You Deserve the Good Things in Life Joseph Gamboa, Jennifer Gamboa, 2017-09-12 This book is about the spiritual evolution of man and how to establish the conditions necessary for the development of divine powers in the same sense that a seed becomes a plant by the aid of the earth water air and fire and the action of the invisible force Learn and benefit from practical lessons to help develop and elevate conscious awareness through thought by observing and applying the laws of nature in your business and day to day life Knowledge is knowing the facts Wisdom is knowing what to do with the facts Unleash the most powerful weapons in the armory of thought by activating the spirit that is reclining in the depths of your soul A monkey never releases a vine in its left hand until it has a vine in its right hand This book shows five days five ways to becoming human² It has uncommon pocket wisdom

The Best Things in Life Peter Kreeft, 2009-08-20 Peter Kreeft's Socrates probes the contemporary values of success power and pleasure

The Best Things in Life Thomas Hurka, 2010-12-03 For centuries philosophers theologians moralists and ordinary people have asked How should we live What makes for a good life In *The Best Things in Life* distinguished philosopher Thomas Hurka takes a fresh look at these perennial questions as they arise for us now in the 21st century Should we value family over career How do we balance self interest and serving others What activities bring us the most joy While religion literature popular psychology and everyday wisdom all grapple with these questions philosophy more than anything else uses the tools of reason to make important distinctions cut away irrelevancies and distill these issues down to their essentials Hurka argues that if we are to live a good life one thing we need to know is which activities and experiences will most likely lead us to happiness and which will keep us from it while also reminding us that happiness isn't the only thing that makes life good Hurka explores many topics four types of good feeling and the limits of good feeling how we can improve our baseline level of happiness making more money it turns out isn't the answer which kinds of knowledge are most worth having the importance of achieving worthwhile goals the value of love and friendship and much more Unlike many philosophers he stresses that there isn't just one good in life but many pleasure as Epicurus argued is indeed one but knowledge as Socrates contended is another as is achievement And while the great philosophers can help us understand what matters most in life Hurka shows that we must ultimately decide for ourselves This delightfully accessible book offers timely guidance on answering the most important question any of us will ever ask How do we live a good life

Anton,2018-07-27 The Bright and the Good examines the connection between intellectual and moral virtues both through the history of philosophy and as it can be illustrated in comprehensive examinations of specific virtues The first part of the book investigates the original assumptions posited by Ancient Western philosophers concerning the apparent connection between moral and intellectual virtues The second part follows the assumptions through history from the Medieval and Modern periods of philosophy noting how the assumption has been tweaked to accommodate specific ideological and scientific precepts The third part showcases inquiries into specific virtues taking the reader on an investigation unfettered by any specific time period or ideology so as to consider the apparent connection between the moral and the intellectual on a case by case basis These essays relate both historical context and contemporary concerns and examine topics including vice ignorance hope courage patience justice and mercy **Works** John Tillotson,1716
