Drawing on detailed census data Myers demonstrates that long established immigrants have been far more successful than the public believes Among the Latinos who make up the bulk of California's immigrant population those who have lived in California for over a decade show high levels of social mobility and use of English and 50 percent of Latino immigrants become homeowners after twenty years The impressive progress made by immigrant families suggests they have the potential to pick up the slack from aging boomers over the next two decades The mass retirement of the boomers will leave critical shortages in the educated workforce while shrinking ranks of middle class tax payers and driving up entitlement expenditures In addition as retirees sell off their housing assets the prospect of a generational collapse in housing prices looms Myers suggests that it is in the boomers best interest to invest in the education and integration of immigrants and their children today in order to bolster the ranks of workers taxpayers and homeowners America they will depend on ten and twenty years from now In this compelling optimistic book Myers calls for a new social contract between the older and younger generations

based on their mutual interests and the moral responsibility of each generation to provide for children and the elderly Combining a rich scholarly perspective with keen insight into contemporary political dilemmas Immigrants and Boomers creates a new framework for understanding the demographic challenges facing America and forging a national consensus to address them Requiem For Modern Politics William Ophuls,2019-05-20 This long promised sequel to Ophuls s influential and controversial classic Ecology and the Politics of Scarcity is an equally provocative critique of the liberal philosophy of government Ophuls contends that the modern political paradigm that is the body of political concepts and beliefs bequeathed to us by the Enlightenment is no longer intellectually tenable or practically viable Our attempt to live individually hedonistically and rationally has failed utterly causing a comprehensive crisis that is at once political military economic ecological ethical psychological and spiritual Liberal politics has abandoned virtue rejected community and flouted nature thereby becoming the author of its own demise By exposing the intrinsically contradictory and self destructive character of Hobbesian political systems Ophuls subverts our conventional wisdom at every turn Indeed his impassioned text reads more like a Greek tragedy than a conventional political argument He critiques feminism multiculturalism the welfare state and a host of other liberal shibboleths but Ophuls is not yet another neoconservative The aim of his thesis is far more radical and progressive offering a political vision that entirely transcends the categories of liberal thought His is a Thoreauvian vision of a politics of consciousness rooted in ecology as the moral and intellectual basis for governance in the twenty first century Ophuls holds that a polity based on a renewed erotic connection with nature offers a genuine solution to this crisis of contemporary civilization and that only within such a polity will it be possible to fulfill the worthy liberal goal of individual self development Ophuls s work will interest and challenge a wide spectrum of readers though it will not necessarily be well liked or easily accepted No one will put down this book with his or her settled convictions about American culture intact nor will readers ever again take modern civilization and its survival for granted *The Politics of the American Dream* C. Ghosh,2012-12-28 The Politics of the American Dream analyzes the role of the American Dream in contemporary American political culture Utilizing analytic political theory Ghosh creates a unique picture of Dream Politics and shows the effect on the landscape of American politics

Yeah, reviewing a book **Good Life And Its Discontents** could add your near friends listings. This is just one of the solutions for you to be successful. As understood, capability does not recommend that you have astonishing points.

Comprehending as skillfully as harmony even more than extra will pay for each success. next-door to, the publication as capably as sharpness of this Good Life And Its Discontents can be taken as with ease as picked to act.

### **Good Life And Its Discontents Introduction**

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Good Life And Its Discontents PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Good Life And Its Discontents PDF books and manuals is convenient and cost-effective, it is vital to respect

copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Good Life And Its Discontents free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

### FAQs About Good Life And Its Discontents Books

**What is a Good Life And Its Discontents PDF?** A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Good Life And Its Discontents PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Good Life And Its Discontents PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Good Life And Its Discontents PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Good Life And Its Discontents PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size,

making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
