Goodbye to Ithaca Louis Golding,1989 *Goodbye to Ithaca. A condensation, etc* Louis Golding,1958 **Death** Mario Erasmio,2021-03-25 Personal and yet utterly universal inevitable and yet unknowable death has been a dominant theme in all cultures since earliest times Different societies address death and the act of dying in culturally diverse ways yet remarkably across the span of several millennia we can recognize in the customs of ancient Greece and Rome ceremonies and rituals that have enduring present day resonance For example preparing the corpse of the deceased holding a memorial service the practice of cremation and of burial in resting places are all liminal processes that can trace their origin to ancient practices Such rites described by Cicero and Herodotus among others have defined traditional modern funerals Yet of late there has been a shift away from classical ritual and sombre memorialization as the dead are transformed into spectacles Ad hoc roadside shrines virtual burials online guest books and even jazz memorial processions and firework displays have come to the fore as new modes of marking even celebrating bereavement What is causing this change and how do urbanisation economic factors and the rise of individualism play a part Mario Erasmio creatively explores the nexus between classical and contemporary approaches to dying death and interment From theme funerals in St Louis to Etruscan sarcophagi he offers a rich and insightful discussion of finitude across the ages *Hollywood Death and Scandal Sites* E.J. carried forward by millions of laborers being robbed of their souls Gathered into mammoth factory complexes and terrified into obedience these workers feed the world s addiction to iPhones and other commodities a generation of iSlaves trapped in a global economic system that relies upon and studiously ignores their oppression Focusing on the alliance between Apple and the notorious Taiwanese manufacturer Foxconn Jack Linchuan Qiu examines how corporations and governments everywhere collude to build systems of domination exploitation and alienation His interviews news analysis and first hand observation show the circumstances faced by Foxconn workers circumstances with vivid parallels in the Atlantic slave trade Ironically the fanatic consumption of digital media also creates compulsive free labor that constitutes a form of bondage for the user Arguing as a digital abolitionist Qiu draws inspiration from transborder activist groups and incidents of grassroots resistance to make a passionate plea aimed at uniting and liberating the forgotten workers who make our twenty first century lives possible
